RE: Item No. 38
Petitioner - Baltgem, Partnership
Variance Petition

Dear Mr. Manekin:

The Zoning Plans Advisory Committee has reviewed the plans submitted with the above referenced petition. The following comments are not intended to indicate the appropriateness of the zoning action requested, but to assure that all parties are made aware of plans or problems with regard to the development plans that may have a bearing on this case. The Director of Planning may file a written report with the Zoning Commissioner with recommendations as to the suitability of the requested zoning.

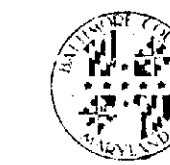

Because of your proposal to increase the square footage of the existing identification sign for the Eastern Center Plaza, this variance hearing is required. The increase in square footage is caused by the removal of the bottom panel on the existing sign and replacing it with a panel that is larger. Because of this, it is suggested that particular attention be afforded to the comments of the Department of Traffic Engineering. If you have any questions concerning this comment, you may contact Mr. Mike Flanagan at 494-3554, and discuss this matter prior to the scheduled hearing.

Enclosed are all comments submitted to this office from the committee members at this time. The remaining members felt that no comment was warranted. This petition was accepted for filing on the date of the enclosed certificate and a hearing scheduled accordingly.

Very truly yours,
Nicholas B. Commodari

OPINION

This case comes to the Board on appeal from the People's Counsel to overturn the granting of the variance regarding the size of a shopping center identification sign in favor of the Baltgem Partnership.

The case was called at 10:30 a.m., after having conversations with the Petitioners, Mr. Harold Manekin and Mr. Alan F. Nethen, who failed to appear for the Board hearing. Mr. Nethen related that while he was unaware of the hearing, Mr. Manekin apparently was. The People's Counsel submitted evidence which indicated that an additional 20 sq. ft. sign at the shopping center would interfere with the sight distance of motorists entering Eastern Boulevard. This being the only evidence presented to the Board, the Board finds that the petition granted by the Deputy Zoning Commissioner should be REVERSED and the petition is hereby denied by the Board of Appeals.

ORDER

For the reasons set forth in the foregoing Opinion, it is this 23rd day of July, 1981, by the County Board of Appeals, ORDERED that the variance from Section 413.2e for a Shopping Center identification sign petitioned for, be and the same is hereby DENIED.
