TO Mr. John G . Rose, Zoning Commissioner Date. February 5, 1965

FROM . General E. . Gerrellis . Director ... Office of Plenning and Zoning SUBERCT ... 542 Liber. 2. relation for recalcular flooring from 8-6 to 8 Lt . Zone - South side of Yilles Armone - 330 feet Southeast of Dupuch Road Bird Systems of Liber Liber. 12th District

HEARING: Monday, February 15, 1965 (10:00 A. M.)

The planning staff of the Office of Planning and Zoning has reviewed the subject petition and offers the following comment with regard to planning factors:

While this effice recognizes that R-6 zoning is no longer unitable for the subject poperty, it also is sociely were of the need to prevent, insofer as possible, the creation or estation of nitrip-connected developments. In this regard, the Henning board has odopied a policy sistement entitled. "Use of the K. A. Zone in Leculiar Board has odopied a policy sistement entitled." Use of the K. A. Zone in Leculiar Composition of the County's Endewherd, Aportiment Zone or as deterred of commercial expansion (especially inseed), through use for operations or effices converted from house, "in or new effice whiley." The sistement would opposer to be particularly applicable to the transitional nature of the subject property. And "R.A." axing yould certainly offered in owner despotes called.
