Zoning Petition Nos. 88-57-XA, 88-58-XA, 88-59-XA, 88-60-XA and 88-61-XA
SUBJECT: Hooks Lane Executive Park, Lots 1 - 5

Plans for this office park were approved by the CRG on April 30, 1987, subject to the granting of the zoning requests. Despite this conditional approval, there are some comments by the CRG that are of particular concern:

"The Statement of Legislative Policy for R.O. zones, Baltimore County Zoning Regulations 203.2 state that "It is not the R.O. classification's purpose to accommodate a substantial part of the demand for office space, it being the intent of these Zoning Regulations that office-space demand should be met primarily in C.T. districts, C.C.C. district, and to a lesser extent, in other commercial areas".

The Zoning Commissioner will require hearings for five special exceptions for the five proposed Class "B" office buildings. As the total site area is in excess of 7 acres, and total proposed developments in 96,000 square feet, the CRG should request an opinion from the Zoning Commissioner as to whether the intent of the R.O. legislation is being met.

As the site presently contains a number of single family residences surrounded by extensive mature trees, an "existing conditions sign" should accompany the submission for special exception, so that the Commissioner may make an informed decision as to the relative merits of Class "B" development, as opposed to Class "A".

This office cannot comment on the requested variances in that the submissions do not include any detail of the proposed signs.

RE: Appeal of CRG Approval For
Hooks Lane Executive Park

Dear Mr. Markle and Mr. Fields:

On behalf of our clients, the individual members of Hooks Lane Improvement Association, Inc., and the Association, please note an appeal to the County Board of Appeals from the CRG approval of April 30, 1987, for Hooks Lane Executive Park.

Among the reasons for this appeal, are the following:

1. Major concerns concerning the impact of traffic on Hooks Lane, already heavily burdened by traffic, particularly as it affects the various residential communities on both sides of Hooks Lane to the east of the subject property.

2. The size and scale of the project, with approximately 96,000 square feet of office space and its effects on the various Hooks Lane residential communities.

3. Such other and further matters as may be disclosed by a careful study of the matter, including but not only matters disclosed by the special exception cases concerning the proposed Class B office buildings.

We enclose our check in the amount of \$75.00 to cover the cost of this appeal, made payable to Baltimore County.

Finally, by a carbon copy of this letter directed to the Zoning Commissioner, we are asking him to enter the appearance of our firm in any special exception case which has been filed

or which may be filed concerning Hooks Lane Executive Park for Class B office buildings and variances per the CRG.
