Mr. Lawrence E. Schmidt,  
Zoning Commissioner for Baltimore County  
400 Washington Avenue  
Towson, MD 21204

RE: Opinion Letter/ Case No: 93-65-SPHXA/ 3310 Black Rock Road (the "Property")

Dear Mr. Schmidt:

I represent Mr. Ed Royston who is the new owner of 3310 Black Rock Road. I have spoken to you on two occasions on the telephone with regard to this Property and I would first like to thank you for the help and direction which you have given to me. I write this letter seeking an opinion as to your Order in the above referenced case. I am enclosing a copy of the Order for your convenience.

In the Order, a mobile home was designated as the primary residence on the Property. Additionally, it was ordered that there shall be no new construction on the site, which was apparently forbidden because of the large amount of debris and various structures which had accumulated under the prior owner.

The current situation under Mr. Royston is as follows: The mobile home which is designated as the primary residence by your Order is fast deteriorating. Mr. Royston would like to remove the mobile home and to build a new home which would replace the mobile home as the primary residence. This would not violate the R.C.2 zoning as there would remain only one principal dwelling, according to Mr. Bruce Doak, the surveyor who appeared on behalf of the prior owner and who is very familiar with this Property. He did however recommended that I request an opinion letter as to how to proceed and to find out specifically, if a new Special Hearing would be required in order for Mr. Royston to remove the mobile home and build a new home as his primary residence. Enclosed, please find a check in the amount of \$40.00. Thank you in advance for your time.

Sincerely,

*Jason H. Brand*

IN RE: PETITIONS FOR SPECIAL HEARING, SPECIAL EXCEPTION & VARIANCE - NE/2 Black Rock Road, 2000' S of Benson Mill Road (3310 Black Rock Road) 5th Election District 3rd Councilmanic District

\* BEFORE THE \* ZONING COMMISSIONER \* OF BALTIMORE COUNTY \* Case No. 93-65-SPHXIA

Cheryl Blevins  
Petitioner

AMENDED ORDER

WHEREAS, this matter came before the Zoning Commissioner for Baltimore County as Petitions for Special Hearing and Special Exception filed by the legal owner of the subject property, Cheryl Blevins, seeking relief as to the use of a dwelling and mobile home on the subject property and the withdrawal of a pending zoning violation case; and,

WHEREAS, by Order issued December 4, 1992, the relief requested was granted, subject to restrictions, but for that portion of the Petition for Special Hearing seeking withdrawal of the zoning violation case, said portion of that Petition being dismissed as moot; and,

WHEREAS, communications have been received from both the Petitioner and the Protestants seeking a clarification of the Order issued and the restrictions contained therein; and,

WHEREAS, the Petitioner seeks an amendment of Restriction No. 1 of the prior order, requesting a deletion of the requirement that the well serving the existing dwelling and barn be capped. Particularly, the Petitioners note that the aforementioned well serves both the dwelling and barn structure, and although agreeable to severing the connection between the well and dwelling unit, the Petitioner wishes to continue to have the well serve the barn; and,

WHEREAS, the Protestants have filed a Motion for Reconsideration requesting a modification of the restrictions previously set forth and/or a reconsideration of the relief granted in the Order issued December 2, 1992;

WHEREAS, upon reconsideration of the testimony and evidence presented, including the modifications requested herein, certain amendments to the prior order shall be made.

WHEREFORE, IT IS ORDERED by the Zoning Commissioner for Baltimore County this 31/8 day of December, 1992 that Restriction No. 1 of the Order issued December 2, 1992 shall be deleted in its entirety and replaced with the following:

1) The Petitioner shall not allow the human occupancy of the existing dwelling. To ensure that it remains uninhabitable, the Petitioners shall cap the well and septic system serving the dwelling; however, water service to the barn shall be permitted to remain. Notwithstanding the uninhabitability of the dwelling, the Petitioner shall maintain the dwelling in an appropriate state of repair, both cosmetically and structurally. It is the intent of this restriction to require the Petitioner to maintain the appearance of the dwelling and its structural viability to prevent the dwelling from becoming a danger to the Petitioner and the public and to prevent same from becoming an eyesore to the community and a detriment both economically and aesthetically to the surrounding locale.

