(2123 Lodge Forest Drive)

Panagiota Tsaousis
Petitioner

* BEFORE THE
* DEPUTY ZONING COMMISSIONER
* OF BALTIMORE COUNTY
* CASE NO. 03-394-A

* * * * *

FINDINGS OF FACT AND CONCLUSIONS OF LAW

This matter comes before this Deputy Zoning Commissioner as a Petition for Variance filed by the legal owner of the subject property, Panagiota Tsaousis. The Petitioner is requesting variance relief for property she owns at 2123 Lodge Forest Drive. The property is zoned D.R.5.5. The variance is to approve an existing single-family dwelling with a side yard setback of 1 ft. in lieu of the required 10 ft. and to approve a lot width of 50 ft. in lieu of the required 55 ft.

Appearing at the hearing on behalf of the variance request was Mr. Joey Houseknecht who is the new husband of the Petitioner, Panagiota Tsaousis. There were no protestants or others in attendance.

Testimony and evidence indicated that the Petitioner owns a single-family dwelling located at 2123 Lodge Forest Drive in Edgemere. The property is improved with a single-family dwelling that has existed on the property for approximately 80 years. The owner of the property and her new husband are desirous of constructing a new single-family dwelling on the vacant lot situated adjacent to their home. In order to proceed with the construction of a new dwelling on the adjacent property, the variance for their existing home is triggered. Mr. Houseknecht, who appeared at the hearing, testified that the property owners are hopeful of selling their existing dwelling and utilizing the proceeds from that sale for the purpose of constructing their new

4/23/04
R. J. J. J.

home. They are interested in constructing a home that will be easier to maintain and provide more suitable accommodations to them in their elder years.

An area variance may be granted where strict application of the zoning regulations would cause practical difficulty to Petitioner and her property. McLean v. Soley, 270 Md. 208 (1973).

To prove practical difficulty for an area variance, the Petitioner must meet the following:

- 1) whether strict compliance with requirement would unreasonably prevent the use of the property for a permitted purpose or render conformance unnecessarily burdensome;
- 2) whether a grant of the variance would do a substantial justice to the applicant as well as other property owners in the district or whether a lesser relaxation than that applied for would give sufficient relief; and,
- 3) whether relief can be granted in such fashion that the spirit of the ordinance will be observed and public safety and welfare secured.

Anderson v. Bd. Of Appeals, Town of Chesapeake Beach, 22 Md. App. 28 (1974).

After due consideration of the testimony and evidence presented, it is clear that practical difficulty or unreasonable hardship will result if the variance is not granted. It has been established that special circumstances or conditions exist that are peculiar to the property which is the subject of this request and that the requirements from which the Petitioner seeks relief will unduly restrict the use of the land due to the special conditions unique to this particular parcel. In addition, the relief requested will not cause any injury to the public health, safety or general welfare, and meets the spirit and intent of the B.C.Z.R.

Pursuant to the advertisement, posting of the property, and public hearing on this Petition held, and after considering the testimony and evidence offered by the Petitioner, I find that the Petitioner's variance request should be granted.

THEREFORE, IT IS ORDERED this 24th day of April, 2003, by this Deputy Zoning Commissioner, that the Petitioner's request for variance from Section 1B02.3.C.1 of the Baltimore County Zoning Regulations, to approve an existing single-family dwelling with a side

yard setback of 1 ft. in lieu of the required 10 ft. and to approve a lot width of 50 ft. in lieu of the required 55 ft., be and is hereby GRANTED.

IT IS FURTHER ORDERED, that any appeal of this decision must be made within thirty (30) days of the date of this Order.

ADVERTISING REQUIREMENTS AND PROCEDURES FOR ZONING HEARINGS

The Baltimore County Zoning Regulations (BCZR) require that notice be given to the general public/neighboring property owners relative to property which is the subject of an upcoming zoning hearing. For those petitions which require a public hearing, this notice is accomplished by posting a sign on the property (responsibility of the petitioner) and placement of a notice in a newspaper of general circulation in the County, both at least fifteen (15) days before the hearing.

Zoning Review will ensure that the legal requirements for advertising are satisfied. However, the petitioner is responsible for the costs associated with these requirements. The newspaper will bill the person listed below for the advertising. This advertising is due upon receipt and should be remitted directly to the newspaper.

OPINIONS MAY NOT BE ISSUED UNTIL ALL ADVERTISING COSTS ARE PAID.

The above referenced petition was accepted for processing by the Bureau of Zoning Review, Department of Permits and Development Management (PDM) on February 25, 2003.

The Zoning Advisory Committee (ZAC), which consists of representatives from several approval agencies, has reviewed the plans that were submitted with your petition. All comments submitted thus far from the members of the ZAC are attached. These comments are not intended to indicate the appropriateness of the zoning action requested, but to ensure that all parties (zoning commissioner, attorney, petitioner, etc.) are made aware of plans or problems with regard to the proposed improvements that may have a bearing on this case. All comments will be placed in the permanent case file.

If you need further information or have any questions, please do not hesitate to contact the commenting agency.

CBGA Zoning Comments (zoning item #394)

☒ The property is located within the Limited Development Area (LDA), ~~or Resource Conservation Area (RCA), or Intensely Developed Area (IDA)~~ of the Chesapeake Bay Critical Area (CBCA).

☐ This proposal must use best management practices, which reduce pollutant loadings by 10%.

☐ Man-made impervious surfaces are limited to 15% for lots greater than 1/2 acre in size.

☒ Man-made impervious surfaces are limited to 25% for lots less than 1/2 acre in size.

☒ Mitigation is required if exceeding the 25% impervious surface limit. Impervious surfaces are limited to 25% of the lot or 500 square feet or 3' 25' of the lot. Otherwise, a Critical Area Administrative Variance (CAAV) is required.

☐ If permitted development on a property currently exceeds impervious surface limits, that percentage may be maintained during redevelopment of the property.

☒ 15% forest must be established or maintained. This equates to 3 trees for a lot of this size.

☐ Any tree removed in the buffer for this structure must be replaced on a 1:1 basis.

☒ All downspouts must discharge rainwater runoff across a pervious surface such as a lawn.

☐ The lot is in a Buffer Management Area (BMA). Mitigation (planting trees, removing impervious area, or paying a fee-in-lieu) is required for the placement of the proposed structure within 100' of tidal waters.

☐ If the lot is unimproved, then the proposed dwelling cannot go any closer to the water than the neighboring dwelling farthest away from the water.

☐ If the lot is improved, then the proposed dwelling can go as close to the water as the existing dwelling.

☐ A Critical Area Administrative Variance (CAAV) is required for the placement of the proposed structure within 100' of tidal waters, tidal wetlands, stream, or within 25' of non-tidal wetlands.

☐ A Critical Area Administrative Variance (CAAV) is required since the proposed principal structure cannot honor the required 35' residential building setback or 25' commercial building setback from the 25' or 100' buffer.
