RESPONDENCE FOR SPECIAL TECHNICAL SECURIOR STRUCTURE STR

This position filed by the Oss and Electric Company for Special Exception for Electric Transmission Line. These two purcels increased in this position are to complete the necessary right-of-ways for the completition of the Tower Line. Since the time of the original polition was heard, agreements have been reached by the preparty owners of these ts. proceds, and a Court Order has been insmed based on agreements by A.T.Williams and The Frailer Village Compension, permitting the installation of these power lines prior to the condensation proceedings and that the other purcel, known as the Ments property, has been acquired by the Gas and Electric Company.

There were no protestants appearing at the tire of the hearing and the circumstances are identical to the cripinal polition, having not all the requirements under the Zoning Ragulations, therefore;

It is this 2944 day of August, 1960 by the Zoning Commissioner of Baltimore County, ORDERED that the aforesaid Special Exception should be and the same is hereby ORNNED.

William A. Cularne
