RE: *In the Matter of: George Sears, Jr. - Petitioner*
Case No. 94-227-SPHA and Case No. 94-228-SPHA

Dear Mr. Sears:

The Board of Appeals has been reviewing its docket, particularly with reference to inactive cases. By this review, the Board intends to dismiss and close as many of these cases as possible.

Pursuant to the above intent, the purpose of this letter is to advise you that the Petitions filed in the subject matter will be dismissed, and an Order of Dismissal for lack of prosecution will be issued by the Board, after the expiration of 30 days from the date of this Notice, thereby rendering any relief granted by the Zoning Commissioner null and void.

Upon receipt of a request filed at any time before 30 days after date of this Notice, the Board, for good cause, may defer entry of the Order of Dismissal for the period and on the terms it deems proper.

 13TH ELECTION DISTRICT

FINDINGS OF FACT AND CONCLUSIONS OF LAW

This matter comes before the Zoning Commissioner as combined Petitions for Special Hearing and Variances for the subject properties, known as 20 and 22 Clyde Avenue, located in the Hallethorpe area of western Baltimore County. The Petitions were filed by the owner of the property, George Sears, Jr., and the Contract Purchaser, Leslie H. Rock. The Petitioners request a special hearing to approve a 4,800 sq.ft. lot area for each building lot (known as 20 and 22 Clyde Avenue) in lieu of the minimum required 6,000 sq.ft., and to determine that the two lots will not affect the overall density of the recorded subdivision of Joshua. In addition to the special hearing relief sought, the Petitioners seek relief from Section 1802.3.C.1 of the Baltimore County Zoning Regulations (B.C.Z.R.) to permit a lot width of 48 feet in lieu of the required 55 feet, a lot area of 4800 sq.ft. in lieu of the required 6,000 sq.ft., and to approve an undersized lot, pursuant to Section 304 of the B.C.Z.R., for each building lot. The subject properties and relief sought are more particularly described on the site plans submitted into evidence as Petitioner's Exhibits 1.

Appearing at the hearing on behalf of the Petitioners were George Sears, Jr., property owner, Ken Colbert, Registered Professional Engineer, and Michael Rock, who appeared on behalf of the Contract Purchaser. Appearing as Protestants in the matter were Rosemary Miller, President of

the Lansdowne Improvement Association, Theresa Lowry and Dorothy Mienke, all nearby property owners.

Testimony and evidence presented revealed that the subject properties are located within the subdivision known as Joshua, which was recorded in 1889. Most of the lots are 16 feet wide, with a few wider lots at corner locations. The Petitioner owns Lots 112 through 117, and resides on combined Lots 115 through 117, also known as 22 Clyde Avenue. The Petitioner has entered into a contract to sell Lots 112 through 114 to Mr. Leslie Rock who is desirous of constructing a new home thereon in accordance with Petitioner's Exhibits 1. Due to the narrow width and undersized area of the lots in question, the relief requested is necessary in order to proceed as proposed. Further testimony revealed that the proposed building envelope meets all area setback requirements and that development of the subject property will be consistent with that in the surrounding locale.

Ms. Theresa Lowry appeared and testified on behalf of the Maryland Citizens for the Environment. Ms. Lowry is adamantly opposed to the relief requested, arguing that an increase in density will result if the relief is granted. Ms. Rosemary Miller testified that she is opposed to another house being built in this community and stated that she fears congestion will result and impose a fire safety hazard on the neighborhood.

In response to the Protestants' arguments, Mr. Kenneth Colbert testified that the subject property meets the minimum area requirements for a minor subdivision, and thus, the proposed development will not result in any increase in density.

An area variance may be granted where strict application of the zoning regulations would cause practical difficulty to the Petitioner and

his property. McLean v. Soley, 270 Md. 208 (1973). To prove practical difficulty for an area variance, the Petitioner must meet the following:

- 1) whether strict compliance with requirement would unreasonably prevent the use of the property for a permitted purpose or render conformance unnecessarily burdensome;
- 2) whether the grant would do substantial injustice to applicant as well as other property owners in the district or whether a lesser relaxation than that applied for would give substantial relief; and
- 3) whether relief can be granted in such fashion that the spirit of the ordinance will be observed and public safety and welfare secured.

Anderson v. Bd. of Appeals, Town of Chesapeake Beach, 22 Md. App. 28 (1974).

