- **BEFORE THE**
- ZONING COMMISSIONER
- OF BALTIMORE COUNTY
- Case No. 03-319-A

FINDINGS OF FACT AND CONCLUSIONS OF LAW

This matter comes before the Zoning Commissioner for consideration of a Petition for Variance filed by the owner of the subject property, Sawyer Realty Holdings, LLC, by Doug Mueller, Managing Director, through their attorney, Jennifer R. Busse, Esquire. The Petitioner seeks relief from Sections 102.2 and 504 of the Baltimore County Zoning Regulations (B.C.Z.R.) to permit a gatehouse as a non-residential, principal building, to be located in a front yard. In addition, relief is requested from Section 1B01.2.C.1a of the B.C.Z.R. to permit a non-residential, principal building to have the following setbacks: Front yard – 3.5 feet in lieu of the required 30 feet; street side yard – 10 feet in lieu of the required 25 feet; interior side yard – 10 feet in lieu of the required 25 feet; and rear yard – 10 feet in lieu of the required 30 feet. The subject property and requested relief are more particularly described on the site plan submitted which was accepted into evidence and marked as Petitioner's Exhibit 1.

Appearing at the requisite public hearing in support of the request were Jerome R. Gentile, on behalf of Sawyer Realty Holdings, LLC, property owners; Richard L. Smith, on behalf of KCI Technologies, Inc., the consultants who prepared the site plan for this property; and G. Scott Barhight, Esquire, attorney for the Petitioner. There were no Protestants or other interested persons present.

The subject property is shown on the site plan as a small parcel located on the north side of Compass Road adjacent to its intersection with Maple Crest Drive in Middle River. The

property contains a gross area of 688 sq.ft., more or less, zoned D.R.16 and is located within a large residential community known as The Commons at White Marsh, which contains a mix of rental townhouse and apartment units that were originally developed under the name Maple Crest. The instant Petition seeks similar relief to that requested in companion Case No. 03-317-A. In that case, the proposal related to a parcel located at the opposite end of the subject property at the intersection of Maple Crest Road and Bird River Road. As noted therein, the Petitioners recently acquired the subject property from the prior owner and are in the process of upgrading the site, including the addition of new identification signs to enhance the entrances to this community. As shown on Petitioner's Exhibit 1, the Petitioners propose constructing a 12' x 8' gatehouse building on the north side of Compass Road adjacent to its intersection with Maple Crest Drive. The gatehouse will not be manned but may be occupied from time to time and there will be no gate or blockage of the road. It will primarily be for decorative purposes to provide some visual aesthetic amenity at the entrance to this community. As shown on Drawing No. 2 of Petitioner's Exhibit 2, a wall will be constructed on the northeast corner of Maple Crest Drive and Compass Road to identify the entrance to the community. That wall will contain a sign identifying The Commons at White Marsh residential complex. The gatehouse building and sign are more particularly shown in elevation drawings that were submitted in Case No. 03-317-A as Drawings Nos. 4 and 5 of Petitioner's Exhibit 2.

Variance relief is requested as set forth above to approve the location of the building. The need for relief from Sections 102.2 and 504 of the B.C.Z.R. is questionable. First, the building is indeed non-residential in character; however, whether it is a "principal" building as envisioned under Sections 102.2 and 504 of the B.C.Z.R. is less than clear. The building might well be considered to be an accessory structure. In that event, it would be accessory to all of the various residential units and buildings within the community in that it serves the entire complex. Secondly, it is unclear as to whether the structure will be located in the "front yard" of the site. Within the subject small parcel delineated on the site plan, there are no other buildings therein;

thus, no "front" yard exists. When compared to the nearest building, the proposed gatehouse appears to be located in the rear yard.

Whatever the characterization, identification and orientation of the building, it is clear that variance relief should be granted as is necessary to approve the location of the structure. To achieve the desired aesthetics, the building must be situated adjacent to the intersection and near the road. However, it is clear that the structure will not impact sight distance, nor cause any disruption or negative influence on traffic.

The second series of variances from area setback requirements may also not be required. The parcel that has been created for the purpose of filing the Petition is somewhat arbitrarily drawn in that the entire apartment complex is one single tract. As more particularly shown on the site plan, the owners' consultants have created a parcel from which side, front and rear yard setbacks are measured; however, these distances are somewhat of a legal fiction in that the subject parcel is not a separately identified tract. Since the building will be located within 5 feet of the right-of-way for Compass Road, a front ("street centerline") setback of 3.5 feet is necessary. Additionally, due to the existence of a townhouse building to the rear of the property, the requested rear yard setback is necessary. However, whether the side yard variances are necessary is less than clear in that again the "lot lines" for this created parcel are arbitrarily drawn.

