DESCRIPTION FOR VARIANCE

Beginning at a point on the northeast side of California Avenue (40' wide) 430 feet southeast of Harford Road and known as Lots 175, 176 and part of 174 as shown on the plat of "California Grove" which is recorded in the Land Records of Baltimore County in Liber 5, Folio 81.

IN RE: PETITION FOR VARIANCE	BEFORE THE
N/S of California Avenue,	DEPUTY ZONING COMMISSIONER
430' E of Harford Road	OF BALTIMORE COUNTY
(3010 California Avenue) -	Case No. 86-255-A
14th Election District	
Anthony J. DiPietro,	
Petitioner	

The Petitioner herein requests a variance to permit an accessory structure (satellite dish) to be located in the side yard in lieu of the required rear yard and 30 feet high in lieu of the required 15 feet.

Testimony by the Petitioner indicated that prior to installation of the dish 14 months ago, he made inquiries of the County as to whether a permit was required and came to the conclusion that it was to be treated as an antenna requiring no permit. One satellite dish company evaluated the site and indicated that it was impossible to locate a dish so as to have reception; another company indicated that reception would be possible only if a 10 foot dish were installed on a 30 foot pole (Petitioner's Exhibit 2). The Petitioner installed a 10 foot diameter black mesh dish on a 30 foot pole anchored by a set of brackets to the house and by guy wires, one to the roof and two to the ground, as shown on the plan submitted, marked Petitioner's Exhibit 1.

After due consideration of the testimony and evidence presented, and it appearing that strict compliance with the Baltimore County Zoning Regulations (BCZR) would result in practical difficulty and unreasonable hardship upon the Petitioner, and the granting of the variance requested would not adversely affect the health, safety, and general welfare of the community, and, therefore, the variance should be granted.

Therefore, IT IS ORDERED by the Deputy Zoning Commissioner of Baltimore County, this 18th day of December, 1985, that the herein Petition for Variance to permit an accessory structure (satellite dish) to be located in the

side yard in lieu of the required rear yard and to be 30 feet high in lieu of the required 15 feet, in accordance with the plan submitted and filed herein, marked Petitioner's Exhibit 1, is hereby GRANTED, from and after the date of this Order, subject, however, to the following restrictions:

1. An engineer or a representative of the Baltimore County Department of Permits and Licenses shall inspect the dish and submit a statement for the file, within sixty (60) days from the date of this Order, that the dish installation is structurally safe.
2. A permit shall be obtained from the Baltimore County Department of Permits and Licenses if deemed necessary by that Department.
