Dear Mr. Mettee:

Your recent letter to Michael Mallinoff, Director of Permits, Approvals and Inspections, was forwarded to me for reply. Based upon the information and site plan provided therein and my review of the above referenced zoning cases, the following has been determined:

1. Provided the proposed 576 square foot garage addition for storage is built according to the submitted red-lined site plan, then the proposed modifications are approved as being in the spirit and intent of the Baltimore County Zoning Regulations (BCZR) and the orders in Zoning Case # 1998-0410-X, 1990-0066-SPH, 1969-0123-SPH and 1949-1523-X.
2. A copy of your request letter and the modified site plan, as well as a copy of this response, will be recorded and made a permanent part of the zoning case files.
3. You must place a verbatim copy of your request letter, as well as a copy of this response letter, in the details of all building permit application plans.
4. This approval is for zoning purposes only. You will also be required to comply with all other County and State regulations relative to this property.

The foregoing is merely an informal opinion. It is not an expert or legal opinion, it is not intended to be relied on as expert or legal advice, and it is not legally or factually binding on Baltimore County or any of its officials, agents, or employees. Baltimore County expressly disclaims any and all liability arising out of, or in any way connected with the information provided in this document, or any interpretation thereof.

We trust that the information set forth in this letter is sufficiently detailed and responsive to the request. If you need further information or have any questions, please do not hesitate to contact us at 410-887-3391.

Dear Mr. Jablon,

On behalf of our client, Evans Funeral Home, Karins and Associates respectfully requests a Type D - Written Verification – Spirit & Intent Letter pursuant to the condition recommendations outlined in the recent DRC provisional limited exemption for the garage addition to Evans Funeral Home located at 8800 Harford Road, Parkville MD. The DRC meeting took place on December 31, 2019 with DRC Number 123119B; Dist. 9C6. Please refer to the attached drawing that delineates a garage addition that will be used solely for additional storage space. As you review this drawing, you will see that the proposed storage area addition to this existing garage is a minor change to the developed property. The minor changes result in less than 5,000 square feet of disturbance.

We appreciate your favorable consideration in this matter. Should you have any questions, please do not hesitate to contact us.

Sincerely,

John V. Mettee III, PLS

FINDINGS OF FACT AND CONCLUSIONS OF LAW

This matter comes before the Deputy Zoning Commissioner for consideration of a Petition for Special Exception filed by the owner of the subject property, Charles F. Evans, Jr. In accordance with the Petition filed, the Petitioner requests a special exception for a funeral establishment in both the R.O. and D.R. 5.5 zones, pursuant to Sections 1B01.1.C.8 and 204.3.B.1 of the Baltimore County Zoning Regulations (B.C.Z.R.). In addition, the Petitioner seeks approval of the existing use of D.R. 5.5 zoned land for parking purposes, pursuant to Section 1B01.1.A.14.F of the B.C.Z.R. The subject property and relief sought are more particularly described on the site plan submitted which was accepted and marked into evidence as Petitioner's Exhibit 1.

Appearing at the hearing on behalf of the Petition were Charles F. Evans, Jr., owner of the subject property, and Edward C. Covahey, Jr., Esquire, attorney for the Petitioner. Ms. Ruth Baisden appeared as an interested party on behalf of the Greater Parkville Community Council. There were no Protestants or other interested persons present.

Testimony and evidence offered revealed that the subject property consists of a gross area of 1.8 acres, split zoned B.L., R.O., and D.R. 5.5, and is improved with a two-story, 7,748 sq.ft. building, and accessory parking area for the Evans Funeral Chapel. While most of the improvements

are located within the B.L. zoned portion of the site, some of the parking spaces in the front portion of the property are traversed by a small sliver of R.O. zoned land along the northern property line. In addition, the rear portion of the property, which is zoned D.R. 5.5, contains an overflow parking area and the required Residential Transition Area (R.T.A.) buffer. The Petitioners have filed the special exception request to legitimize existing conditions on the property to allow the continued use of the D.R. 5.5 zoned portion of its property for overflow parking and to permit the future expansion of the existing building into the R.O. and D.R. 5.5 zoned portions of its property.

Further testimony revealed that the Evans family has operated a funeral establishment on the subject property since 1950 and have used a portion of its D.R. 5.5 zoned land for overflow parking for many years. This overflow parking area is presently a gravel lot; however, the Petitioners wish to macadam pave this lot. Testimony indicated that the parking area will be utilized for business purposes only for the Evans funeral establishment and will remain outside the R.T.A. setback area as required. However, the relief requested is necessary in order to proceed with the proposed paving improvements. In addition, while there are presently no plans for expansion of the existing building, the Petitioners want the option to expand into the R.O. and D.R. 5.5 zoned portions of its property, if it becomes necessary. When calculating the size of the existing building to the area of land zoned B.L., an addition of less than 1,000 sq.ft. in area would be permitted. Thus, it is clear that any substantive expansion of the existing building would require some encroachment into the R.O. and D.R. 5.5 zoned portions of the Petitioners' property. Therefore, the Petitioners request special exception relief to allow a

By [Signature]

funeral establishment in the R.O. and D.R. 5.5 zones, pursuant to Sections 204.3.B.1 and 1B01.1.C.8 of the B.C.Z.R.

