RENEW PLICATION—ALCOHOLIC BEVER LICENSE.	
State of Maryland	
1985	
READ CAREFULLY ALL QUESTIONS ON BOTH SIDES MUST BE FULLY ANSWERED.	
This application must be filed on or before March 31, 1985 at the Office of the Board or you may be	
fined an amount not to exceed \$50 for each day the application is late, up to a maximum cumulative amount of \$500 for an application filed during the month of April. If the application for renewal is	200
not received by April 30, 1985, your license will be VOIDED. This will necessitate the filing of a new application and the advertisement of same at a cost of \$100.00. Any such application will only be con-	
sidered if there are new licenses available in your Election District. (See Article 2B of the Public	
General Laws, 1984 edition as amended.) Extract from Section 198 of Article 2B of the Law: If any signed statement, affidavit or oath	**
required under the provisions of this Act shall contain any false statement, the offender shall be deemed guilty of perjury, and upon indictment and conviction thereof, shall be subject to the	
penalties provided by law for that crime.	
CLASS LICENSE,	
To the Board of Liquor License Commissioners for Baltimore County: Application is made by the undersigned for a renewal of the above class of license under the provisions	
of the State Alcoholic Beverage Law. There is submitted herewith the following statements and information required.	
LICENSEE(S)

a need for parking mostly during the day; and the restaurant use would create peak use during late evening and night. These different parking needs would be more than adequately met by the parking on the site and would be better satisfied if the use permit for 3 Bishops Lane, zoned R-O, were approved. If the leased parking arrangement were considered, then approximately 90 spaces would be provided.

Mr. Reincke, Mr. Sarwar, and Mr. Clark oppose the granting of the use permit for parking on 3 Bishops Lane. They argued, and are supported by the Department of Traffic Engineering, that Bishops Lane is too narrow for commercial access to be permitted. Although perhaps Mr. Sarwar would object, neither Mr. Reincke nor Mr. Clark would oppose some parking on 3 Bishops Lane if access onto Bishops Lane was not permitted.

Mr. Decker and Mr. Dickler oppose both the use permit and the requested variance, fearing that the proposed uses would create traffic congestion and cause parking problems on the surrounding residential streets.

The Petitioners seek an interpretation of Section 104.1, pursuant to Section 500.7; relief from Section 409.4, pursuant to Section 502.1; or in the alternative, relief from Section 409.2.b.(3), (5), and (6), pursuant to Section 307, Baltimore County Zoning Regulations (BCZR).

First, the lease arrangement with the owner of 585 Frederick Road, although not included in the requested variance to permit 61 parking spaces but which is being used to minimize the impact of any variance requested, came under attack by the Protestants. They pointed out that Steuart Petroleum Company (Steuart) leases the property and, in turn, sublets to the present occupant, i.e., the service garage, retaining the right to maintain a fuel oil loading rack. Steuart has not agreed to any lease arrangement with the Petitioners. See Protestants' Exhibit 1 and Protestants' Exhibits 3 and 4

00 Statement of owner of premises required under Article 2B of the Public General Laws governing the sale of I-WE HEREBY CERTIFY, That I am-we are the owner(s) of the property known to the Board of Liquor License Commissioners for Baltimore County under the Alcoholic Beverage Laws of Maryland expiring April 30, 1984, that I-we assent to the granting of the renewal license applied for and that I-we hereby authorize the State Comptroller, his duly authorized deputies, inspectors and clerks, the Board of Liquor License Commissioners for Baltimore County, its duly authorized agents and employees and any peace officer of Baltimore County to inspect and search, without warrant, the premises upon which the business is to be conducted, and any and all parts of the building in which said business is to be conducted at any and WITNESS my-our hand(s) and seal(s) this_____ (Residence)

would require 53 parking spaces, and the office/retail use, permitted in a B.L. Zone as or right, would require 42 spaces.

Although the office/retail use will expand, the Petitioners are able to delete the area originally assigned to storage area in Case No. 83-160-SPHA, thereby providing 14 parking spaces on property purchased on Bishops Lane, which is located contiguous and perpendicular to the instant site. One-half of a duplex presently exists on this site, i.e., 3 Bishops Lane, which the Petitioners propose to raze in order to provide 14 parking spaces. Ghulan Sarwar, the owner of the other half of the duplex, 1 Bishops Lane testified, predictably and understandably, in opposition to this plan. John Reisinger, Buildings Engineer for Baltimore County, testified that, in his professional opinion, to raze half of this duplex would be very difficult and expensive. Duplexes, he stated, were never intended to be physically separated.

