Re: Telephone call with Charles Otter

Mr. Otter called the office in the afternoon regarding his upcoming hearing on February 2, 2023. He stated that he doesn't have a computer and didn't know how he was going to appear virtually. He also stated that his mother is the property owner and she is ill, half the time she doesn't even know who she is. He asked about requesting a postponement. I told him that we would need something in writing.

He also stated that he may just wait for his mother to pass away, and then the property will become his. At that time he will reapply for the Variance. I suggested consulting an attorney as variances run with the land, and the requested variance was denied. He seemed a little confused. I again suggested that he seek counsel. He can either withdrawal his appeal, or withdrawal the petition. He stated that he will likely file a request for postponement, to allow him time to counsel an attorney.
