

19/7/52
RE: PETITION FOR A SPECIAL PERMIT FOR
TRAILER CAMP - S. W. Side Benson
Ave., 1200 Ft. S. W. Knecht Ave., 13th Dist.
Georgia Kohlhepp, Petitioner

The appeal in the above entitled matter coming on for hearing before the Board of Zoning Appeals of Baltimore County on October 17, 1952, granting the Petition and Special Permit for a trailer camp in regard to the property described therein; and it appearing from the facts and evidence adduced at the appeal that the granting of the Petition and Special Permit would be detrimental to the health, safety, and general welfare of the community; therefore,

It is this 7th day of November, 1952, Ordered by the Board of Zoning Appeals of Baltimore County that the order of the Zoning Commissioner of Baltimore County, granting the Petition and Special Permit for a trailer camp, be and the same is hereby reversed and the Petition denied.

H. S. Campbell
Chairman
James W. Sullivan

Board of Zoning Appeals of
Baltimore County

OPINION OF THE BOARD OF ZONING APPEALS
OF
BALTIMORE COUNTY

This is an appeal by Franklin G. Grill, Fryer E. Hefner, and Francis J. Heird from an Order of the Zoning Commissioner of Baltimore County granting the Petition and Special Permit for a trailer camp in regard to the property described in said Petition.

The case came on for hearing before the Board, testimony was taken for and against said Petition, and counsel heard.

The property which is the subject of this Petition is located on the Southeast side of Benson Avenue, Southwest of Knecht Avenue, Arbutus, 13th District. The land of the Petitioner is improved by a residence and several large accessory buildings. The Petitioner desires to operate a trailer camp on the land at the rear of these buildings and providing a setback of at least 200 feet from Benson Avenue.

From the testimony in this case the Board is of the opinion that the Petition should be denied for the following reasons:

1. That a trailer camp should be located on a main highway and not at a location such as requested by the Petitioner.
2. It is apparent that there is insufficient lot frontage in a desirable condition for access roads to be built for ingress and egress to the proposed camp; and, furthermore, that the operation of such a camp would unduly add to the traffic hazard because of the narrowness of Benson Avenue.
3. The Board is of the opinion that a trailer camp should wherever possible be located where sewers are available, and it is apparent that in this case the lack of such sewers would be detrimental to the health of the neighborhood.
4. There were some who testified that trailer camps as proposed at this site are generally considered as detrimental

to the morals and general welfare of the neighborhood; and while this may not be true of many such camps, the Board is of the opinion that no well arranged trailer camp has been planned.

The Board is of the opinion that this property and the property to the rear is suited for residential use, and there are residential properties along Benson Avenue; therefore, the Board will pass an Order denying the Special Permit and reversing the action of the Zoning Commissioner of Baltimore County.

H. S. Campbell

RE: PETITION FOR A SPECIAL PERMIT FOR
TRAILER CAMP - S. W. Side Benson Ave.,
1200 Ft. S. W. Knecht Ave., 13th Dist.
Georgia Kohlhepp, Petitioner

The property which is the subject of this petition for a special permit for a Trailer Camp is located on the southeast side of Benson Avenue, southeast of Knecht Avenue, Arbutus, Thirteenth District. The land of the petitioner is improved by a residence and several large accessory buildings. It is the intention of the petitioner if this special permit is granted to operate a trailer camp in the rear of these accessory buildings with a setback of at least 200 feet from Benson Avenue.

It is the contention of the petitioner that the operation of a trailer camp at this location on a large lot in the rear of the accessory buildings will not be detrimental to the general welfare of the community. The petitioner pointed out that the property across Benson Avenue is zoned light industrial and that on this property along the railroad and on the properties to the north are located many industrial enterprises.

The petitioner also contends that the use of this property for a trailer camp will not be as objectionable as the operation of a commercial chicken raising and killing business which was formerly operated on this property.