The Petitioners have also entered into a lease agreement with the owner of the service garage at 585 Frederick Road, which is located adjacent to the Petitioners property on the corner of Frederick Road and Bishops Lane, to permit 29 parking spaces to be used by the Petitioners. See Petitioners'

The Petitioners' cumulative testimony argued that (1) the restaurant, although located elsewhere in the same building, still enjoys the benefit of not having to provide parking; (2) the 47 parking spaces provided on the site are more than what is required for the office and retail use; or, in the alternative, (3) the 61 spaces which would be provided if the restaurant is \bigvee required to have its parking quotient are sufficient. The latter argument is buttressed by the contention that the services provided to customers have different peak hours of use. The office uses would create peak hours in the morning and early evening, 4:30 p.m. to 6:00 p.m.; the retail use would create

the Petitioners' customers utilizing his property, which was previously granted a parking variance.

Testimony indicated that the subject property, zoned B.L. and R-O and located on Frederick Road, is improved with a building, constructed in at least the 1880's, which has been continuously utilized as a hotel and restaurant. In Case No. 83-160-SPHA, the existence of the restaurant was found to pre-date the establishment of zoning in Baltimore County. The significance of that conclusion relates not to the use itself, which today is permitted as of right in a B.L. Zone, but to the existence, or lack thereof, of the requisite parking. Although the decision decreed the parking spaces located in the rear of the property zoned D.R.16 (now zoned R-O), no use permit was required because the parking also pre-dated zoning in Baltimore County. The finding of facts leading those conclusions of law determined that the restaurant need not meet current parking requirements since the use and any need for parking pre-dated the adoption of the zoning regulations. In fact, in Case No. 83-160-SPHA, the Petitioner wanted to construct additional storage space and provide office space and argued that the 38 existing spaces were sufficient to satisfy the parking requirements for the square footage assigned to those latter uses. Notwithstanding that all of the spaces were located in the p.R.16 Zone, it was decided that the location was nonconforming.

the Petitioners currently wish to reduce the area of the restaurant from 4,680 square feet to 2,624 square feet. The office use has increased from 4,680 square to 11,882 square feet, and 2,435 square feet of retail space has also been proposed. Obviously, all of the office and retail use will require

IN RE: PETITIONS SPECIAL HEARING AND ZONING VARIANCE Parcel 1 - S/S of Frederick Road, 115.5' E of Bishops Lane (583 Frederick Road)

Parcel 2 - E/S of Bishops Lane, 192.5' S of Frederick Road (3 Bishops Lane) -1st Election District

James E. Crawford, et al,

BEFORE THE

ZONING COMMISSIONER OF BALTIMORE COUNTY

Case No. 87-240-SPHA

Petitioners *

FINDINGS OF FACT AND CONCLUSIONS OF LAW

* * * * * * * * *

The Petitioners herein request an amendment to the site plan approved in Case No. 83-160-SPHA in order to allow a use permit for business parking on property zoned residential (R-O), which is contiguous to their property, and additionally, confirmation of an existing nonconforming use as a restaurant with insufficient parking thereto or, in the alternative, a variance to permit 61 parking spaces in lieu of the required 95 spaces, as more particularly described on Petitioners' Exhibit 1.

The Petitioners appeared and were represented by Mr. Crawford, an attorney. Thomas B. McGee; Joseph McGraw, a registered land surveyor and civil engineer (not registered); and Michael Reagan, a contractor, testified on behalf of the Petitioners. William Monk, an expert land planner, testified for the purpose of clarifying Case No. 83-160-SPHA. Paul Reincke, an adjoining property owner on Bishops Lane; Jim Clark, another property owner on Bishops Lane; Gordon Dickler, a property cumer on Holmehurst Avenue; and Richard Decker, President of the Nomehurst Community Association, testified in opposition in wazying degrees. Thomas Booth, a commercial property owner across Frederick Road from the instant site, testified solely as to his opposition of

8-18-87

(OVER) My Commission Expires: 7-1-86

The restaurant was then located on a lower level than now proposed, and

expansion of the existing historic building. The restaurant, as proposed,

(photographs of oil tankers being loaded). The service garage, however, requires seven spaces, i.e., four bays and three spaces outside, which in actuality would reduce the 29 spaces allegedly available to the Petitioner to 26 spaces. The Protestants argued that this, combined with the questionably valid lease agreement, the location and existence of the fuel oil loading rack, and the existence of an outdoor advertising sign in the left front of the service garage on Frederick Road, raise doubt that 26 spaces could be set aside for use by the Petitioners. They also object to any access being provided onto Bishops Lane.

