RE: Special Hearing Petition
Item 22
Union Trust Company of Maryland - Petitioner

Gentlemen:

The Zoning Advisory Committee has reviewed the plans submitted with the above referenced petition and has made an on site field inspection of the property. The attached comments are a result of this review and inspection.

The subject property is located on the west side of Stewart Avenue, 155 feet west of Eastern Avenue, in the 15th District of Baltimore County. This 0.15 vacant lot is currently enclosed with a 3 foot high chain link fence and is separated by a 10 foot alley that serves residential homes further to the west. There are other residential on all sides of the property except for the bank, which is immediately to the south.

This petition is accepted for filing on the date of the enclosed filing certificate. Notice of the hearing date and time, which will be held not less than 30, nor more than 90 days after the date on the filing certificate, will be forwarded to you in the near future.

Very truly yours,
John C. Dillon, Jr.

Re: Item #22 (1972-1973)
Property Owner: Union Trust Company of Maryland
S/S of Stuart Ave., 155' W/W from Eastern Ave.
Present Zoning: D.R. 5.5
Proposed Zoning: Special Hearing for offstreet parking
District: 15th No. Acres: 0.15 acre

Dear Mr. DiNenna:

The following comments are furnished in regard to the plat submitted to this office for review by the Zoning Advisory Committee in connection with the subject item.

General:

Since the existing 10-foot wide alley is inadequate to serve as a commercial type alley, it is proposed that the existing alley ultimately be widened to permit construction of a 20-foot wide roadway. A 5-foot widening must be established along both sides of the alley to permit future widening. The entrance locations are subject to approval by the Department of Traffic Engineering, and shall conform to Baltimore County Standards.

Storm Drains:

The Petitioner must provide necessary drainage facilities (temporary or permanent) to prevent creating any nuisances or damages to adjacent properties, especially by the concentration of surface waters. Correction of any problem which may result, due to improper grading or improper installation of drainage facilities, would be the full responsibility of the Petitioner.

Water and Sanitary Sewer:

Public water and sanitary sewerage are available to serve this property.
