

PETITION FOR ZONING VARIANCE FROM AREA AND HEIGHT REGULATIONS

TO THE ZONING COMMISSIONER OF BALTIMORE COUNTY:

I, or we, George Pappas, et al, legal owner(s) of the property situate in Baltimore County and which is described in the description and plat attached hereto and made a part hereof, hereby petition for a Variance from Section 409.2b(1) to permit three (3) parking spaces instead of the required 113 spaces

of the Zoning Regulations of Baltimore County, for the following reasons: (Indicate hardship or practical difficulty)

The "Poplar Inn" restaurant and lounge of the address identified has been in operation and conducting their business in this shopping area for the past fifteen (15) years. There are 116 parking spaces in this area and this number has been proven adequate for the conduct of the businesses adjacent thereto as well as the patronage of the Poplar Inn. This planned modest expansion program on the part of the Poplar Inn involves mostly an increased kitchen, storage, office and rest room areas and will not affect the parking areas to any greater extent than it is now and has been operating for the past fifteen years.

See attached description

Property is to be posted and advertised as prescribed by Zoning Regulations. I, or we, agree to pay expenses of above Variance advertising, posting, etc., upon filing of this petition, and further agree to and are to be bound by the zoning regulations and restrictions of Baltimore County adopted pursuant to the Zoning Law For Baltimore County.

RE: PETITION FOR VARIANCE : BEFORE THE
NE/S of Wise Avenue, 100' SE : DEPUTY ZONING
of Merritt Boulevard - 12th : COMMISSIONER
District :
George Pappas, et al - :
Petitioners :
NO. 72-127-A (Item No. 53) : OF
BALTIMORE COUNTY

This Petition represents a request to permit three (3) parking spaces instead of the required one hundred and thirteen (113) parking spaces.

The Petitioners are the owners and operators of the Poplar Inn, a restaurant located on the northeast corner of Merritt Boulevard and Wise Avenue. The Inn is situated on a parcel of land that is approximately one and one quarter (1 1/4) acres in size, and is completely bounded by roads, i.e., Merritt Boulevard on the west, Trappe Road on the north, Wise Avenue on the south, and a twenty (20) foot alley on the east. A commercial building, housing several retail stores, is located within the same boundaries. The two (2) buildings which are under separate ownership, are positioned 11.53 feet apart. It is this 11.53 foot space that the Petitioners plan to utilize by adding an addition to this restaurant.

The Petitioners based their case for hardship and/or practical difficulty on the following testimony:

1. Since the addition contains only 11.53 square feet and will be used to accommodate a kitchen, coat room, and a rest room facility, it will not generate a need for additional parking.
2. The time periods for peak parking requirements occur at different hours, permitting the restaurant customers to utilize the one hundred and sixteen (116) parking spaces provided for the retail building.
3. The space between the two (2) buildings is not wide enough to provide a parking area and serves no useful purpose, and

There were no protestants present at the hearing.

After reviewing the above testimony, it is the opinion of the Deputy Zoning Commissioner, that the Petitioners have proven hardships, and that the granting of this Variance will not adversely affect the health, safety, and general welfare of the community.

Therefore, IT IS ORDERED by the Deputy Zoning Commissioner of Baltimore County this 29 day of November, 1971, that the herein Petition for a Variance should be and the same is Granted, from and after the date of this Order, subject to the approval of a site plan by the Bureau of Public Services and the Office of Planning and Zoning.

James S. Dineen
Deputy Zoning Commissioner of Baltimore County