After due consideration of the testimony and evidence presented, it is clear that practical difficulty or unreasonable hardship will result if the special hearing and variances are not granted. It has been established that special circumstances or conditions exist that are peculiar to the land or structure which is the subject of this variance request and that the requirements from which the Petitioner seeks relief will unduly restrict the use of the land due to the special conditions unique to this particular parcel. In addition, the variance requested will not cause any injury to the public health, safety or general welfare and is in strict harmony with the spirit and intent of the B.C.Z.R. Specifically, a denial of the variance would render these residentially zoned lots undevelopable. Moreover, the size of the subject lots appears consistent with other lots in this development.

Pursuant to the advertisement, posting of the property, and public hearing on this Petition held, and for the reasons given above, the special hearing and variances requested should be granted.

THHEREFORE, IT IS ORDERED by the Zoning Commissioner for Baltimore County this 9th day of November, 1994 that the Petition for Special Hearing in Case No. 94-227-SPHA to approve a 4,800 sq.ft. lot area as a buildable lot in lieu of the minimum required 6,000 sq.ft. for a proposed dwelling at 20 Clyde Avenue, in accordance with Petitioner's Exhibit 1, and to determine that the proposed development will not affect the overall density of the recorded subdivision of Lots 112 through 117 of Joshua, be and is hereby GRANTED; and,

IT IS FURTHER ORDERED that the Petition for Special Hearing in Case No. 94-228-SPHA to approve a 4,800 sq.ft. lot area as a buildable lot in lieu of the minimum required 6,000 sq.ft. for an existing dwelling at 22 Clyde Avenue, in accordance with Petitioner's Exhibit 1, and to determine that the proposed development on the adjacent lot will not affect the overall density of the recorded subdivision of Lots 112 through 117 of Joshua, be and is hereby GRANTED; and,

IT IS FURTHER ORDERED that the Petitions for Variance in Case Nos. 94-227-SPHA and 94-228-SPHA seeking relief from Section 1802.3.C.1 of the Baltimore County Zoning Regulations (B.C.Z.R.) to permit a lot width of 48 feet in lieu of the required 55 feet and a lot area of 4800 sq.ft. in lieu of the required 6,000 sq.ft., for existing and proposed improvements at 20 and 22 Clyde Avenue, and to approve an undersized lot, pursuant to Section 304 of the B.C.Z.R. for the proposed improvements at 20 Clyde Avenue and existing improvements at 22 Clyde Avenue, in accordance with Petitioner's Exhibits 1, be and is hereby GRANTED, subject to the following restrictions:

- 1) The Petitioners may apply for their building permit and be granted same upon receipt of this Order; however, Petitioners are hereby made aware that proceeding at this time is at their own risk until such

time as the 30-day appellate process from this Order has expired. If, for whatever reason, this Order is reversed, the relief granted herein shall be rescinded.

2) The proposed development at 20 Clyde Avenue shall be limited to the building envelope depicted on Petitioner's Exhibit 1. There shall be no further variances granted for either of the subject properties.

ZONING HEARING ADVERTISING AND POSTING REQUIREMENTS & PROCEDURES

Baltimore County Zoning Regulations require that notice be given to the general public/neighboring property owners relative to property which is the subject of an upcoming zoning hearing. For those petitions which require a public hearing, this notice is accomplished by posting a sign on the property and placement of a notice in at least one newspaper of general circulation in the County.

This office will ensure that the legal requirements for posting and advertising are satisfied. However, the petitioner is responsible for the costs associated with these requirements.

PAYMENT WILL BE MADE AS FOLLOWS:

- Posting fees will be assessed and paid to this office at the time of filing.
- Billing for legal advertising, due upon receipt, will come from and should be remitted directly to the newspaper.

NON-PAYMENT OF ADVERTISING FEES WILL STAY ISSUANCE OF ZONING ORDER.

 Petitions for Special Hearing and Variance

Dear Mr. Sears:

The Zoning Plans Advisory Committee (ZAC) has reviewed the plans submitted with the above referenced petition. The attached comments from each reviewing agency are not intended to indicate the appropriateness of the zoning action requested, but to assure that all parties, i.e., zoning commissioner, attorney and/or the petitioner, are made aware of plans or problems with regard to the proposed improvements that may have a bearing on this case.

Enclosed are all comments submitted thus far from the members of ZAC that offer or request information on your petition. If additional comments are received from other members of ZAC, I will forward them to you. Otherwise, any comment that is not informative will be placed in the hearing file. This petition was accepted for filing on December 1, 1993, and a hearing was scheduled accordingly.

The following comments are related only to the filing of future zoning petitions and are aimed at expediting the petition filing process with this office.