Bishops Lane is too narrow, and 3 Bishops Lane is zoned R-O and has been used for residential purposes. The Petitioners have not met their burden under Section 502.1, and if the proposed use were granted, the public health, safety, and general welfare would be adversely impacted by the resulting traffic congestion, and therefore, the use permit should be denied. Even if access were prohibited onto Bishops Lane, the danger to Mr. Sarwar and the negative impact to Mr. Reincke far outweigh the benefits, and if the duplex were not cut in half, the latter would still prove true.

It is clear that the use of the terms "use permit" and "special excep-"ion" are intended to be interchangeable and that the import of either is the same. See Hofmeister v. Frank Realty Co., 373 A.2d 273 (1977). The request for a use permit under Section 409.4 is in reality a request for a special Pexception. Therefore, in order for a use permit to be approved, the property owner must satisfy the burden of proof required by Section 502.1.

It is also clear that the BCZR permits the use requested by the Petitioners in an R-O Zone by special exception. It is equally clear that the proposed use would be detrimental to the primary uses in the vicinity. It must be

determined whether the conditions as delineated by Section 502.1 are satisfied by the Petitioner.

After reviewing all of the testimony and evidence presented, it appears that the special exception should not be granted.

The Petitioners had the burden of adducing testimony and evidence which would show that the proposed use met the prescribed standards and requirements set forth in Section 502.1. In fact, the Petitioners have not shown that the proposed use would be conducted without real detriment to the neighborhood and would not adversely affect the public interest. The facts and circumstances show that the proposed use at the particular location described by Petitioners' Exhibit 1 would have an adverse impact above and beyond that inherently associated with such a special exception use, irrespective of its location within the zone. Schultz v. Pritts, 432 A.2d 1319 (1981).

The proposed use will be detrimental to the health, safety, or general welfare of the locality and will tend to create congestion in roads, streets, or alleys therein. It will be inconsistent with the purposes of the property's zoning classification and inconsistent with the spirit and intent of the BCZR.

However, the validity of the lease agreement entered into by the Petitioners and the owner of 585 Frederick Road is immaterial; rather, it is a civil contractural dispute between the property owner, Steuart, and the Petitioners. The property is zoned B.L., and an automobile parking lot is permitted as of right. As long as the service garage has its legally required parking, any additional spaces could be leased to the Petitioners for their use. Access off Bishops Lane to this site can be regulated through the normal permit process by which the Petitioners must satisfy not only Baltimore County but the Maryland Department of Transportation, State Highway Administration. The Petitioners would also need to present a site plan to the Zoning Office showing the number and size of the spaces. As long as the regulations are satisfied, and they are indeed technical in nature, there is no authority to prevent the use of a parking lot. The Petitioners have the right to pursue this goal. The choice is theirs.

The issue is thus reduced, i.e., should the restaurant be counted in the parking computation, and if it is, are 47 spaces sufficient. If it is not, then no variance would be needed.

The decision in Case No. 83-160-SPHA is legally binding and speaks for itself. However, the move to a different location within the building and a reduction to one-half of its original size raises the question of whether the nonconforming use has been lost.

The restaurant is not nonconforming, but the parking lot in the residential portion of the property is. Without question, the restaurant has been in use continuously since before 1945, and if the zoning did not permit restaurants as of right, then it would be nonconforming. However, the property is zoned B.L., and the restaurant is in fact permitted. Therefore, the move from one floor to another does not impact the nature of the use, it is still permitted as of right. It is the lack of parking for the restaurant that is the core of the issue here.

The existing restaurant did not require any parking because no parking had been necessary and none provided prior to the adoption of the zoning regu-/ lations. See the approved site plan submitted in Case No. 83-160-SPHA. The referenced site plan specifically delineates 38 spaces, correlating to the Zoning Commissioner's decision which assigned these spaces to the offices and

- 7 -

the then proposed addition. The nonconforming parking lot in a residential zone was clearly found to serve these latter uses, not the restaurant.

The Petitioners are not proposing to change the use of the parking lot, except to add nine spaces. Such expansion certainly does not violate Section 104.1, which is the applicable regulation. Such expansion is permissible as long as the nature and character of the use is unchanged. See Wilson v. Commissioners of Elkton, 371 A.2d 443 (1977). The increase in spaces constitutes an intensification and not an extension and is therefore permissible. Feldstein v. Lavale Zoning Board, 227 A.2d 731 (1967).

