* DEPUTY ZONING COMMISSIONER
* OF BALTIMORE COUNTY
* CASE NO. 03-144-A

* * * * *

FINDINGS OF FACT AND CONCLUSIONS OF LAW

This matter comes before this Deputy Zoning Commissioner as a Petition for Variance filed for property located at 7145 Martell Avenue. The Petitioners are requesting a variance to permit a lot width of 50 ft. for an existing dwelling in lieu of the required 55 ft.

Appearing at the hearing on behalf of the variance request was Vince Moskunas, a representative of Site Rite Surveying, Inc., the firm that prepared the site plan of the property. There were no protestants or others in attendance.

Testimony and evidence indicated that the property, which is the subject of this variance request, consists of 11,600 sq. ft., zoned D.R.5.5. The subject property is improved with a single-family residential dwelling. The owner of the property also owns an adjacent vacant lot. That vacant lot is the subject of a variance request filed in Case No. 03-145-A. The property owner is interested in constructing a new single-family dwelling on the unimproved lot. By doing so the variance is generated for the lot whereupon his house sits.

The two properties, which are the subject of these companion zoning cases, are located on the south side of Martell Avenue in Dundalk. All homes located in this area are constructed on lots with a width of 50 ft. Furthermore, the subdivision itself was created in 1910. the existing house meets all setback requirements. Based on the testimony and evidence offered at

10/29/02
Wayne M. Wilson
President

the hearing and the lack of opposition, I find that the variance should be granted to allow the existing house to remain on Lot #69 in its present configuration.

Pursuant to the advertisement, posting of the property, and public hearing on this Petition held, and after considering the testimony and evidence offered by the Petitioners, I find that the Petitioners' variance request should be granted.

THEREFORE, IT IS ORDERED this 27th day of October, 2002, by this Deputy Zoning Commissioner, that the Petitioners' request for variance from Section 1B02.3.C.1 of the Baltimore County Zoning Regulations, to allow a lot width of 50 ft. for an existing dwelling in lieu of the required 55 ft., be and is hereby GRANTED.

IT IS FURTHER ORDERED, that any appeal of this decision must be made within thirty (30) days of the date of this Order.

Petition for Variance

to the Zoning Commissioner of Baltimore County

for the property located at 7145 Martell Avenue
which is presently zoned DR S.S

This Petition shall be filed with the Department of Permits and Development Management. The undersigned, legal owner(s) of the property situate in Baltimore County and which is described in the description and plat attached hereto and made a part hereof, hereby petition for a Variance from Section(s) 1 Bp2.3.C.1 To permit a lot width of 50' (for an existing dwelling) in lieu of the required 55 Ft.

of the Zoning Regulations of Baltimore County, to the zoning law of Baltimore County, for the following reasons:
(indicate hardship or practical difficulty)

1. Lot of record on plat recorded in 1910, all lots along Martell Avenue have a 50' street front, which was the standard lot width at the time approved.
2. Relief required will not cause injury to the public health, safety or general welfare and meets the spirit and intent of the BCZR.
3. Strict compliance with the zoning regulations would unreasonably prevent the use of the property for the permitted purpose.

Property is to be posted and advertised as prescribed by the zoning regulations.
I, or we, agree to pay expenses of above Variance, advertising, posting, etc. and further agree to and are to be bounded by the zoning regulations and restrictions of Baltimore County adopted pursuant to the zoning law for Baltimore County.

I/We do solemnly declare and affirm, under the penalties of perjury, that I/we are the legal owner(s) of the property which is the subject of this Petition.