The protestants contend that the use of this property for a trailer camp will aggravate the already existing sewage disposal problem in the area; that there is no public sewer available and that the sewage from many of the houses contaminates the stream to the southwest of the property in question. It was testified by one of the protestants that this contamination of the stream might have been due to improper installation of private sewage systems.

There is a great need for trailer camps in Baltimore County. This Department in consultation with the Police Department is now in the process of making a drive to require all occupants of trailers to locate in a trailer camp. Many complaints have been received from occupants of the trailers that there is no trailer camp available suitably located.

In view of this great need and in view of the fact that it is the opinion of the Zoning Commissioner of Baltimore County that a trailer camp provided with proper sewage facilities will not be detrimental to the general welfare of the community and the special permit petitioned should be held.

It is this 28th day of July, 1952, ORDERED by the Zoning Commissioner of Baltimore County that the aforesaid special permit is hereby granted, subject to the following provisions:

1. That the sewage disposal system be installed in accordance with Order of the Metropolitan Board dated June 20, 1952 for each ten trailers require the following:

Install 6" trunk line to pick up sewage from each trailer and route to septic tank not less than 20 feet from nearest trailer.

Install 1500 gallon septic tank of approved design.

Install two (2) 8 x 15 leaching cesspools. This will give 500 square feet of leaching area if the soil is uniform below the 1.5 feet level, which is the required soil area according to the Plumbing Code.

2. That any trailers located upon this property be located in the rear of the accessory buildings at least 200 feet from Benson Avenue and at least 100 feet from the southwest property line of the petitioner, and any property being the dividing line between the land of the petitioner and P. N. Hefner on the property known as 1507 Benson Avenue.

To GEORGE S. WHELAN

Subject: Proposed Trailer Camp, 4721 Benson Avenue - Re: Soil Test

Owner: Mrs. G. Kohlhepp, 4721 Benson Avenue, Balto., 27 Md.

Soil test was conducted at seven (7) feet.

Results:

1" drawn in five (5) minutes. Soil - tight clay up to approximately 5.5 feet. Sand - from 5.5 ft to 7 feet.

Attached is a sketch of the Trailer Camp layout. The proposed 10 trailer wall house from 2 to 3 persons each. He recommended accordingly:

1. Install 6" trunk line to pick up sewage from each trailer and route to septic tank not less than 20 feet from nearest trailer.
2. Install 1500 gallon septic tank of approved design.
3. Install two (2) 8x15 leaching cesspools. This will give 500 square feet of leaching area if the soil is uniform below the 1.5 feet level, which is the required soil area according to the Plumbing Code.

CERTIFICATE OF PUBLICATION

ZONING DEPARTMENT OF BALTIMORE COUNTY, MD. PETITION FOR SPECIAL PERMIT—SETH 1952
 Pursuant to Ordinance 104-101, the Zoning Commission of Baltimore County, Md., has received and considered the petition of George Kohlberg for a Special Permit to use the property at the above location for a Trailer Camp. The Zoning Commission has considered the petition and the Ordinance and has determined that the proposed use is a public use and that the proposed use is in the interest of the health, safety and general welfare of the community.
 On Monday, July 1, 1952, the Zoning Commission held a public hearing on the petition. The Commission has considered the petition and the Ordinance and has determined that the proposed use is a public use and that the proposed use is in the interest of the health, safety and general welfare of the community.
 All that period of land situate on the southeast side of Hanson Avenue, 13th District of Baltimore County, Maryland, containing 2.18 acres, more or less, and bounded by the following: 13th District of Baltimore County, Maryland, to the north; Hanson Avenue, 13th District of Baltimore County, Maryland, to the south; and the property of George Kohlberg, to the east and west. The proposed use is a Trailer Camp. The Zoning Commission has considered the petition and the Ordinance and has determined that the proposed use is a public use and that the proposed use is in the interest of the health, safety and general welfare of the community.
 The Zoning Commission has determined that the proposed use is a public use and that the proposed use is in the interest of the health, safety and general welfare of the community.