IT IS FURTHER ORDERED that all other provisions, restrictions and conditions of the Order issued December 2, 1992, shall be readopted herein and remain in full force and effect.

IN RE: PETITIONS FOR SPECIAL HEARING, SPECIAL EXCEPTION & VARIANCE - NE/2 Black Rock Road, 2000' S of Benson Mill Road (3310 Black Rock Road) 5th Election District 3rd Councilmanic District

\* BEFORE THE \* ZONING COMMISSIONER \* OF BALTIMORE COUNTY \* Case No. 93-65-SPHXIA

Cheryl Blevins  
Petitioner

FINDINGS OF FACT AND CONCLUSIONS OF LAW

This matter comes before the Zoning Commissioner for Baltimore County as Petitions for Special Hearing and Special Exception filed by the legal owner of the subject property, Cheryl Blevins. As to the Petition for Special Hearing, the Petitioner seeks relief from two divergent Sections of the B.C.Z.R. First, the Petitioner requests an interpretation of Section 1A01.2.B.7 of the Baltimore County Zoning Regulations (B.C.Z.R.), to designate the use of a mobile home as a principal residence, notwithstanding that said mobile home was previously permitted as a tenant farmer dwelling. The Petitioner also seeks the designation of a dwelling previously used as the principal residence as an accessory use. Second, under the Petition for Special Hearing, the Petitioner seeks variance relief from Sections 400.1 and 400.3 of the B.C.Z.R. to permit an accessory structure to be located in the front yard in lieu of the required rear yard, and to permit said accessory structure with a height which exceeds 15 feet. As to the Petition for Special Exception, the Petitioner seeks approval of a trailer for residential purposes on the subject property, pursuant to Section 415.1.d of the B.C.Z.R. All of the relief requested is more particularly described on Petitioner's Exhibit 1.

It should be noted that the Petitioner also requests within the Petition for Special Hearing, the withdrawal of pending Zoning Violation

Case No. SP-02005-91 and the abatement of the fines assessed therein. Inasmuch as this case is pending in the District Court of Maryland and outside of my jurisdiction, this relief cannot be granted and shall be dismissed as moot.

Appearing at the public hearing on behalf of the Petitions were Cheryl Blevins and her husband, John Blevins. The Blevins were represented by Deborah C. Dopkin, Esquire. Also appearing on behalf of the Petitions was Bruce E. Doak, Registered Professional Land Surveyor. Appearing as Protestants in the matter were numerous individuals who reside in the area, including Mr. & Mrs. James J. Amos, III, Mrs. Blevins' brother and sister-in-law and immediate neighbors. Mr. & Mrs. Amos were represented by Francis X. Borgerding, Jr. Esquire. Also appearing as Protestants in the matter were Robert C. Gerst, Doris Kerlin, Diane Singleton, Dorothy V. Rutkowski, and James and Jennifer Amos. Frank DiMeglio, a Zoning Inspector with the Baltimore County Zoning Administration and Development Management office, also appeared to testify as to his familiarity with the property.

A synopsis of the relevant testimony is appropriate in order to understand the nature of the relief requested and the history of the subject site. The first witness who testified was Bruce E. Doak, the surveyor who prepared the site plan introduced as Petitioner's Exhibit 1. Mr. Doak presented the plan and described the property. Testimony indicated that the subject property, known as 3310 Black Rock Road, consists of 21.00 acres, more or less, zoned R.C. 2. Said property is located in the rural section of Baltimore County adjacent to Black Rock Road. The lot is best described as a narrow, yet deep parcel which abuts Black Rock Road and widens significantly as it extends northeasterly. In terms of improvements, a mobile home is located on the site, approximately 100 feet from Black

Rock Road. Also present is a 30' x 80' barn which has been in place for many years. A small frame dwelling, 28' x 30' in dimension and approximately 60' from Black Rock Road, is also located on-site. This house is also 50 feet from the side property line which abuts Mr. Amos' property. Lastly, a shed is located towards the rear of the subject site. Mr. Doak testified that there are also two corn cribs and two loafing sheds on the site but were not shown on the plan. He also noted that although there were other outbuildings on the site at one time, they have been removed.

