** Property lines adjacent to the Blanstain property will be planted in accordance with an agreement executed between both parties.

All planting will be in accordance with the Baltimore County Landscape Manual. A credit may be sought for retention of existing trees within the net buildable area.

3. Setbacks:

Minimum setbacks in plan meet zoning requirements as follows:

0 Feet Building to Lot Line or Property R/W (Public Road)
30 Feet Building to Tract Boundary
50 Feet Building to Existing Street Centerline
25 Feet Building to Existing Street Right-of-Way (Public Road)
22 Feet Garage or Carport to Street Right-of-Way (Public Road)

Where windows are provided, they will meet the following minimum setbacks:

35 Feet Window to Tract Boundary
15 Feet Window to Lot Line
40 Feet Between Opposing Windows
25 Feet Window to Street Right-of-Way (Public Road)

Building will conform to meet height and length requirements as follows:

0-20 Foot Height = 16 Feet Between Buildings
20-25 Foot Height = 25 Feet Between Buildings
25-30 Foot Height = 30 Feet Between Buildings
30-40 Foot Height = 40 Feet Between Buildings
40-50 Foot Height = 50 Feet Between Buildings
200 Foot Maximum Building Length
50 Foot Maximum Building Height

In Transition/Unlike Use/Facing Residential Setbacks will be as follows:

Front	-	75 Feet
Side	-	75 Feet
Rear	-	150 Feet
Parking	-	75 Feet
Building Height	-	35 Feet Maximum
Building Length	-	130 Feet Maximum
Distance Between Facing Elevation	=	3-1/2 x Height of Highest Building

4. Envelopes shown hereon are for the locations of all principal buildings only.

Accessory structures, fences, and projections into yards may be constructed outside the envelope, but must apply with Sections 400 and 301 of the Baltimore County Zoning Regulations (subject to covenants and applicable building permits).

Accessory structures, fences, and projections into yard cannot be located in flood plain areas or hydric soils.

5. Existing private sewage disposal system shall be pumped and either backfilled or removed prior to record plat. Existing drilled wells shall be backfilled by a licensed well driller prior to record plat and well abandonment reports submitted to the Department of Environmental Protection and Resource Management.

6. Existing vegetation consists primarily of open lawn areas with a few ornamental plantings. Existing trees will be retained wherever possible. Slopes of 25 percent or greater are minimal and are shown.

7. Estimated Average Daily Trips: (Phase 2 only)

154 Condo Units @ 6.1 A.D.T.'s = 939 A.D.T.'s

8. All driveways and parking areas will be paved with a durable and dustless surface of bituminous concrete, portland cement concrete or macadam. A 4-1/2" mountable curb and gutter will be used.

9. Trash and refuse shall be collected privately at curb.

10. This development plan is approved by the Zoning Commissioner based on his interpretation of the Zoning Regulations that it complies with present policy, density, and bulk controls as they are delineated in the regulations. Any part or parcel of this tract that has been utilized for density to support dwelling shown thereon shall not be further divided, subdivided or developed for additional dwellings or any purpose other than that indicated presently on said plan. Utilization will have occurred when a building is constructed and transferred for the purpose of occupancy.

11. Plan of Grey Rock approved by County Review Group on September 7, 1989. An amended CRG was approved February 14, 1991. This development plan complies with the CRG plan and all CRG comments.

12. All dwellings and lots of record less than two acres in size off site that create an RCA on site are shown to the best of our knowledge with their respective 300 and 250-foot area and required buffer areas. There are no proposed buildings, accessory structures, or projections within the RCA.

13. All proposed interior roads excluding Greens Tree Road and Castleton Avenue are private. Unless otherwise indicated, all utilities are private. All 24-foot wide roads shall be posted to prohibit parallel parking.

14. When the right-of-way for Castleton Avenue is acquired by Baltimore County, a franchise agreement will be executed to allow private utilities to remain within the right-of-way.

15. School District: Millbrook
    Capacity: 416
    1990 Enrollment: 417
    1991 Projected: 430
    Estimated Pupil Yield (Phase 1): 12

16. A Final Landscape Plan must be approved by the Office of Planning prior to the issuance of grading permits.

17. A zoning hearing was held to permit a commercial sign in a residential zone and approved. Should the existing sign be changed, a sign permit will be applied for. Prior to zoning approval of a sign relocation, the owner must request in writing to the zoning commissioner that the new location is within the spirit and intent of the zoning order and plan in Zoning Case No. 87-279A.

