Petition 64-66-X North side of Marriottsville Road 750 feet east of Wards Chapel Road

The plan dated October 28, 1063 accompanying the subject patition has been reviewed. Furthermore, representatives of this office have inspected the site and Marriottsville Road between Liberty Road and Wards Chapel Road.

Data previously obtained and recent observations indicate that traffic on Marriottsville Road in the immediate vicinity of the site is very light is own understanding that the operations proposed out or volume of traffic that santially change the understanding supplying, and batching has been generally the quarrying, supplying, and batching has been great have been conducted at this site for many vare. As a public road Marriottsville Road is, has been, and will continue to be a primary service road for the large intercountry area surrounding the site.

The proposed operations north of Marriottsville Road will result in an addition! volume of crossing movements between the Marriottsville Road frontages. It is our opinion that by an additional volume of truck traffic conditions controls the additional volume of truck traffic could be safely accommodated without causting compession on Marriottsville Road.

First, the crossing should be designed to afford optimum sight distances for both crossing vehicles and webicles on Marriotteville Road. Second, the crossing should be designed to list to crossings to a single well-defined intersection. Of course whiches would be required to stop before entering or crossing Marriottsville Road in accordance with State Motor or crossing Marriottsville Road in accordance with State Motor

RE: PETRION FOR SPECIAL EXCEPTION Controlled Excevation with use of Explosives - N. S. Marrichte-ville Read 50 Fost Lef Wards Chapel Read, 2nd District -Harry T. Cumpbell Sens! Corp., Putitioner

ZONTRIO COMPUTESTONIA

BATTTHORE COINTY No. 61-66-X

...... The petitioner in the above matter seeks a special exception for Centrolled Excavation with use of explosives on property on the north side of Marriotaville Road 750 feet east of Wards Chapel Road in the Second District of Baltimore County.

It is the opinion of the Zening Countsistener that the special exception for controlled excavation sought in this case should be granted for the area continued in brown and shaw on plat propured by Dilemberg Brothers dated Ceteber, 26, 1963, and of fored in evidence as Fulltimmar's Exhibit 18%, subject to the following continues and restrictions:

which shall be rotated from time to the between the following local some combails and the rotated from time to the between the following local stone (a) Ward Chapel Road at Liberty Road, (b) Liberty Road, (d) Liberty Road, and a

3. That Petitioner will make every good faith effort to require operators of trucks going to and from the quarry to comply with all traffic lass and regulations, including those concerned with speed and weight of load.

i. That Petitioner will make every good faith effort to load trucks in such a manner that spillage on the highways will be avoided.

So That ingress and egress to and from the present quarry area located on the partnerly side of incredential freed and to and located on the partnerly side of incredential freed and to and located on the northerly side of Narritetrial Road, shall be limited the entrances and exits specified on plat marked Patitions's Entitlet "8, propared by Dellebering Houter Sate 122, 1954s.

L. V. SCHUERHOLZ

April 8, 1964

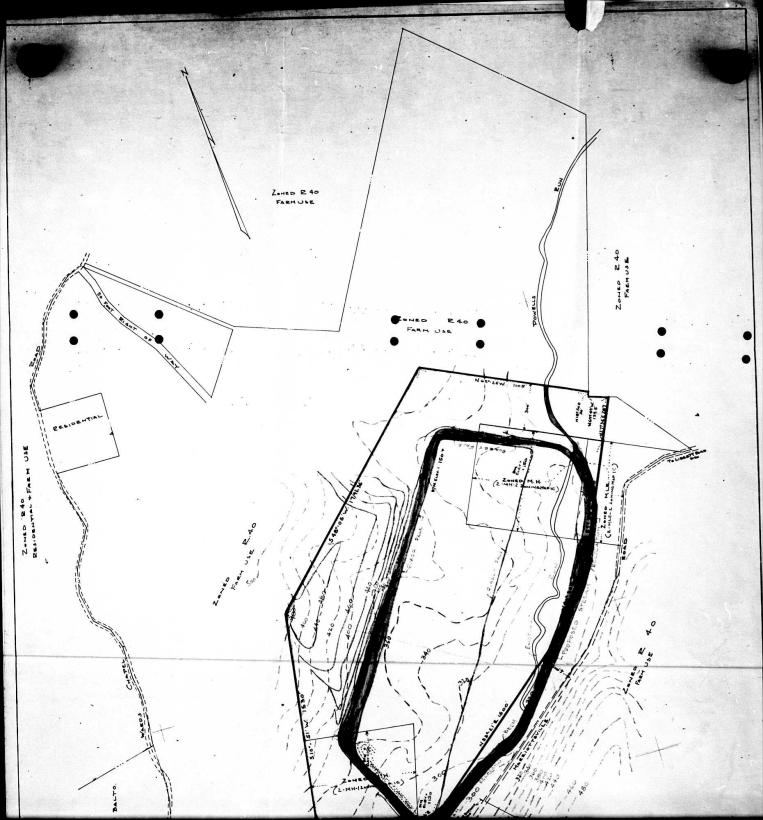

Mr. Roland E. Manger Harry T. Campbell Sons' Corporation Campbell Building Baltimore, Naryland 21204

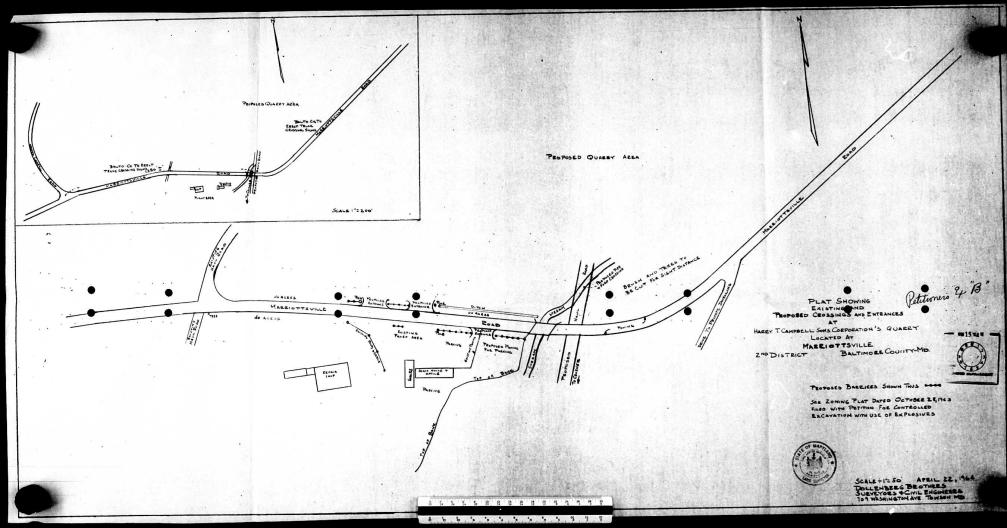

This is in reply to your letter of April 6, 1964, wherein you ask what effect the blasting at Marriottsville Quarry had on our structures in this area.

The vibration recorded by our seismograph for the tw mentioned, one of March 18 and the other of April 1, ot indicate any detrimental effect to the structures and operated by this Bureau.

We feel that it would be to our mutual advantage if, in the future, you anticipate any change in blasting proceed or an experience of explosives used at your operant you give the preservement of the preserv