As to the special exception request, Mr. Doak commented on the language of Section 415.1.d of the B.C.Z.R. This regulation permits a trailer to be used for residential purposes on a tract of from 1 to 25 acres only upon the granting of a special exception. He testified that the Petitioner and her family currently reside in the trailer, pursuant to its prior approval as a tenant farmer dwelling. The trailer has been improved and additions have been made to same. The Petitioners desire to continue to reside therein and have requested the special exception to legitimize the primary residential use character of the trailer. As to the Petition for Special Hearing, Mr. Doak noted that the Petitioner's father, James J. Amos, Jr., resided in the dwelling on the property until his death in July 1990. It was during his occupancy of the property that the elder Mr. Amos permitted his daughter to move her trailer onto the site in 1988. Due to the nature of the uses on the property at that time, the dwelling house was designated as the principal residence and the trailer as an accessory use. However, coupled with the death of the elder Mr. Amos in July 1990 and the continuing occupancy of the trailer by the Petitioner, a reversal of these designations is requested within the Petition for Special Hearing.

Specifically, the Petitioner desires that the trailer be designated as the primary residence and the dwelling be designated as an accessory use. In Mr. Doak's view, redesignation of the structures in this manner is consistent with the actual uses of the property.

In analyzing the applicable law to the facts presented, Mr. Doak reviewed the standards of Section 502.1 of the B.C.Z.R. He believes that approval of the special exception to permit the trailer on the property would not be detrimental in any manner to the health, safety or general welfare of the surrounding locale.

As to the variances noted within the Petition for Special Hearing, Mr. Doak observed that they are necessary due to the redesignation of the structures on the property. The granting of the first prong of the special hearing relief would result in a designation of the dwelling as an accessory use. In that it has a height in excess of 15 feet and is located in the front yard, the variances requested from Sections 400.1 and 400.3 of the B.C.Z.R. are necessary. Inasmuch as these are existing structures, Mr. Doak observed that the Petitioner would suffer a real practical difficulty if the variances were not granted. The existing dwelling would need to be moved and reduced in height if the variances were denied. Lastly, Mr. Doak noted that no new construction is proposed on the property.

Also testifying was Cheryl Blevins, the Petitioner/resident of the trailer. She indicated that she has lived on the property for much of her life and moved back onto the site in 1988 when the trailer was placed on the subject property. At that time, she qualified for occupancy on the site as a tenant farmer. As indicated above, she testified that her father died in July 1990. She noted that she and her family wish to continue to reside in the trailer and that the dwelling house is in a state of disrepair.

pair. She admitted that certain other family members had resided in the dwelling since her father's death. However, she testified that it was her intention to make the dwelling house uninhabitable and that the tenants have vacated the dwelling as of the date of the public hearing. She wishes to retain the dwelling house but promises same will not be occupied.

On cross-examination, Mrs. Blevins also agreed to restrict the use of the property to only the structures shown on the site plan. She further agreed to complete the clearing and cleaning of the property. Specifically, she agreed to remove certain abandoned vehicles and other junk from the property.

As to the Protestants' testimony, Mr. Amos testified that he moved to the neighboring property in approximately 1978. At that time, his father gifted to him a lot which is shown on the site plan as Lot 1. Shortly thereafter, Mr. Amos constructed the dwelling that exists thereon and now resides there with his wife and family. Following his father's death in July 1990, the entire tract was divided by will and Mr. Amos obtained an additional 17.5 acres which surround his property, and his sister acquired the 21.0 acre parcel which is the subject of this hearing. Mr. Amos testified that he does not object to the special exception and the designation of the trailer as the primary residence. What really concerns him, however, is the deteriorating condition of the Blevins' property. Mr. Amos testified that he is concerned about what he perceives are a great many illegal uses on the site and the volume of junk and debris which has accumulated on the property. Mr. Amos is concerned that if the relief requested is granted, the site will continue to fall into disrepair and the value of his property will be adversely affected.