18. Provisory Section

The provisory section of this partial development plan is not intended nor should it be utilized as a final development plan from which building applications may be approved or issued. Its purpose is to provide those who purchase homes within 300 feet thereof with a reasonable understanding as to how the developer will improve all adjoining vacant land that lies within 300 feet of their home.

The dimensioned boundaries of the "Provisory Section" as indicated hereon are not intended to separate it from the overall approval of this partial development plan including the "Provisory Section" must be approved in accordance with Section 1B01.3.A.7, Baltimore County Zoning Regulations.

Approval of the "Provisory Section" is not based on final engineered plans; however, it is intended to establish: the final location, height, use, and density of buildings or their envelopes to within 25 feet of their engineered location; the location and type of existing major vegetation that is to be retained; screening, parking areas and drive to the extent possible so as to coincide with their final or permanent improvements, and other pertinent amenities.

At the time of building permit applications, the "Provisory Section" of this development plan must be updated to comply in all respects to the form and content required by Section 1B01.3 of the Zoning Regulations.

19. Walkway Easement and Deck Note

If drainage, utility, and walkway easements are fenced, then at least 5 feet must remain open for pedestrian access.

GREY ROCK FLATS CONDOMINIUM COUNCIL, INC.
Baltimore, Maryland

January 31, 1994

Mr. Arnold Jablon, Director
ZADM
111 W. Chesapeake Ave.
Towson, Maryland 21204

Re: First Amended Partial Development Plan
Grey Rock, Phase I

Dear Mr. Jablon:

I am the president of the Grey Rock Flats Condominium Council, Inc. (the "Association"), which is the flats community association in the subdivision known as Grey Rock.

With respect to the proposed villas reflected on the First Amended Partial Development Plan of Grey Rock, Phase I, the Association has no objection to the proposed unit density and width changes reflected on that plan, which changes consist of reduction in the widths of the villas and the addition of 29 villas units in Phase I.

The Association will not request a hearing on these proposed changes.

Very truly yours,

Grey Rock Flats
Condominium Council, Inc.

Landscape Planting (Phase 1 only)

The final landscape plan has been approved.

Details of 100' promenade along Reisterstown Road will be developed consistent with the RRCS as allowed by DEPRM.

Planting required for RTA will be determined on Final Landscape Plan.

All planting including RTA buffers will be in accordance with the Baltimore County Landscape Manual. A credit may be sought for retention of existing trees within the net buildable area.

3. Setbacks:

Minimum setbacks in plan meet zoning requirements as follows:

0 Feet Building to Lot Line or Property R/W (Public Road)
30 Feet Building to Tract Boundary
50 Feet Building to Existing Street Centerline
25 Feet Building to Existing Street Right-of-Way (Public Road)
22 Feet Garage or Carport to Street Right-of-Way (Public Road)

Where windows are provided, they will meet the following minimum setbacks:

35 Feet Window to Tract Boundary
15 Feet Window to Lot Line
40 Feet Between Opposing Windows
25 Feet Window to Street Right-of-Way (Public Road)

Building will conform to meet height and length requirements as follows:

0-20 Foot Height = 16 Feet Between Buildings
20-25 Foot Height = 25 Feet Between Buildings
25-30 Foot Height = 30 Feet Between Buildings
30-40 Foot Height = 40 Feet Between Buildings

Front - 75 Feet
Side - 75 Feet
Rear - 150 Feet
Parking - 75 Feet
Building Height - 35 Feet Maximum
Building Length - 130 Feet Maximum
Distance between Facing Elevation = 1-1/2 x Height of Highest Building

4. Envelopes shown hereon are for the locations of all principal buildings only.

Accessory structures, fences, and projections into yards may be constructed outside the envelope, but must apply with Sections 400 and 301 of the Baltimore County Zoning Regulations (subject to covenants and applicable building permits).

Accessory structures, fences, and projections into yard cannot be located in flood plain areas or hydric soils.

5. Existing private sewage disposal system shall be pumped and either backfilled or removed prior to record plat. Existing drilled wells shall be backfilled by a licensed well driller prior to record plat and well abandonment reports submitted to the Department of Environmental Protection and Resource Management.

6. Existing vegetation consists primarily of open lawn areas with a few ornamental plantings. Existing trees will be retained wherever possible. Slopes of 25 percent or greater are minimal and are shown.

