RE: Case #83-127-X (Item No. 50)
Petitioner-Wayne Sullivan
Special Exception Petition

Dear Mr. Sullivan:

The Zoning Plans Advisory Committee has reviewed the plans submitted with the above referenced petition. The following comments are not intended to indicate the appropriateness of the zoning action requested, but to assure that all parties are made aware of plans or problems with regard to the development plans that may have a bearing on this case. The Director of Planning may file a written report with the Zoning Commissioner with recommendations as to the suitability of the requested zoning.

A similar hearing (Case #82-103-X) was granted to permit an outdoor advertising sign on the same side of Rosville Boulevard south of the subject site. As I indicated in my previous conversation with Mr. Walker of Foster and Kleiser, the signs will be located at least 1000 feet apart, and the height of the proposed sign will comply with Section 413.54 of the regulations.

Enclosed are all comments submitted from the members of the Committee at this time that offer or request information on your petition. If similar comments from the remaining members are received, I will forward them to you. Otherwise, any comment that is not informative will be placed in the hearing file. This petition was accepted for filing on the date of the enclosed filing certificate and a hearing scheduled accordingly.

Very truly yours,

Nicholas B. Commodari

Property Owner: Wayne Sullivan
S/MS Rosville Blvd. 405' S. of Race Rd.
Acres: 1.0 X 30 District: 15th

Dear Mr. Hammond:

The following comments are furnished in regard to the plat submitted to this office for review by the Zoning Advisory Committee in connection with the subject item.

General:

Baltimore County highway and utility improvements are not directly involved.

Development of this property through stripping, grading and stabilization could result in a sediment pollution problem, damaging private and public holdings downstream of the property. A grading permit is, therefore, necessary for all grading, including the stripping of top soil.

The Petitioner must provide necessary drainage facilities (temporary or permanent) to prevent creating any nuisances or damages to adjacent properties, especially by the concentration of surface waters. Correction of any problem which may result, due to improper grading or improper installation of drainage facilities, would be the full responsibility of the Petitioner.

This property is located in the 100-year flood plain of Stemmers Run.

This office has no further comment in regard to the plan submitted for Zoning Advisory Committee review in connection with this Item 50 (1982-1983).

Very truly yours,