Mr. Amos' concerns were echoed by his wife, Jacqueline Amos, and Frank DiMeglio, an inspector with the Baltimore County Zoning Administration and Development Management office (ZDAM). Mr. DiMeglio testified as to his familiarity with the property and his numerous inspections thereof. He testified that he has observed numerous violations on site, including junked and abandoned vehicles and an intense accumulation of debris.

The above synopsis, although not comprehensive, reflects the major thrust of the testimony presented by the Protestants.

Turning then to the issues presented, consideration is first given to the special exception for a trailer. A special exception is the granting by the Zoning Commissioner of a use upon the showing that said use complies with the guidelines and standards contained in Section 502.1 of the B.C.Z.R. A special exception is a use which has been predetermined by the Baltimore County Council to be conditionally compatible with the uses permitted as of right in a particular zone. In order for the special exception to be granted, a finding must be made that the standards set forth in Section 502.1 of the B.C.Z.R. have been met. See Rockville Fuel and Feed Company, Inc. v. Board of Appeals of the City of Gaithersburg, 257 Md., 183, 262 A2d, 499 (1970).

The Petitioner had the burden of adducing testimony and evidence which would show that the proposed use met the prescribed standards and requirements set forth in Section 502.1 of the B.C.Z.R. The Petitioner in fact, has shown that the proposed use of the trailer would be conducted without real detriment to the neighborhood and would not adversely affect the public interest. The facts and circumstances do not show that the proposed use at the particular location described by Petitioner's Exhibit 1 would have any adverse impact above and beyond that inherently associated

with such a special exception use, irrespective of its location within the zone. Schultz v. Pritts, 291 Md., 432 A.2d 1319 (1981).

Based on the testimony and evidence presented, I believe that the use of the subject trailer as the primary residence will not be detrimental to the health, safety, or general welfare of the locality, nor tend to create congestion in roads, streets, or alleys therein, nor be inconsistent with the purposes of the property's zoning classification. In my view, the existing trailer should be allowed to remain and its use at this site is not inconsistent with the spirit and intent of the B.C.Z.R.

Having made this determination, the trailer therefore becomes the primary residence on this site and the existing dwelling house becomes the accessory use. In fact, it appears that this designation is appropriate in view of the structural condition of the dwelling. The testimony was clear that the habitability of this house is questionable and that the trailer is a far more appropriate dwelling for the Blevins' family. Thus, based upon these site conditions, I shall also grant that portion of the special hearing seeking a designation of the trailer as the principal residence and the dwelling as an accessory use. In fact, this determination mirrors the actual use of the site since the senior Mr. Amos' death in July 1990.

The reversal of the designation of these improvements having been made, consideration of the second prong of the Petition for Special Hearing must then be considered. In that the dwelling is now to be considered an accessory structure, variances are necessary from Sections 400.1 and 400.3 of the B.C.Z.R. as they relate to the dwelling's location in the front yard rather than the rear yard and its height, which exceeds the permitted 15 feet. In that these are existing conditions, I concur with Mr. Doak's

- 7 -

testimony that the Petitioner would suffer practical difficulty if the variances were denied. In my view, the relief requested sufficiently complies with the requirements of Section 307.1 of the B.C.Z.R. and should therefore be granted. There is no evidence in the record that the subject variance would adversely affect the health, safety or general welfare of the general public. Further, strict compliance with the B.C.Z.R. would clearly result in practical difficulty for the Petitioner.

Notwithstanding my decision to approve both the Petition for Special Hearing and the Petition for Special Exception, I am appreciative of Mr. Amos' concerns about conditions on the property. The photographs of the property he presented as well as a site visit taken by me reveal that the property has fallen into a state of disrepair. Even after the cleaning and clearing of the property testified to by Mrs. Blevins, conditions remain such that the site might be correctly labeled as an eyesore to this community. Failure to keep the site clean and in compliance with the provisions of the B.C.Z.R. would cause real detriment to the surrounding locale. Thus, to ensure that this does not occur, I shall condition my approval of the special exception and special hearing relief with certain restrictions. The first of these will be to prohibit occupancy of the dwelling house. Mrs. Blevins testified that she and her family prefer to reside in the trailer for reasons which are easily apparent upon inspection of the site. Obviously, the trailer is more livable and not in disrepair as is the dwelling house. Therefore, I shall grant the relief requested, but shall impose as a restriction, a condition prohibiting occupancy of the dwelling house. There may come a time when this property is restored, a tenant farmer resides thereon, etc. But that time is not now. At

- 8 -

present, the property owner shall cap the well and septic system serving the dwelling house to insure that no one lives therein.

