

PETITION FOR ZONING VARIANCE
TO THE ZONING COMMISSIONER OF BALTIMORE COUNTY:

The undersigned, legal owner(s) of the property situate in Baltimore County and which is described in the description and plat attached hereto and made a part hereof, hereby petition for a Variance from Section 1802.3B (Section III.C.3) to permit a sideyard setback of 2' in lieu of the required 7'.

We wish to build an attached 14 foot garage to our existing property which is only 16 feet from the property line at its smallest point. This garage, we believe, will cause no hardship or loss of light or view for the neighboring property (the nearest part of their dwelling is also a garage). Nor will it interfere with aesthetic characteristics. Property is to be posted and advertised as prescribed by Zoning Regulations.

I, or we, agree to pay expenses of above Variance advertising, posting, etc., upon filing of this petition, and further agree to and are to be bound by the zoning regulations and restrictions of Baltimore County adopted pursuant to the Zoning Law For Baltimore County.

I/We do solemnly declare and affirm, under the penalties of perjury, that I/we are the legal owner(s) of the property which is the subject of this Petition.

BY ORDER OF

RE: PETITION FOR VARIANCE
SW end of Ridgely Garth, 150' S of
Ridgely Rd. (1702 Ridgely Garth)
8th Election District
R. Bradley Sack, et ux - Petitioners
No. 85-180-A (Item No. 128)

BEFORE THE
DEPUTY ZONING COMMISSIONER
OF
BALTIMORE COUNTY

The petitioners herein request a variance to permit a side yard setback of two (2) feet in lieu of the required seven (7) feet for the expressed purpose of constructing a 14'x30' single-car garage attached to the south side of the existing dwelling.

Testimony presented by the petitioners indicated that an attached garage would cost less and be more aesthetic and convenient than a detached garage in the rear yard where a number of trees would have to be removed. The petitioners admit that they have suffered no practical difficulty or unreasonable hardship from the lack of a garage during the twelve (12) years they have resided on the site.

The adjacent property owner protested the subject petition and pointed out that the plat submitted was inaccurate, in fact, living portions of his house are about 12 1/2 feet from the property line. He is of the opinion that the proposed garage would disrupt the quiet and enjoyment of his living quarters and that the value of this property would be adversely affected.

After due consideration of the testimony and evidence presented, in the opinion of the Deputy Zoning Commissioner, strict compliance with the Baltimore County Zoning Regulations would not result in practical difficulty and unreasonable hardship upon the petitioners and the granting of the variance requested will adversely affect the health, safety, and general welfare of the community, and should not be granted.

Dear Mr. Jablon:

The following comments are furnished in regard to the plat submitted to this office for review by the Zoning Advisory Committee in connection with the subject item.

General:

Baltimore County highway and utility improvements exist and are not directly involved.

Development of this property through stripping, grading and stabilization could result in a sediment pollution problem, damaging private and public holdings downstream of the property. A grading permit is, therefore, necessary for all grading, including the stripping of top soil.

The Petitioner must provide necessary drainage facilities (temporary or permanent) to prevent creating any nuisances or damages to adjacent properties, especially by the concentration of surface waters. Correction of any problem which may result, due to improper grading or improper installation of drainage facilities, would be the full responsibility of the Petitioner.

Very truly yours,

James A. Markle