As noted above, Ms. Ruth Baisden appeared on behalf of the Greater Parkville Community Council. Ms. Baisden's organization is concerned for the R.T.A. setback area, considering that there are some residents who live in close proximity to the subject property. Ms. Baisden wanted assurance that the R.T.A. would be protected.

It is clear that the B.C.Z.R. permits the use proposed in the R.O. and D.R. 5.5 zones by special exception. However, it must be determined if the conditions delineated in Section 502.1 are satisfied.

The Petitioner had the burden of adducing testimony and evidence which would show that the proposed use met the prescribed standards and requirements set forth in Section 502.1 of the B.C.Z.R. The Petitioner has shown that the proposed use would be conducted without real detriment to the neighborhood and would not adversely affect the public interest. The facts and circumstances do not show that the proposed use at the particular location described by Petitioner's Exhibit 1 would have any adverse impact above and beyond that inherently associated with such a special exception use, irrespective of its location within the zone. Schultz v. Pritts, 432 A.2d 1319 (1981).

The proposed use will not be detrimental to the health, safety, or general welfare of the locality, nor tend to create congestion in roads, streets, or alleys therein, nor be inconsistent with the purposes of the property's zoning classification, nor in any other way be inconsistent with the spirit and intent of the B.C.Z.R.

After due consideration of the testimony and evidence presented, I am persuaded to grant the special exception. The Evans family has

operated a funeral establishment at this location for many years and are very much a part of this community and have the community's best interests in mind in the operation of their business and in their request to provide additional parking. Thus, the special exception should be granted with certain restrictions as more fully described below.

Pursuant to the advertisement, posting of the property, and public hearing on this Petition held, and for the reasons given above, the relief requested in the special exception should be granted.

THEREFORE, IT IS ORDERED by the Deputy Zoning Commissioner for Baltimore County this 30th day of June, 1998 that the Petition for Special Exception to allow a funeral establishment in both the R.O. and D.R. 5.5 zones, pursuant to Sections 1B01.1.C.8 and 204.3.B.1 of the Baltimore County Zoning Regulations (B.C.Z.R.), and approval of the existing use of D.R. 5.5 zoned land for parking purposes, pursuant to Section 1B01.1.A.14.F of the B.C.Z.R., in accordance with Petitioner's Exhibit 1, be and is hereby GRANTED, subject to the following restriction:

- 1) The Petitioners may apply for their paving permit and be granted same upon receipt of this Order; however, the Petitioners are hereby made aware that proceeding at this time is at their own risk until the 30-day appeal period from the date of this Order has expired. If an appeal is filed and this Order is reversed, the relief granted herein shall be rescinded.
- 2) Prior to the issuance of any permits, the Petitioner shall submit a landscape plan for review and approval by the Baltimore County Landscape Architect.
- 3) When applying for any permits, the site plan and landscaping plan filed must reference this case and set forth and address the restrictions of this Order.

Attention: Mr. Joseph Merry
Zoning Officer

Subject: Evans Funeral Chapel
8800 Harford Road

Dear Mr. Merry:

We are writing to you on behalf of our client to request the enclosed plan of the referenced site to be considered for a special exception. We are requesting that the existing use of a D.R. 5.5 Zoned Property be used for parking purposes pursuant to Section 1B01.1.A.14.f. of the Baltimore County Zoning Regulations. The parking area is to be utilized for business purposes only for the adjacent funeral establishment. This parking area is to remain outside the R.T.A. setback area as demonstrated on the enclosed plans. Adequate landscape buffering will be provided within the 50' R.T.A. buffer as required for the parking area and will be provided as per the Baltimore County Landscape Manual of October 1, 1990.

In addition, we are also requesting that a special exception be granted for the use of a funeral establishment within this D.R.5.5. zoned land. This exception is required under Section 1B01.1.C.8. of the Baltimore County Zoning Regulations. At the present time our client is not planning any future expansion within this D.R.5.5. zoned piece of property. He desires to have the option to expand the existing building which is located in a BL zoned district. Our client currently has approximately 26,136 S.F. +/- of land zoned BL. The floor area rate of 0.33 or 1/3 of the land would equal 8,712 S.F. +/- of building coverage. The building currently has 7,748 S.F. +/- which leaves approximately 964 S.F. +/- for future expansion. This square footage may or may not be enough area for the future expansion. Given these percentages, it is evident that our client must seek a special exception to allow service expansion to take place in the D.R. 5.5 zoned property.

In addition, we are also requesting a special exception to use the property for funeral establishment in an RO (Residential Office) zone pursuant to Section 204.3.B.1 of the Baltimore County Zoning Regulations. This area will also be included in tabulations necessary to facilitate funeral home expansion plans. This segment may remain parking for the funeral establishment. However, our client desires to have this option available for his expansion purposes.

Should you have any questions or comments, please do not hesitate to call.