7. Estimated Average Daily Trips (Phase 1 only):

121 Townhouse/Condominium Units @ 8.5 A.D.T's = 1,029 A.D.T.'s

8. All driveways and parking areas will be paved with a durable and dustless surface of bituminous concrete, portland cement concrete or macadam. A 4-1/2" mountable curb and gutter will be used.

9. Trash and refuse shall be collected privately at curb.

10. This development plan is approved by the Director of ZADM based on his interpretation of the Zoning Regulations that it complies with present policy, density, and bulk controls as they are delineated in the regulations. Any part or parcel of this tract that has been utilized for density to support dwelling shown thereon shall not be further divided, subdivided, or developed for additional dwellings or any purpose other than that indicated presently on said plan. Utilization will have occurred when a building is constructed and transferred for the purpose of occupancy.

11. CRG Plan of Grey Rock was approved by County Review Group on 9/7/89. Revised CRG adding pool in Phase 1 was approved 2/4/91. Amended CRG for Phases 2 and 3 relocated villa flats and was approved 2/14/91. 2nd Revised Amended CRG for Ph. 1 relocated some townhouse building groups and the pool and was approved 3/11/91. 2nd Amended CRG of Ph. 1 which changed the number and size of townhouse units was approved 8/26/93. This Development Plan complies with the CRG plan and all CRG comments.

12. All dwellings and lots of record less than two acres in size off site that create an RTA on site are shown to the best of our knowledge with their respective 300 and 250-foot arcs and required buffer areas.

13. All proposed interior roads excluding Greene Tree Road and Castleton Avenue are private. Unless otherwise indicated, all utilities are private. All 24-foot wide roads shall be posted to prohibit parallel parking.

14. When the right-of-way for Castleton Avenue is acquired by Baltimore County, a franchise agreement will be executed to allow private utilities to remain within the right-of-way.

16. A Final Landscape Plan must be approved by the Office of Planning prior to the issuance of grading permits.

17. Provisory Section

The provisory section of this partial development plan is not intended nor should it be utilized as a final development plan from which building applications may be approved or issued. Its purpose is to provide those who purchase homes within 300 feet thereof with a reasonable understanding as to how the developer will improve all adjoining vacant land that lies within 300 feet of their home.

The dimensioned boundaries of the "Provisory Section" as indicated hereon are not intended to separate it from the overall approval of this partial development plan including the "Provisory Section" must be approved in accordance with Section 1B01.3.A.7, Baltimore County Zoning Regulations.

Approval of the "Provisory Section" is not based on final engineered plans; however, it is intended to establish: the final location, height, use, and density of buildings or their envelopes to within 25 feet of their engineered location; the location and type of existing major vegetation that is to be retained; screening, parking areas and drive to the extent possible so as to coincide with their final or permanent improvements, and other pertinent amenities.

At the time of building permit applications, the "Provisory Section" of this development plan must be updated to comply in all respects to the form and content required by Section 1B01.3 of the Zoning Regulations.

18. The limit of the Forest Buffer Easement (F.B.E.) is shown on the plan. There shall be no clearing, grading, construction, or disturbance of vegetation in the F.B.E. except as permitted by the Baltimore County Department of Environmental Protection and Resource Management. Protective covenants governing the use of the F.B.E. shall be recorded with the Land Records of Baltimore County at the time of plat recordation and shall run with the land in perpetuity.

Reason for 1st Amendment - 11/30/93

RE: Grey Rock Phase IV
1st Amended Partial Development Plan
3rd Election District, Revised Response

Dear Ms. Busse,

This is a response to your letter dated April 9, 2004 requesting reconsideration of a zoning review and issue Administrator made in a letter dated February 2, 2004.

Based on the provided information and your meeting with Mr. Kinnane and myself on March 2, 2004, the response of this office has not changed. The changes to the lot lines to reduce pedestals widths and encumbering the lots has been determined to be within the 10% and 20% of the center and plan in case # 03-477-SPH.

Please document this response verbatim on 10 revised final development plans and send these plans, attention to Kristen Wells, FDM Room 133, Baltimore County Office Building, for final approval. The $20.00 fee was paid under Order # 2172.

I trust that the information set forth in this letter is a Maximum detailed and responsive to the request. If you need further information or have any questions, please do not hesitate to contact me at (410-887-3391).

Very truly yours,

Kristen L. Lewis
