and D. Hardesty

7/3

The property 8906 Clement Avenue fronts one hundred feet on Clement Avenue with an even depth of approximately one hundred forty feet. The property is located approximately one hundred forty feet northwest of the intersection of Joppa Road and Clement Avenue. It is to be noted that the traffic on Joppa Road has drastically increased in the last four years creating noise, dust and fumes which detract from any residential use of the property.

The adjoining property on the southwest is a dog kennel operaced by A. B. Armstrong. This dog kennel is in operation along the entire southwest line of the subject property and is zoned B-L. In the summer time, due to vacations, the kennel has a heavy animal population and is noisy, odoriferous, and it attracts traffic. It severely detracts from a residential use of the subject property.

In the rear of the property, Baltimore County recently granted a zoning permit to erect and operate thereon a Keliy Springfield Tire Company retail store and service area. This operation fronts approximately one hundred eighty feet on Jcppa Road and comes across approximately one-half of therear of the subject property. It seems appropriate to note here that the rear of the subject property faces upon the worse part of the operation of the service area, namely, the back of the store where the trash and other unfavorable aspects of the heavy business use exist. In addition to that, the Kelly Springfield Tire Company has filled in its land approximately four feet above the subject property and the slope co hold the fill is in a generally unsightly condition and is a very unfavorable aspec to 8906 Clement Avenue.

The remainder of the adjacent property along the rear of 8906 Clement Avenue is also zoned B-L and is presently for sale.

To the northeast of the subject property approximately one hundred feet northeast of the property line is a large stream and drainage area and directly northeast of this is a very large apartment development containing hundreds of families.

The southeast side of Joppa Road at its inte.section with Clement Avenue is occupied by the Satyr Hill Shopping Center. Recentiv, a gas station, commercial bank and savings and loan association have completed rather substantial tusiness buildings at this location.

The entire frontage on Joppa Road on both sides has progressively become used for various retail businesses and commercial uses for some distance in all directions from Clement Avenue.

The subject property is close to the Perring Parkway-Joppa Road complex where there is substantial building in progress at this time. On the northwest corner of Perring Parkway and Joppa Road a large automobile dealership (Jerry's Govans) i. in the process of construction. A large Ford dealership has just commenced operation near the southwest intersection of Perring Parkway and Joppa Road. A large supermarket is now in operation at the southwest corner of this intersection. The E. J. Korvette store and the shopping center that surrounds it is increasingly attracting tremendous traffic to the area and this comes from all directions.

The Petitioners' property is no longer saleable as a residence nor is it useable as R-A zoning for the reason that it is virtually surrounded by heavy business uses which would defeat home or apartment use.

It is respectfully requested that the zoning of the property be changed to B-L to fit in with the property that surrounds it.

Respectfully submitted,

F. Duncan Cornell

BALTIMORE COUNTY, MARYLAND

INTER-OFFICE CORRESPONDENCE

TO Mr. Edward D. Hardesty, Zoning CommissionerDate July 24, 1970

FROM Mr. George E. Gays elis, Director of Planning Petition 73-14-R. Northwest side of Clement Avenue 150 feet Northeast of

Joppa Road.

Petition for Reclassification from R.A. to B.L.
F. Duncan Cornell, et al – Petitioners

9th District

The subject request for reclassification was not an issue before the Planning Board in connection with the soning maps approved by it last February. A review of this petition and issue relating thereto has led the Planning Board committee to recommend additional changes to the map which would extend the depth of commercial zoning along Clement Avenue to embrace the subject property as well as the property immediately across the stress to the east.
