BALTIMORE COUKTY OFFICE OF PLANNING AND ZONING COUNTY OFFICE BUILDING TOWSON, MARYLAND 21204

Chesaco Supply Co., Inc., 8002 Pulaski Highway Baltimore, Maryland 21206

SUBJECT: Side and rear yard variance for Chesson Supply Co., Inc., located MVS of Pulsaki Highmay 160.67 NE of Chesson Avenue 15th District (Item 25, July 23, 1968)

The Zoning Advisory Committee has reviewed the subject petition and has the following comments to offer:

STATE ROADS CONVISSION:
One 30 ft. entrance would be sufficient to serve this site. The remainder of the
frontage and AfV line must be curbed with 8" x 22" concrete curb. Plans must be
revised in accordance with this commant prior to the hearing date. All access will
be subject to State Roads Commission approval and permit.

SUREAL OF TRAFFIC ENGINEERING.
The plans shee parking for one vehicle for both the existing and proposed uses thosever, on the date of inspection there were three vehicles on the location.

ZONING ADMINISTRATION SUISION:

1 diend'be noted that the parking requirements for this use is one car which the partitioner has shown. However, if the property is developed as proposed practically any other use would require considerably more parking which could not be provided. This is due to the size of the building proposed and the vertances requested. It appears very likely that this property is being over-crowded.

If the petition is granted, no occupancy may be made until such this as plans have been submitted and approved and the property inspected for compiliance to the approved plan.

The above comments are not intended to indicate the appropriagamess of the zoning action requested, but to assure that all parties are made sware of plans or problems that may have a bearing on this case. The Director and/or the apputy Director of the Office of Flanning and Zoning will sudult recommendations on the appropriateness of the requested zoning 10 days before the Zoning Commissioner's hearing.
