PUBLIC NOTICE

TO WHOM IT MAY CONCERN:

Application has been made to this office by FRANK LUCARELLI, ROUTE 16, BOX 299, ESSEX, BALTIMORE 21, MARYLAND, for a War Department permit to construct a catwalk extension to an existing wharf and to install mooring piles in MIDDLE RIVER AT MIDDLEBOROUGH, BALTIMORE COUNTY, MARYLAND.

Plans showing the proposed work are on file in this office and may be seen by interested parties. A copy of the plans is shown on the reverse side of this sheet. The plans indicate that the proposed work will extend a distance of 40 feet channelward of an existing 40-foot wharf immediately upstream from the foot of Nanticoke Road.

The decision as to whether or not approval will be forthcoming on the plans as submitted must rest primarily upon the effect of the work on navigation. Any criticisms or protests concerning the proposed work with regard to navigation should be received in this office on or before 19 September 1947, otherwise it will be presumed that no objections exist.

It is requested that you communicate the foregoing information concerning the proposed work to any persons known by you to be interested, and who, not being known to this office, do not receive a copy of this notice.

For the District Engineer:

J. P. CAMPBELL
 Lt. Col., Corps of Engineers
 Executive Officer
