Variance Petition

Dear Mr. & Mrs. Bolyard:

The Zoning Plans Advisory Committee has reviewed the

plans submitted with the above referenced petition. The

following comments are not intended to indicate the appro-

priateness of the zoning action requested, but to assure

that all parties are made aware of plans or problems with

regard to the development plans that may have a bearing on

this case. The Director of Planning may file a written

report with the Zoning Commissioner with recommendations

as to the suitability of the requested zoning.

At the time of this writing, comments from the members

of this Committee were not available. If any comments are

Case No. 83

I have been contacted by Mr. & Mrs. Bolyard of 224 East Susquehanna Avenue. They informed me that Mrs. Bolyard is unable to get to the second floor of her apartment to use the facilities. They plan to build an extension or addition in the rear of their home but need a variance.

Would you please do whatever is possible to expedite this process. For your information, I have contacted Dr. Gerard Dubrycki of the Health Department to see what services they can provide in the meantime.

Thank you for your assistance.

Re: Item 55

Dear Bill:

I have been contacted by Mr. Roy Bolyard, 224 E. Susquehanna Avenue in reference to a desired addition to the property located at that address.

Mr. Bolyard is desirous of adding a 8 X 10 addition including a bath to the rear of the first floor. This addition is necessary to accommodate Mrs. Bolyard who is an invalid and in need of facilities on the first floor.

I am requesting that a hearing be arranged as soon as possible.

Thank you for your attention to this matter.

Very truly yours,

Pursuant to the advertisement, posting of property, and public hearing on the petition and it appearing that strict compliance with the Baltimore County Zoning Regulations would result in practical difficulty and unreasonable hardship upon the Petitioner(s) and the granting of the variance(s) requested will not adversely affect the health, safety, and general welfare of the community, the variance(s) should be granted.

Therefore, IT IS ORDERED by the Zoning Commissioner of Baltimore County, this 27th day of October, 1982, that the Petition for Variance(s) to permit a rear yard setback of 40 feet in lieu of the required 50 feet, for the expressed purpose of constructing a 8' x 10' addition to the existing dwelling to increase the habitable space on the first floor by providing a bathroom, in accordance with the site plan filed herein and marked Petitioner's Exhibit 1, is hereby GRANTED, from and after the date of this Order, subject, however, to the approval of said site plan by the Department of Public Works and the Office of Planning and Zoning.

Dear Mr. Hammond:

The following comments are furnished in regard to the plat submitted to this office for review by the Zoning Advisory Committee in connection with the subject item.

General:

Baltimore County highway and utility improvements exist and are not directly involved.

Development of this property through stripping, grading and stabilization could result in a sediment pollution problem, damaging private and public holdings downstream of the property. A grading permit is, therefore, necessary for all grading, including the stripping of top soil.

The Petitioner must provide necessary drainage facilities (temporary or permanent) to prevent creating any nuisances or damages to adjacent properties, especially by the concentration of surface waters. Correction of any problem which may result, due to improper grading or improper installation of drainage facilities, would be the full responsibility of the Petitioner.

This office has no further comment in regard to the plan submitted for Zoning Advisory Committee review in connection with this Item 55 (1982-1983).

Dear Mr. Hammond,

Mrs. Margaret Bolyard who resides at 224 E. Susquehanna Avenue in Towson, Maryland, has made application for a permit to make modifications to her house for the purpose of allowing her to increase activities.

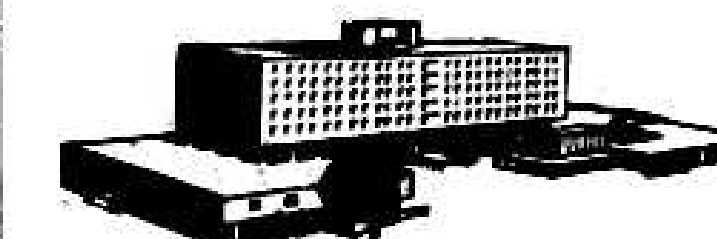

Mrs. Bolyard has been treated in the Pulmonary Rehabilitation Clinic at Saint Joseph Hospital three times per week since July 28, 1982 for her bronchial asthma condition. The patient receives physical therapy because of progressive weakness of the lower extremities. Her exercise tolerance is less than one block on level ground after which the patient becomes short of breath.

Copies of tests and therapy can be obtained from the hospital with the patient's permission. If I can offer further help or information please do not hesitate to call.

Re: Margaret Mary Bolyard
 DOB: 7/13/24

The above patient has been under my care with a severe asthma condition as well as osteoporosis secondary to the medications which has limited her gait to almost the impossibility of going upstairs. After seeing her quite recently and discussing her problem, I have suggested that she not climb stairs and that all her activities be limited to one floor. She has mentioned that in order to carry this out an extension to her home would be necessary and I hope that the Zoning Commission will look favorably upon this request since medically it is indicated that she remain on one floor specifically the main floor of her home.