- The director of Zoning Administration and Development Management has instituted a system whereby seasoned zoning attorneys who feel that they are capable of filing petitions that comply with all aspects of the zoning regulations and petitions filing requirements can file their petitions with this office without the necessity of a preliminary review by zoning personnel.

IN RE: PETITIONS FOR SPECIAL HEARING BEFORE THE ZONING COMMISSIONER OF BALTIMORE COUNTY

Case Nos. 94-227-SPHA and 94-228-SPHA

George Sears, Jr. Petitioner

FINDINGS OF FACT AND CONCLUSIONS OF LAW

This matter comes before the Zoning Commissioner as combined Petitions for Special Hearing and Variances for the subject properties, known as 20 and 22 Clyde Avenue, located in the Halethorpe area of western Baltimore County. The Petitions were filed by the owner of the property, George Sears, Jr., and the Contract Purchaser, Leslie H. Rock. The Petitioners request a special hearing to approve a 4,800 sq.ft. lot area for each building lot (known as 20 and 22 Clyde Avenue) in lieu of the minimum required 6,000 sq.ft., and to determine that the two lots will not affect the overall density of the recorded subdivision of Joshua. In addition to the special hearing relief sought, the Petitioners seek relief from Section 1802.3.C.1 of the Baltimore County Zoning Regulations (B.C.Z.R.) to permit a lot width of 48 feet in lieu of the required 55 feet, a lot area of 4800 sq.ft. in lieu of the required 6,000 sq.ft., and to approve an undersized lot, pursuant to Section 304 of the B.C.Z.R., for each building lot. The subject properties and relief sought are more particularly described on the site plans submitted into evidence as Petitioner's Exhibits 1.

Appearing at the hearing on behalf of the Petitioners were George Sears, Jr., property owner, Ken Colbert, Registered Professional Engineer, and Michael Rock, who appeared on behalf of the Contract Purchaser. Appearing as Protestants in the matter were Rosemary Miller, President of

the Lansdowne Improvement Association, Theresa Lowry and Dorothy Wieneke, all nearby property owners.

Testimony and evidence presented revealed that the subject properties are located within the subdivision known as Joshua, which was recorded in 1889. Most of the lots are 16 feet wide, with a few wider lots at corner locations. The Petitioner owns Lots 112 through 117, and resides on combined Lots 115 through 117, also known as 22 Clyde Avenue. The Petitioner has entered into a contract to sell Lots 112 through 114 to Mr. Leslie Rock who is desirous of constructing a new home thereon in accordance with Petitioner's Exhibits 1. Due to the narrow width and undersized area of the lots in question, the relief requested is necessary in order to proceed as proposed. Further testimony revealed that the proposed building envelope meets all area setback requirements and that development of the subject property will be consistent with that in the surrounding locale.

Ms. Theresa Lowry appeared and testified on behalf of the Maryland Citizens for the Environment. Ms. Lowry is adamantly opposed to the relief requested, arguing that an increase in density will result if the relief is granted. Ms. Rosemary Miller testified that she is opposed to another house being built in this community and stated that she fears congestion will result and impose a fire safety hazard on the neighborhood.

In response to the Protestants' arguments, Mr. Kenneth Colbert testified that the subject property meets the minimum area requirements for a minor subdivision, and thus, the proposed development will not result in any increase in density.

An area variance may be granted where strict application of the zoning regulations would cause practical difficulty to the Petitioner and

his property. McLean v. Soley, 270 Md. 208 (1973). To prove practical difficulty for an area variance, the Petitioner must meet the following:

- 1) whether strict compliance with requirement would unreasonably prevent the use of the property for a permitted purpose or render conformance unnecessarily burdensome;
- 2) whether the grant would do substantial injustice to applicant as well as other property owners in the district or whether a lesser relaxation than that applied for would give substantial relief; and
- 3) whether relief can be granted in such fashion that the spirit of the ordinance will be observed and public safety and welfare secured.

Anderson v. Bd. of Appeals, Town of Chesapeake Beach, 22 Md. App. 28 (1974).

After due consideration of the testimony and evidence presented, it is clear that practical difficulty or unreasonable hardship will result if the special hearing and variances are not granted. It has been established that special circumstances or conditions exist that are peculiar to the land or structure which is the subject of this variance request and that the requirements from which the Petitioner seeks relief will unduly restrict the use of the land due to the special conditions unique to this particular parcel. In addition, the variance requested will not cause any injury to the public health, safety or general welfare and is in strict harmony with the spirit and intent of the B.C.Z.R. Specifically, a denial of the variance would render these residentially zoned lots undevelopable. Moreover, the size of the subject lots appears consistent with other lots in this development.