Inasmuch as Case No. 83-160-SPHA determined that the restaurant did not require parking, the existing 47 spaces in an off-street parking area zoned R-O, nonconforming in itself, satisfies the parking requirements for the office and retail space proposed.

Therefore, IT IS ORDERED by the Zoning Commissioner of Baltimore County, this 29^{20} day of January, 1987, that the amendments to the site plan approved in Case No. 83-160-SPHA to reflect 47 parking spaces in lieu of the 38 spaces previously approved and the proposed additions to the building be and are hereby GRANTED; a use permit for business parking in an R-O Zone (3 Bishops Lane) be and is hereby DENIED; and the Petition for Zoning Variance to permit 61 parking spaces in lieu of the required 95 spaces be and is hereby DISMISSED as moot, from and after the date of this Order, subject, however, to the following restrictions which are conditions precedent to the relief granted herein:

- 1. The Petitioners shall submit detailed floor plans to the Zoning Commissioner for approval prior to leasing and/or utilizing any space within the
- 2. The Petitioners shall notify the Zoning Commissioner if a parking problem exists on the site by January 29, 1988. If one does exist, the Petitioners may refile for a use permit for parking

PETITIONS FOR SPECIAL HEARING AND VARIANCE

1st Election District Case No. 87-240-SPHA

LOCATION:

Parcel No. 1 - South Side of Frederick Road, 115.5 feet East of Bishops Lane - 583 Frederick Road; Parcel No. 2 - East Side of Bishops Lane, 182.5 feet South of Frederick Road - 3 Bishops Lane

0

DATE AND TIME: Monday, December 22, 1986, at 11:30 a.m.

PUBLIC HEARING: Room 106, County Office Building, 111 W. Chesapeake Avenue,

The Zoning Commissioner of Baltimore County, by authority of the Zoning Act and Regulations of Caltimore County, will hold a public hearing:

Petition for Special Hearing to approve a request to negate the nonconforming parking/ restriction and to amend the plans granted in Case No. 83-160-ASPH and a use permit for business parking in an R.O. Zone (2 contiguous lots)

Petition for Zoning Variance to permit 61 parking spaces in lieu of the required 95 spaces

Being the property of <u>James E. Crawford</u>, et al plan filed with the Zoning Office.

In the event that this Petition(s) is granted, a building permit may be issued within the thirty (30) day appeal period. The Zoning Commissioner will, however, entertain any request for a stay of the issuance of said permit during this period for good cause shown. Such request must be received in writing by the date of the hearing set above or made at the hearing.

December 22, 1986

L. Wakowske, Sec. TO WHOM IT MAY CONCERN:

As President of the HOLMEHURST COMMUNITY
ASSOCIATION, I am here to protest the changing of zoning
and/or granting of any form of variance that would increase
and/or granting of any form of variance that would increase
the traffic in the Catonsville corridor. In particular I
the traffic in the Catonsville the Toll House has not been in
think that the recent work on the Toll House has not been in
the best interest of the community.

I have three points that I want to make:

FIRST: The traffic now on Frederick Road is so bad that we cannot make a left turn from our street at certain times of the day. There have been numerous accidents in this location caused by the traffic increase brought about by recent expansion of businesses in the area.

SECOND: The Zoning/Planning Department has studied and set down rules and laws that they feel are necessary for good community development and that describe what an owner must provide in order to expand his business. What is my understanding that the owner of the Toll House has It is my understanding that the owner of the Toll House has gone ahead with expansion construction with total disregard for these laws, expecting the community to move over. for these laws, expecting the community to everyone in Zoning and Planning laws should apply equally to everyone in this county. this county.

THIRD: In all of these Zoning/Variance disputes there can be only one winner. If our Government Officials grant the change, the Developer wins, even if he has broken grant the change, the Developer wins, even if he has broken the law. If they do not grant the variance, the people are merely even. We the people have to work to protect our merely even. We the people have to work to protect our rights with no chance of gain, whereas the Developer gets rights with no chance of gain, whereas the Developer gets all the benefits; and when they do win, it costs us in many ways, such as:

ways, such as: 1. If the Toll House is granted a variance allowing a larger business to operate with fewer than the required number of parking spaces, the customer parking will probably overflow into our residential street.

2. During construction, we are inconvenienced, having to put up with noise, dirt, traffic, loss of use of public facilities (the Toll House has blocked off the sidewalk for months) and usually runoff pollution of mud and sediment sediment.

Mr. Armold Jablon Zoning Commissioner Baltimore County, Md.

