RE: SPECIAL HEARING - APPLICATION FOR
BUILDING PERMIT FOR CONSTRUCTION
OF A FIRE DEPARTMENT BUILDING AND
COMMUNITY HALL BUILDING - South of
Intersection of Bowleys Quarter Road
and Susquehanna Ave., 15th District,
Bowleys Quarter Volunteer Fire Dept.
Other

The purpose of this hearing was to determine whether or
not an application for a building permit for the construction of
a fire department and community hall building, in the above matter,
should be approved as to zoning. The plat filed with this Department
and the testimony offered at the hearing clearly indicated that the
construction of this building would not be detrimental to the health,
safety and the general welfare of the community. It was clearly
shown that there was a great need for a fire department as well
as a community hall in this section. It was also shown that the
construction of this building and the use of the land adjoining
would not adversely affect any surrounding residential property.

In view of the foregoing it is the opinion of the
Zoning Commissioner of Baltimore County that the application for
building permit should be and the same is hereby approved as to
zoning.

Charles J. Hill
Zoning Commissioner
of Baltimore County
