FINDINGS OF FACT AND CONCLUSIONS OF LAW

This matter comes before the Zoning Commissioner for consideration of Petitions for Variance for four adjacent properties, known as 308 Lennox Avenue, 314 Lennox Avenue, 314-A Lennox Avenue, and 314-B Lennox Avenue. The Petitions were filed by St. Ambrose Housing Aid Center, Inc., owners of the subject properties, through their attorney, David Walsh-Little, Esquire, under Cases Nos. 02-492-A, 02-493-A, 02-494-A and 02-495-A, respectively, and were consolidated under a single public hearing. In each case, identical variance relief is requested from the Baltimore County Zoning Regulations (B.C.Z.R.) as follows: From Section 1B02.3.1.C.1 to permit a side yard setback of 8.5 feet in lieu of the required 10 feet; from Section 409.6.A.1 to allow zero (0) off-street parking spaces per single family dwelling unit, in lieu of the required 2 per dwelling unit; and from Section 301.1 to allow an open projection (front porch and steps) with a front setback of 0 feet in lieu of the required 7.5 feet. The subject properties and requested relief are more particularly described on the site plan submitted which was accepted into evidence and marked as Petitioner's Exhibit 1.

Appearing at the requisite public hearing in support of the requests were David Sann, Development Officer for St. Ambrose Housing Aid Center, Inc., property owner; Richard Truelove, Professional Engineer who prepared the site plan(s); and, and Kathleen Skullney, Esquire, attorney for the Petitioners. There were no Protestants or other interested persons present.

As noted above, the subject properties under consideration are adjoining lots located with frontage on the south side of Lennox Avenue, just west of Fairmount Avenue, in the historic community of East Towson. Presently, the properties are unimproved; however, each lot is proposed for development with a single-family home. Mr. Sann on behalf of St. Ambrose testified that his company is in the business of acquiring and revitalizing vacant land for residential purposes. On average, St. Ambrose acquires and/or rehabilitates approximately 30 to 40 properties a year. Typically, such acquisitions are based upon their potential to provide modest income housing. Apparently, St. Ambrose has acquired the subject properties and proposes to develop each with a two-story detached dwelling. As shown on the site plan, identical dwellings are proposed for each lot.

Mr. Truelove testified that the four adjoining lots were created, pursuant to an old subdivision plan, known as Goff Plains, which was recorded in the Land Records of Baltimore County in 1910. Each lot is approximately 35 feet wide and 130 feet deep, and contains roughly 5500 sq.ft. in area. All of the property is zoned D.R.10.5.

Testimony indicated that the proposed houses will be consistent in scale to the existing neighborhood. Many houses in the community are on narrow lots and all have front porches. The proposed dwellings will be 18 feet wide and feature front porches and steps, consistent with others in the community. Additionally, there will be a setback of 8.5 feet on each side of the dwellings. It was also indicated that it is not practical or possible to provide off-street parking, due to the narrowness and configuration of the lots. Moreover, the rear yards of the lots abut a narrow strip of land owned by Baltimore County. This strip separates the properties from the right-of-way of Towsontown Boulevard and thus, precludes the possibility of providing parking to the rear of the homes. The narrowness of the lots prevents off-site parking in the front, as well. In this regard, the properties will offer street parking consistent with the balance of the neighborhood.

Based upon the testimony and evidence offered, I am easily persuaded that the variance relief should be granted. This is a worthwhile project that will help preserve and renovate historic East Towson. The properties at issue are unique by virtue of their creation by a subdivision plan

recorded nearly 100 years ago. The proposal will be consistent with the neighborhood and will not cause adverse impacts on adjacent properties or the community at large. To deny the relief requested would result in a practical difficulty and unreasonable hardship for the Petitioner. Moreover, no one appeared in opposition to the request and no adverse Zoning Advisory Committee (ZAC) comments were submitted by any Baltimore County reviewing agency. For all of these reasons, the Petitions for Variance should be granted.

Pursuant to the advertisement, posting of the property, and public hearing on these Petitions held, and for the reasons set forth herein, the relief requested shall be granted.

THEREFORE, IT IS ORDERED by the Zoning Commissioner for Baltimore County this 15th day of August, 2002 that the Petition for Variance seeking relief from the Baltimore County Zoning Regulations (B.C.Z.R.) as follows: From Section 1B02.3.1.C.1 to permit a side yard setback of 8.5 feet in lieu of the required 10 feet; from Section 409.6.A.1 to allow zero (0) off-street parking spaces per single family dwelling unit, in lieu of the required 2 per dwelling unit; and from Section 301.1 to allow an open projection (front porch and steps) with a front setback of 0 feet in lieu of the required 7.5 feet, in accordance with Petitioner's Exhibit 1, be and is hereby GRANTED, subject to the following restriction:

- 1) The Petitioners may apply for their building permit and be granted same upon receipt of this Order; however, Petitioners are hereby made aware that proceeding at this time is at their own risk until the 30-day appeal period from the date of this Order has expired. If an appeal is filed and this Order is reversed, the relief granted herein shall be rescinded.

Variances from Sections:

1B02.31 C1: To allow a side yard setback of 8.5 feet in lieu of the required 10 feet

409.6 A1: To allow 0 (zero) off-street parking spaces per single family dwelling unit in lieu of the required 2 per dwelling unit

301.1: To allow an open projection (front porch and steps) with a zero (0') front setback in lieu of the required 7.5'.

The variances are requested to enable construction of a reasonable sized house on existing lots of record. The houses are designed to mimic as closely as possible a majority of the existing houses on the block in size and scale. The existing lots are 35' wide. Strict adherence with the zoning regulations would result in a house only 15' wide. Existing houses on the street are about 18' wide with narrow side yards. These houses were constructed prior to the adoption of the current zoning regulations hence the yard widths were not as wide as current requirements. The proposed houses would be 18' wide thus a side yard variance is needed.

Off-street parking cannot be provided without creating shared driveways. It is felt that driveways to access parking areas in the rear of the lots would result in unnecessary crowding and paving of the land. Shared driveways in a DR 10.5 zone would be a detriment to the value of the house, and there is sufficient on-street parking on Lennox Avenue.

East Towson is being revitalized with new housing stock. Few families could comfortably live in a house 15' wide. Strict compliance with the zoning regulations would limit the number of potential buyers for these new houses. St. Ambrose Housing Aid Center would like to provide new houses to continue the revitalization of East Towson, but also does not want to adversely effect the character of the neighborhood. There will be no increase in density beyond that allowed by BCZR. The relief requested is in harmony with the spirit and intent of the area and parking regulations, and there will be no injury to the public health, safety, and general welfare.

ADVERTISING REQUIREMENTS AND PROCEDURES FOR ZONING HEARINGS

The Baltimore County Zoning Regulations (BCZR) require that notice be given to the general public/neighboring property owners relative to property which is the subject of an upcoming zoning hearing. For those petitions which require a public hearing, this notice is accomplished by posting a sign on the property (responsibility of the petitioner) and placement of a notice in a newspaper of general circulation in the County, both at least fifteen (15) days before the hearing.

Zoning Review will ensure that the legal requirements for advertising are satisfied. However, the petitioner is responsible for the costs associated with these requirements. The newspaper will bill the person listed below for the advertising. This advertising is due upon receipt and should be remitted directly to the newspaper.

OPINIONS MAY NOT BE ISSUED UNTIL ALL ADVERTISING COSTS ARE PAID.
