HEARING: Monday, December 13, 1965 (1:00 P.M.)

The planning staff of the Office of Planning and Zoning has reviewed the subject petition and offers the following comments:

- We question that there is any hardship to justify the requested variance to exceed the 25-foot sign-height requirement in the Zoning Regulations.
- We believe that thought should be given to recent concern about such roadside commercial development as filling stations when considering the rulated matter of tall roadside signs.
- Unless the branch bank which the proposed sign advertises has already been constructed and is in operation, the sign may actually be for "outdoor advertising" purposes for which no special exception has been requested.

Pursuant to the advertisement parties of	property, and public hearing on the above petition