Re: Case #87-240 SPHA

Dear Mr. Jablon:

Regarding the property located at 585 Frederick Road in Baltimore County, please be advised that this property is leased by Stewart Petroleum Company from Mr. John H. West. Enterprise Fuel Company, a division of Steuart Petroleum Company, leases the front portion of the property to Mr. Jeffrey Holden, who in turn uses the property for auto repairs.

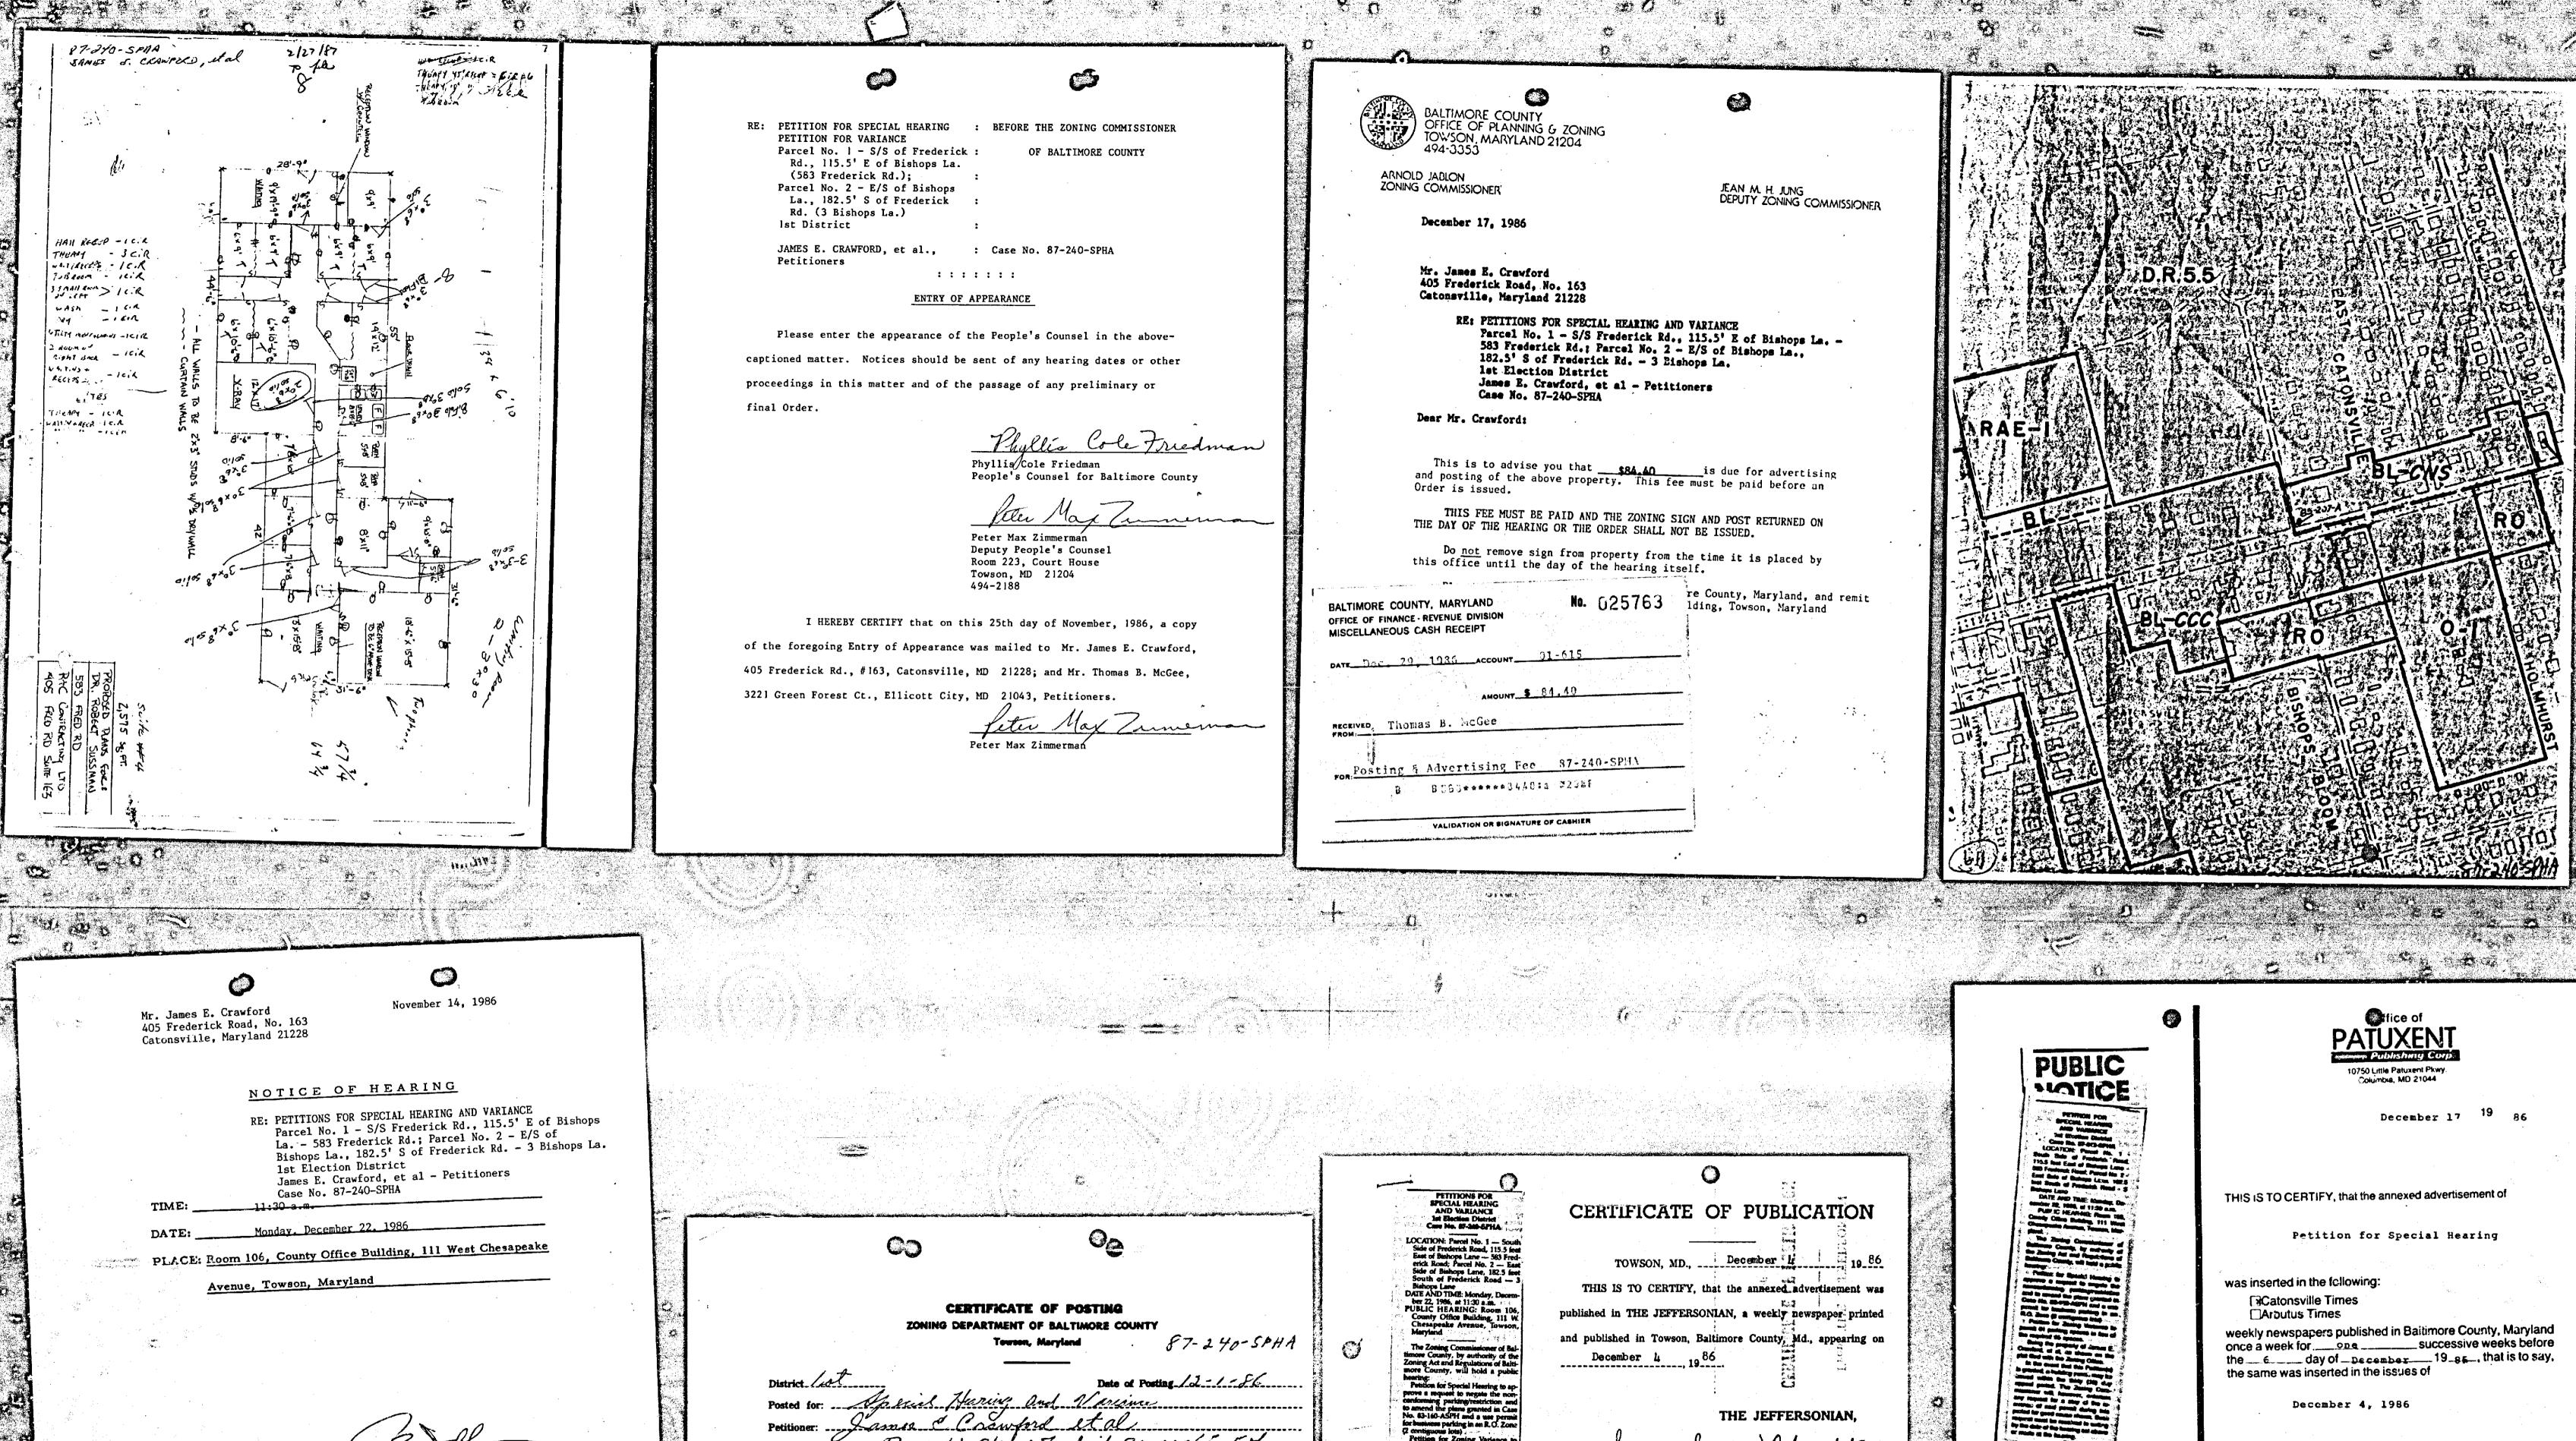

At the same time, Enterprise Fuel Company maintains a fuel oil loading rack at the rear of this property. It is important that this portion of the property be kept clear at all times and, therefore, Enterprise Fuel Company has not given permission to any party to use that portion of the property for parking.

Sincerely yours,

ENTERPRISE FUEL COMPANY

PATUXENT PUBLISHING CORP

PROXIMITY TO SCHOOL ZONE: Bishops lane abutts the school zone at the playground of Catonsville Elementry school. Young childrens use this playground. Also children going to elementry school & Catonsville middle school have to walk through Bishops lane which does not have any sidewalks and most of the time these children will be walking right on the street. any increase in vehicular traffic on this street will be very dangerous for these children.

7-SETBACK REQUIREMENT: Petitioner's property on Frederick Rd is already violating the satback requirement of the building code. on account of the lack of available off-street parking a building permit to construct a 16,940 sq ft mix use building should not have initially been issued.

This plan is likely to stir a lot of litigation between the parties involved and is not in public interest. we strongly brge the zoning commission to deny the petition.