Secondly, there shall be no new construction on the property and all improvements on the site shall be removed therefrom except those specifically shown on the site plan and approved herein. As previously stated, the site plan shows the trailer, an existing 30' x 80' barn, the dwelling house and an existing shed to the rear of this site. Further, the Petitioner testified that two corn cribs and two loafing sheds are present. These structures/items may remain. However, everything else must be removed, including all untagged vehicles, other storage sheds/cribs, and other debris which is violative of the zoning regulations. By forwarding a copy of this Order to Mr. DiMeglio, I am instructing him to reinspect the property in no less than thirty (30) days from the date of this Order to insure that there has been compliance with this restriction. Further, access to the site should be provided to employees of the Zoning Office at future times to insure that continuing inspections are permitted without hindrance.

Pursuant to the advertising, posting of the property, and public hearing on these Petitions held, and for the reasons stated above, the relief requested in the Petitions for Special Hearing, Special Exception and Variances should be granted.

THEREFORE, IT IS ORDERED by the Zoning Commissioner for Baltimore County this 21st day of December, 1992 that the Petition for Special Hearing for an interpretation of Section 1A01.2.B.7 of the Baltimore County Zoning Regulations (B.C.Z.R.), to designate the use of an existing mobile home previously permitted as a tenant dwelling as the principal residence on the subject property, and the designation of a dwelling which was previ-

- 9 -

ously used as the principal residence as an accessory use, in accordance with Petitioner's Exhibit 1, be and is hereby GRANTED, subject to the restrictions set forth below; and,

IT IS FURTHER ORDERED that the Petition for Special Exception to permit a residential trailer on a tract of from 1 to 25 acres, pursuant to Section 415.1.d of the B.C.Z.R., be and is hereby GRANTED; and,

IT IS FURTHER ORDERED that the Petition for Zoning Variances filed under the Petition for Special Hearing seeking relief from Sections 400.1 and 400.3 of the B.C.Z.R. to permit an accessory structure (existing dwelling) to be located in the front yard in lieu of the required rear yard, and to permit said accessory structure with a height exceeding 15 feet, in accordance with Petitioner's Exhibit 1, be and is hereby GRANTED, subject to the following restrictions:

- 1) The Petitioners shall not allow the human occupancy of the existing dwelling. The Petitioners shall cap the well and septic system serving the dwelling to ensure that it remains uninhabitable.
- 2) There shall be no new construction on the site and all improvements, except those specifically shown on the site plan submitted as Petitioner's Exhibit 1 and identified herein, shall be removed. Said plan shows the trailer, an existing 30' x 80' barn, the dwelling and shed to the rear of this site. Further, the two corn cribs and two loafing sheds which exist on the property may remain; however, all untagged vehicles, other storage sheds/cribs, and other debris which is violative of the zoning regulations shall be removed immediately within thirty (30) days of the date of this Order.
- 3) Upon request and reasonable notice, Petitioners shall permit a representative of the Zoning Enforcement Division to make an inspection of the subject property to insure compliance with this Order in the event it becomes necessary to do so as a result of a complaint. By copy of this Order to the Zoning Administration and Development Management Office, an inspection of the property shall be made in no less than thirty (30) days of the date of this Order to insure compliance with this restriction.

- 10 -

IT IS FURTHER ORDERED that the Petition for Special Hearing seeking the withdrawal of a pending Zoning Violation Case No. SP-02005-91 and the abatement of the fines assessed therein upon approval of the relief requested herein, be and is hereby DISMISSED AS MOOT as this case is pending in the District Court of Maryland and outside of my jurisdiction.

