Proposed Zening: R-10 to BL S.E. living quarters.

York Road (U.S. 111) is a State Road therefore, all improvements, intersections, and entrances on this road will be subject to State Roads Commission requirements.

Development of this property through stripping, grading and stabilization could result in a sediment pollution problem, damaging private and public holdings domatream of the property. A grading permit is, therefore, necessary for all grading, including the stripping of top soil.

Grading studies and sediment control drawings will be necessary to be reviewed and approved prior to the issuance of any grading or building permits.

Petition for Reclassification from R-10 to B.L.
tetition for Special Exception for Living Quarters in a commercial building.
Leila G. Chilcoot - Petitioner

8th District

HEAPING: Monday, May 25, 1970 (1:00 P.M.)

The Steff or the Office of Planning and Zoning has reviewed the subject patition for reclassification from R-10 to 8.L. zoning, together with a special exception for living quarters.

We note that the Planning Board recommended B.L. zoning for the entire strip on the saxiety side of York Road southerly from the Fire Station to Podonia Road. This recommendation was made in connection with the Planning Board's -Saption of comprehensive zoning maps last February. The recommendation was based on the fact that spet commercial incursions have occurred there and it was felt that all of the frontage now ought to be commercial as a component part of the large commercial node at Padonia Road.