Baltimore Dec 17,86

The Zoning Commissioner for Baltimore County 111-W Chesapeake Av Towson MD-21204

ZONANG OFFICE

SUBJECT: -PETITION FOR SPECIAL HEARING AND ZONING VARIANCE SAMOS &. CRAWFOR, etal CASE NO. 87-240 SPHA

Dear Sir,

We the undersigned members of Bishops lane residential community strongly protest the proposals put forth by the petitioner in the aforesaid petition to approve a request to negate the mon-conforming parking restriction and to amend the plans granted in case no. 83-160-ASPH and a use permit for business parking in a R.O. zone (2 contiguous lots). Also a petition for zoning variance to permit 61 parking spaces in lieu of the required 95 spaces. Our protest is based on following grounds.

1-CONGESTION: The adjacent property at 585-Frederick Rd where additional spaces have been obtained via a lease arrangement is unable to meet the additional demand for parking without causing extraordinary congestion. The aforesaid property is being used by a repair garage for parking their own vehicles and the vehicles coming in for repair belonging to their clients. Also on this property is a large leased Billboard and a 20,000 gallons oil tank. Oil tank is leased by a fuel oil co. Oil tank trucks pump oil from this tank frequently. Therefore space indicated on the plans can not be entirely used for parking.

2-STRUCTURAL DAMAGE: The structure at #1 and #3 Bishops lane are two single dwellings built as a duplex. If #3 Bishops lane which is half of the duplex is razed according to the plan it will cause structural damage to the other half.

3-IMPACT: Opening up a commertial parking lot at Bishops lane will change the residential character of this street.

A-NUISANCE: Parking lot as proposed at #3 and #5 Bishops lane will be located in between the residential properties at #1 and #9 Bishops lane and will be used by the patrons of the tavern located on petitioner's property at odd hours. Vehicular traffic at midnight and 2 A.M in the morning will not be uncommon. This will create a nuisance for all the neighbouring families.

5-DANGEROUS: Bishops lane is a small residential street, is very narrow and does not have any sidewalks. Pedestrians have to walk right on the street. Traffic on this street is in worse shape as it is and commercial traffic exiting on Bishops lane will further aggravate the problem.

We the andersigned members of Bishops Lane residential

community strongly protest the proposals put forth in case number 87-240-SPHA scheduled for hearing Dec 22, 86 11.30 A.M

21228, and/or business parking in a residential zone and to amend petition and plans filed in zoning hearing SPHA 83-160. Area: .54 Acres (B.L.) .15 Acres (R.O.) District: 1st Election District

Dear Mr. Jablon:

On review of the site plan of 9-5-86 for Special Hearing and variance at #583 Frederick Road the State Highway Administration offers the following comments.

With the proposed use of #583 Frederick Road requiring a total of 95 parking spaces and the on site condition permit only 61 parking spaces, the State Highway Administration has serious concerns about the 29 off site spaces located at #585 Frederick Road.

The existing access and proposed on site traffic flows are not acceptable to the State Highway Administration - Bureau of Engineering Access Permits.

The existing or reconstructed entrance 100'+ east of Bishops Lane exceeds S.H.A. Standards by 8' (35' maximum entrance width) and the S/E quadrant of Frederick Road, Route 144, and Bishops Lane is unacceptable for access and is void of radius return improvements.

Dear Mr. Crawford:

The Zoning Plans Advisory Committee has reviewed the plans submitted with the above-referenced petition. The following comments are not intended to indicate the appropriateness of the zoning action requested, but to assure that all parties are made aware of plans or problems with regard to the development plans that may have a bearing on this case. The Director of Planning may file a written report with the Zoning Commissioner with recommendations as to the suitability of the requested zoning.

Enclosed are all comments submitted from the members of the Committee at this time that offer or request information on your petition. If similar comments from the remaining members are received, I will forward them to you. Otherwise, any comment that is not informative will be placed in the hearing file. This petition was accepted for filing on the date of the enclosed filing certificate and a hearing scheduled accordingly.

April 23, 1986

Mr. Phillip R. Leyhe, Chairman Board of Liquor License Commissioners for Baltimore County County Office Building 111 W. Chesapeake Avenue Towson, Maryland 21204

RE: McPatrick's Pub, Inc.

Dear Mr. Leyhe:

I wish to apologize for the late filing of the Renewal Application for the Liquor License of McPatrick's Pub, Inc. As you may be aware, we are involved in a major rehabilitation of the premises of the Pub at 583 Frederick

Needless to say, we have encountered numerous delays because of structual and financing problems. All of these matters have since been resolved and we should begin in earnest to bring about the completion of the building and bar/restaurant. Most of the problems that we had to resolved occured around the time for renewal and the renewal simply escaped us. I trust that everything is now in order and we hope to open the bar/ restaurant by the end of August or beginning of September.

Anticipating your understanding in this matter, I remain.