## NOTICE OF HEARING

The Zoning Commission of Baltimore County, by authority of the Zoning Act and Regulations of Baltimore County will hold a public hearing on the property identified herein in Room 106 of the County Office Building, 111 W. Chesapeake Avenue in Towson, Maryland 21204 or Room 118, Old Courthouse, 400 Washington Avenue, Towson, Maryland 21204 as follows:

CASE NUMBER: 93-65-SPHXA  
centerline of Black Rock Road, 1100 S. of Benson Mill Road  
3310 Black Rock Road  
5th Election District - 3rd Councilmanic  
Petitioner(s): Cheryl Blevins  
HEARING: FRIDAY, OCTOBER 9, 1992 at 2:00 p.m. in Room 118, Old Courthouse.

Special Exception to permit a trailer for residential use.  
Special Hearing for an interpretation to determine whether or not the Zoning Commissioner and/or Deputy Zoning Commissioner should approve (a) the use of a mobile home previously permitted as a tenant dwelling to be designated as the principal residence; (b) the use of a building previously used as a principal residence to be modified and thereafter designated as an accessory use; and the withdrawal of case number 930205-01 and the statement of the fines assessed therein upon approval as herein requested.  
Variance to permit an accessory structure to be located in the front rather than rear yard; to permit the height of an accessory building to exceed 15 feet.

RE: Item No. 73, Case No. 93-65-SPHXA  
Petitioner: Cheryl Blevins  
Petition for Special Exception

Dear Ms. Dopkin:

The Zoning Plans Advisory Committee (ZAC) has reviewed the plans submitted with the above referenced petition. The attached comments from each reviewing agency are not intended to indicate the appropriateness of the zoning action requested, but to assure that all parties, i.e. Zoning Commissioner, attorney and/or the petitioner, are made aware of plans or problems with regard to the proposed improvements that may have a bearing on this case.

Enclosed are all comments submitted thus far from the members of ZAC that offer or request information on your petition. If additional comments are received from other members of ZAC, I will forward them to you. Otherwise, any comment that is not informative will be placed in the hearing file. This petition was accepted for filing on the date of the enclosed filing certificate and a hearing scheduled accordingly.

The following comments are related only to the filing of future zoning petitions and are aimed at expediting the petition filing process with this office.

1) The Director of Zoning Administration and Development Management has instituted a system whereby seasoned zoning attorneys who feel that they are capable of filing petitions that comply with all aspects of the zoning regulations and petitions filing requirements can file their petitions with this office without the necessity of a preliminary review by Zoning personnel.

Zoning Plans Advisory Committee

Petitioner: Cheryl Blevins

Petitioner's Attorney: Deborah C. Dopkin

BALTIMORE COUNTY, MARYLAND  
INTER-OFFICE CORRESPONDENCE

TO: Arnold Jablon, Director  
Zoning Administration &  
Development Management

DATE: September 18, 1992

FROM: Pat Keller, Deputy Director  
Office of Planning and Zoning

SUBJECT: Cheryl Blevins Property

INFORMATION:  
Item Number: 73

Petitioner: Cheryl Blevins

Property Size: 21 acres

Zoning: RC 2

Requested Action:

Hearing Date:

**SUMMARY OF RECOMMENDATIONS:**  
This petitioner is requesting a special exception to permit a trailer for residential use. A special hearing to determine if the use of a mobile home previously permitted as a tenant dwelling can be designated as the principal residence; whether the use of a previous principal residence can be modified to an accessory use and the withdrawal of case number SP02005-91 and the abatement of fines assessed. The petitioner is also requesting a variance to permit an accessory structure to be located in the front rather than rear yard; to permit the height of an accessory structure to be located in the front rather than rear yard to exceed 15 feet.

The Office of Planning and Zoning offers no comment on this particular petition but has the following recommendations.

The Office of Planning and Zoning's area planner made a site inspection and found several unlicensed (untaxed) vehicles on site along with other junk and debris. Therefore, this office recommends that all untaxed vehicles be removed from the site and the remainder of the property be cleared of junk and debris.

Also, if the existing home becomes the accessory structure then the exterior of that home should remain residential in character. The porch should be retained and the remainder of the house should not be allowed to deteriorate.