Pursuant to the advertisement, posting of the property, and public hearing on this Petition held, and for the reasons given above, the special hearing and variances requested should be granted.

THEREFORE, IT IS ORDERED by the Zoning Commissioner for Baltimore County this 9th day of November, 1994 that the Petition for Special Hearing in Case No. 94-227-SPHA to approve a 4,800 sq.ft. lot area as a buildable lot in lieu of the minimum required 6,000 sq.ft. for a proposed dwelling at 20 Clyde Avenue, in accordance with Petitioner's Exhibit 1, and to determine that the proposed development will not affect the overall density of the recorded subdivision of Lots 112 through 117 of Joshua, be and is hereby GRANTED; and,

IT IS FURTHER ORDERED that the Petition for Special Hearing in Case No. 94-228-SPHA to approve a 4,800 sq.ft. lot area as a buildable lot in lieu of the minimum required 6,000 sq.ft. for an existing dwelling at 22 Clyde Avenue, in accordance with Petitioner's Exhibit 1, and to determine that the proposed development on the adjacent lot will not affect the overall density of the recorded subdivision of Lots 112 through 117 of Joshua, be and is hereby GRANTED; and,

IT IS FURTHER ORDERED that the Petitions for Variance in Case Nos. 94-227-SPHA and 94-228-SPHA seeking relief from Section 1802.3.C.1 of the Baltimore County Zoning Regulations (B.C.Z.R.) to permit a lot width of 48 feet in lieu of the required 55 feet and a lot area of 4800 sq.ft. in lieu of the required 6,000 sq.ft., for existing and proposed improvements at 20 and 22 Clyde Avenue, and to approve an undersized lot, pursuant to Section 304 of the B.C.Z.R. for the proposed improvements at 20 Clyde Avenue and existing improvements at 22 Clyde Avenue, in accordance with Petitioner's Exhibits 1, be and is hereby GRANTED, subject to the following restrictions:

- 1) The Petitioners may apply for their building permit and be granted same upon receipt of this Order; however, Petitioners are hereby made aware that proceeding at this time is at their own risk until such

time as the 30-day appellate process from this Order has expired. If, for whatever reason, this Order is reversed, the relief granted herein shall be rescinded.

- 2) The proposed development at 20 Clyde Avenue shall be limited to the building envelope depicted on Petitioner's Exhibit 1. There shall be no further variances granted for either of the subject properties.
- 3) When applying for any permits, the site plan filed must reference this case and set forth and address the restrictions of this Order.

ZONING HEARING ADVERTISING AND POSTING REQUIREMENTS & PROCEDURES

Baltimore County Zoning Regulations require that notice be given to the general public/neighborhood property owners relative to property which is the subject of an upcoming zoning hearing. For those petitions which require a public hearing, this notice is accomplished by posting a sign on the property and placement of a notice in at least one newspaper of general circulation in the County.

This office will ensure that the legal requirements for posting and advertising are satisfied. However, the petitioner is responsible for the costs associated with these requirements.

PAYMENT WILL BE MADE AS FOLLOWS:

- 1) Posting fees will be accessed and paid to this office at the time of filing.
- 2) Billing for legal advertising, due upon receipt, will come from and should be remitted directly to the newspaper.

NON-PAYMENT OF ADVERTISING FEES WILL STAY ISSUANCE OF ZONING ORDER.

RE: Case No. 94-228-SPHA, Item No. 227
Petitioner: George Sears, Jr., et al
Petitions for Special Hearing and Variance

Dear Mr. Sears:

The Zoning Plans Advisory Committee (ZAC) has reviewed the plans submitted with the above referenced petition. The attached comments from each reviewing agency are not intended to indicate the appropriateness of the zoning action requested, but to assure that all parties, i.e., zoning commissioner, attorney and/or the petitioner, are made aware of plans or problems with regard to the proposed improvements that may have a bearing on this case.

Enclosed are all comments submitted thus far from the members of ZAC that offer or request information on your petition. If additional comments are received from other members of ZAC, I will forward them to you. Otherwise, any comment that is not informative will be placed in the hearing file. This petition was accepted for filing on December 1, 1993, and a hearing was scheduled accordingly.

The following comments are related only to the filing of future zoning petitions and are aimed at expediting the petition filing process with this office.

- 1. The director of Zoning Administration and Development Management has instituted a system whereby seasoned zoning attorneys who feel that they are capable of filing petitions that comply with all aspects of the zoning regulations and petitions filing requirements can file their petitions with this office without the necessity of a preliminary review by zoning personnel.