Upon due consideration of the testimony and evidence offered, and given the fact that the plan is drawn in the manner set forth above, I will grant variance relief as requested. It is clear that the relief will not result in any detriment to the health, safety or general welfare of the surrounding locale and that strict compliance with the regulations would cause undue hardship. There were no adverse Zoning Advisory Committee (ZAC) comments submitted by any County reviewing agency and no one appeared in opposition to the request. Thus, I am persuaded to grant the requested relief.

Pursuant to the advertisement, posting of the property, and public hearing on this Petition held, and for the reasons set forth herein, the relief requested shall be granted.

THEREFORE, IT IS ORDERED by the Zoning Commissioner for Baltimore County this ______ day of March 2003 that the Petition for Variance seeking relief from Sections 102.2 and 504 of the Baltimore County Zoning Regulations (B.C.Z.R.) to permit a gatehouse as a non-residential, principal building, to be located in a front yard, in accordance with Petitioner's Exhibit 1, be and is hereby GRANTED; and,

IT IS FURTHER ORDERED that a variance from Section 1B01.2.C.1a of the B.C.Z.R. to permit a non-residential, principal building to have the following setbacks: Front yard – 3.5 feet in lieu of the required 30 feet; street side yard – 10 feet in lieu of the required 25 feet; interior side yard – 10 feet in lieu of the required 25 feet; and rear yard – 10 feet in lieu of the required 30 feet, in accordance with Petitioner's Exhibit 1, be and is hereby GRANTED, subject to the following restrictions:

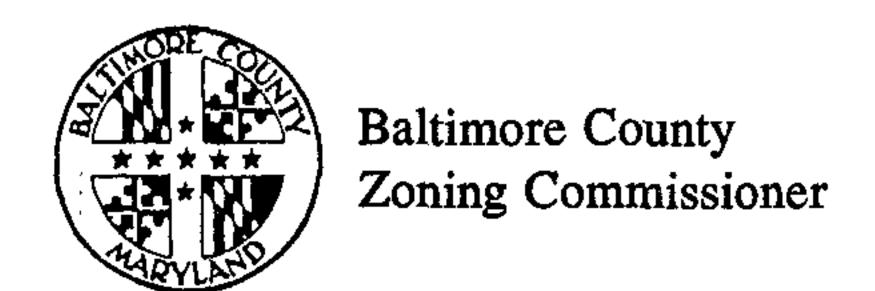

- 1) The Petitioners may apply for their building/sign permits and be granted same upon receipt of this Order; however, Petitioners are hereby made aware that proceeding at this time is at their own risk until the 30-day appeal period from the date of this Order has expired. If an appeal is filed and this Order is reversed, the relief granted herein shall be rescinded.
- 2) The proposed gatehouse and signage shall be constructed in accordance with elevation Drawings 2, 3, 4 and 5 of Petitioner's Exhibit 2, submitted into evidence in companion Case No. 03-317-A.

3) When applying for any permits, the site plan filed must reference this case and set forth and address the restrictions of this Order.

ADVERTISING REQUIREMENTS AND PROCEDURES FOR ZONING HEARINGS

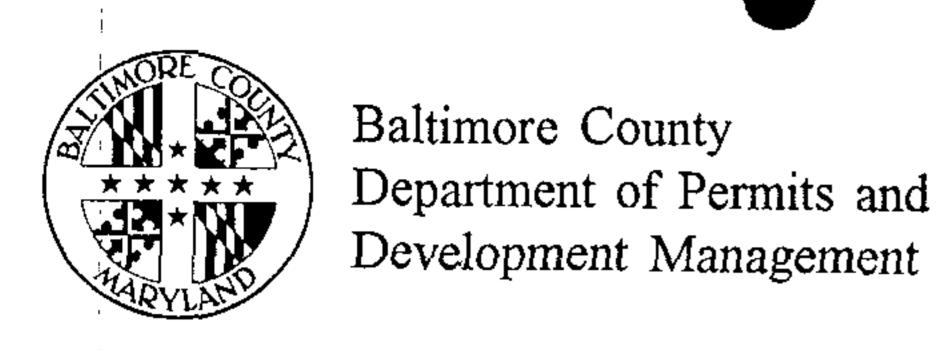

The <u>Baltimore County Zoning Regulations</u> (BCZR) require that notice be given to the general public/neighboring property owners relative to property which is the subject of an upcoming zoning hearing. For those petitions which require a public hearing, this notice is accomplished by posting a sign on the property (responsibility of the petitioner) and placement of a notice in a newspaper of general circulation in the County, both at least fifteen (15) days before the hearing.

Zoning Review will ensure that the legal requirements for advertising are satisfied. However, the petitioner is responsible for the costs associated with these requirements. The newspaper will bill the person listed below for the advertising. This advertising is due upon receipt and should be remitted directly to the newspaper.