BALTIMORE COUNTY, MARYLAND  
DEPARTMENT OF ENVIRONMENTAL PROTECTION AND RESOURCE MANAGEMENT  
INTER-OFFICE CORRESPONDENCE

TO: Mr. Arnold Jablon, Director  
Zoning Administration and  
Development Management

DATE: September 22, 1992

FROM: J. Lawrence Pilson  
Development Coordinator, DEPRM

SUBJECT: Zoning Item #73  
3310 Black Rock Road  
Zoning Advisory Committee Meeting of August 31, 1992

The Department of Environmental Protection and Resource Management offers the following comments on the above referenced zoning item.

Development of the property must comply with the Regulations for the Protection of Water Quality, Streams, Wetlands and Floodplains.

The existing well serving the farmhouse must be properly abandoned and sealed. A well abandonment form must be submitted to this office. It is recommended that the septic system be pumped out and removed or backfilled.

The Baltimore County Agricultural Land Preservation board reaffirmed on December 17, 1992 that the tenant dwelling was no longer permissible due to the scale and type of farming operation on the property.

Petitioner: Cheryl Blevins

\* BEFORE THE  
\* ZONING COMMISSIONER  
\* OF BALTIMORE COUNTY  
\* Case No.: 93-65-SPHXA

## MOTION FOR RECONSIDERATION

James Amos, III and Jackie Amos, his wife, Protestants, move that the Zoning Commissioner reconsider his Findings of Fact and Conclusions of Law dated December 2, 1992 and as reasons therefore state:

1. That the Zoning Commissioner misconstrued the applicable law and facts in this case and erroneously granted the Petitioner's Petitions for Special Hearing, Special Exception and Zoning Variance filed herein.

2. Protestants assert that the Zoning Commissioner misconstrued the applicable law and facts specifically with regard to approving the designation of the dwelling previously used as the principal residence as an accessory use in light of the testimony and evidence presented at the hearing of the matter concerning the:

- Poor condition of the dwelling and Petitioner's property overall; and
  - testimony of Protestant, Jim Amos, regarding termite and/or bat infestation of dwelling;
  - history of zoning violations on the property; and
  - close proximity of Protestants' property and residence;
- and
- good condition of Protestants' property and residence; and
  - potential impact on the Protestants' property and

surrounding locality.

3. In light of the testimony and evidence produced, the Zoning Commissioner should have denied Petitioner's request to designate the dwelling previously used as the principal residence as an accessory use and ordered its removal or in the alternative conditioned the requested relief upon the requirement that the Petitioner maintain said dwelling in appropriate condition both cosmetically and structurally so as not to be an eyesore or present an unsafe condition for the Protestants and the surrounding locality.

WHEREFORE, the Protestants request:

- That the Zoning Commissioner reconsider his decision as reflected within his Order of December 2, 1992;
- That the Zoning Commissioner deny Petitioner's request to designate the dwelling previously used as the principal residence as an accessory use and order its removal or in the alternative condition the requested relief upon the requirement that the Petitioner maintain said dwelling in appropriate condition both cosmetically and structurally;
- For such other and further relief as the nature of the cause may require.

RE: Case No. 93-65-SPHQA  
(Item No. 73)  
3310 Black Rock Road  
5th Election District  
Cheryl Blevins - Petitioner

Dear Ms. Rutkowski:

Your letter of October 14, 1992, concerning the above-referenced matter, has been forwarded to me by County Executive Roger B. Hayden.

As you know, a public hearing was held on October 9, 1992, and I have been advised that a decision has not been rendered at this time.

Since zoning hearings are quasi-judicial in nature and the zoning commissioner's office is an independent body, the county executive cannot intervene in this process. The process must remain free of interference if it is to successfully protect the interests of all our citizens. However, the concerns outlined in your letter do deserve consideration, which I am sure they will be given before a decision is rendered.

By copy of this letter, I am forwarding your letter to Lawrence E. Schmidt, Zoning Commissioner, so that a copy of the decision can be forwarded to you when a decision is reached.

Sincerely,

ARNOLD YABLON  
Director

Zoning Commissioner

Printed on Recycled Paper

October 14, 1992

Mr. Larry E. Haines  
James Senate Office Building  
Room 403  
Annapolis, Maryland 21401

Dear Mr. Haines,

I am a resident of Baltimore County and attended a zoning hearing on October 9, 1992 at 2:00 p.m. in Room 118 in the Old Court House in Towson. This matter regarded a request for a main residence to be used as a shed, to allow a trailer to be a main residence and to abate the fines on the trailer which have been accruing since October 1991 of \$450.00 a day. The reason for the fines are the violations imposed by Mr. Paul Solomon of the Agricultural Department of Baltimore County that the trailer was illegal.

Last year Mr. Bob Ridgely from the Environmental Department visited the property at 3300 Black Rock Road in May 1991, the property which if this zoning is granted will become a shed but is now rented out as a residence. At that time he told the tenants they could not use the washer because the septic was running over on the property next door, creating a hazard. This was ignored. Ms. Denise Rohl from the same department visited the property on September 7, 1992 at which time she was told the tenants were in the process of moving and they would not be using the washer. She returned in October 1992 and the house was still occupied and citations were to be issued if the property was not vacated by October 7, 1992. The house is still occupied.

Mr. Frank DeMeglio from the Zoning Department has visited the property and issued citations for numerous cars and trailers that were untagged. Please check his file. Mr. Haines please check the Commissioner's file and look at the pictures of this property. The petitioner testified at the hearing that if the house was to remain it would be used to store feed. There is a barn that is about to collapse and two loafing sheds why does she need another shed when there is a grainery in the existing barn? The day before the hearing two buildings were torn down why then when the petitioner has had the property for two years? The debris was thrown in the meadow creating another dump.

This house sits just 60 foot off the road in front of two residences. Would you want a 16 foot high shed in your front yard? The trailer which the petitioner is requesting to be the main residence does not even sit on a foundation, is this legal?

Can anyone have a trailer on twenty one acres in Baltimore County? Can anyone apply for a permit to put an addition on an illegal trailer when you don't own the ground? This was issued. According to the law you need twenty five acres to have a trailer and you can only have one dwelling. Mrs. Blevins stated she wanted the house for sentimental reasons. If she was so sentimental she should have taken the \$29,000 she received and made the necessary improvements and resided there. She has no intention of using this house as a shed. It will continue to be her rental property as it has for two years. This building should be razed.

Mr. Haines, the Blevins' do not live by the law and if these things are granted by Zoning with exceptions, they will continue to do just as they please. Thank you for your cooperation and consideration in this matter.

Sincerely,

Dorothy V. Rutkowski

Mr. Arnold Jablon  
Zoning Administration  
111 West Chesapeake Avenue  
Towson, Maryland 21204

Dear Mr. Jablon:

On September 11, 1989, the Baltimore County Agricultural Land Preservation Advisory Board recommended the approval of an application for a tenant dwelling submitted by James J. and Betty M. Amos of 3300 Black Rock Road, Reisterstown, Maryland 21136. The application was later approved by the Office of Zoning. The tenant dwelling consisted of a trailer and the tenant was their daughter, Cheryl Blevins, who would care for the livestock and perform other farm related tasks. Both Mr. and Mrs. Amos were ill at the time and could not perform the farm operations. It is our understanding that they have since died and willed a substantial portion of the farm to their daughter, including the portion that contains the main house and the tenant dwelling.

The Baltimore County Agricultural Land Preservation Advisory Board believes that clearly the status of the tenant and the tenant dwelling have changed since Ms. Blevins is now the reported owner of the property containing the main house and the tenant dwelling and is no longer the tenant, albeit, she is residing in the tenant dwelling or trailer. Additionally, we have no basis to believe that a tenant is needed on this farm. It is now, therefore, the recommendation of the Baltimore County Agricultural Land Preservation Advisory Board that Ms. Blevins be ordered to remove the tenant dwelling or trailer from the property.

Please call Mr. Paul J. Solomon, Program Administrator, Baltimore County Agricultural Land Preservation Program, at 887-2904 should you have any questions regarding this matter.

Sincerely,  
Mark Danecker /MS/4  
Mark J. Danecker  
Chairman, Baltimore County Agricultural Land Preservation Advisory Board
