FINDINGS OF FACT AND CONCLUSIONS OF LAW

This matter comes before the Zoning Commissioner for consideration of Petitions for Variance filed by Samuel B. Bayne, Sr., and his wife, Frances E. Bayne, through their attorney, Samuel B. Bayne, Jr., Esquire for two adjacent properties known as 619 and 621 College Avenue. Since the properties are owned by the same persons and are located adjacent to one another, the two cases were heard contemporaneously. In Case No. 04-352-A, the Petitioners request a variance from Section 1B02.3.C.1 of the Baltimore County Zoning Regulations (B.C.Z.R.) to permit a buildable lot with a width of 50 feet in lieu of the minimum required 55 feet, and approval of the subject property as an undersized lot, pursuant to Section 304 of the B.C.Z.R., for a proposed dwelling. In Case No. 04-353-A, the Petitioners request similar relief. Specifically, relief is requested from Sections 1B02.3.C.1 and 301.1 of the B.C.Z.R. to permit a side building setback of 7 feet in lieu of the required 10 feet and an open projection (patio) setback of 3 feet in lieu of the required 7½ feet for the existing dwelling, known as 619 College Avenue, and a lot width of 50 feet in lieu of the minimum required 55 feet. The subject properties and requested relief are more particularly described on the site plan submitted in each case, which was accepted into evidence and respectively marked as Petitioner's Exhibits 1.

Appearing at the requisite public hearing in support of the requests were Samuel and Frances Bayne, property owners, and their son/attorney, Samuel B. Bayne, Jr., Esquire. There were no Protestants or other interested persons present.

Testimony and evidence offered revealed that the subject adjacent parcels are located on the south side of College Avenue, east of Spring Avenue in Lutherville. The lots are identified as Lots 20 and 21 of Talbott Manor, which is an older subdivision that was platted and recorded in the Land Records in 1945, prior to the first set of zoning regulations in Baltimore County. As is often the case with older subdivisions, many of the lots are undersized and do not meet current area and width requirements. In this regard, each of the subject lots contains a gross area of 7,432.5 sq.ft., more or less zoned D.R.5.5, and is 50.8' wide by 148' deep. The Petitioners have owned both lots since November 21, 1952. As shown in Petitioner's Exhibits 1A and 1B, Lot 20 was acquired from Lucy L. Marlow, while Lot 21 was acquired from Gerald V. Emge and Virginia M. Emge. Lot 21 is improved with a single-family dwelling known as 619 College Avenue, in which the Petitioners have resided since 1952. The dwelling also features a brick ground-level patio to the rear and an attached patio to the side. The adjacent lot (Lot 20), known as 621 College Avenue, is unimproved and has been used over the years as a side yard for the dwelling lot.

The Petitioners are desirous of subdividing their holdings and filed the instant Petitions seeking recognition that these are two separate building lots. As to Lot 21, variance relief is necessary to approve the subject property as an undersized lot, and legitimize existing setbacks for the dwelling known as 619 College Avenue. In this regard, the dwelling maintains a 7-foot setback on the east side and a 3-foot setback from the attached patio on the west side. Testimony indicated that the patio on the side actually crosses over the internal lot line and will be reduced so as to provide a minimum 3-foot setback from that line.

As to Lot 20, relief is requested to approve a lot width of 50.8' in lieu of the required 55 feet and to approve the subject property as an undersized lot to permit development with a new single-family dwelling. The new dwelling will meet all front, side and rear setback requirements. It is to be noted that public water and sewer serve both lots. Moreover, photographs of the subject property and surrounding community show that most of the houses were built on 50-foot wide lots. Thus, it appears that the relief requested is appropriate and consistent with the neighborhood.

Based upon the testimony and evidence presented, I am persuaded to grant the requested relief. As to Case No. 04-352-A, the parcel known 621 College Avenue meets the area requirements of 6,000 sq.ft. under the D.R.5.5 zoning regulations. The proposed dwelling will meet all front, side and rear setback requirements and will be situated on the lot consistent with other houses in the community. The only deficiency in this instance is the lot width, which is less than 5 feet shy of the required 55 feet. As shown on the site plan, most of the houses in this community were built on 50-foot wide lots and thus the proposal is consistent with the neighborhood. Relief will likewise be granted to legitimize the existing dwelling on the adjacent lot, known as 619 College Avenue (Case No. 04-353-A). Again, the fact that this subdivision was platted and recorded many years ago, well prior to the adoption of the B.C.Z.R., is a persuasive factor, and the dwelling has existed on the site where located since 1952. In my view, the relief requested will not result in any detriment to the health, safety and general welfare of the surrounding locale and meets the spirit and intent of Section 307 for relief to be granted.

Pursuant to the advertisement, posting of the properties, and public hearing on these Petitions held, and for the reasons set forth above, the relief requested shall be granted.

THEREFORE, IT IS ORDERED by the Zoning Commissioner for Baltimore County this 15th day of April 2004 that the Petition for Variance filed in Case No. 04-352-A seeking relief from Section 1B02.3.C.1 of the Baltimore County Zoning Regulations (B.C.Z.R.) to permit a buildable lot with a width of 50 feet in lieu of the minimum required 55 feet, and approval of the subject property (Lot 20) as an undersized lot, pursuant to Section 304 of the B.C.Z.R., for a proposed dwelling to be known as 621 College Avenue, in accordance with Petitioner's Exhibit 1, be and is hereby GRANTED; and,

IT IS FURTHER ORDERED that the Petition for Variance filed in Case No. 04-353-A, seeking relief from Sections 1B02.3.C.1 and 301.1 of the B.C.Z.R. to permit a side building setback of 7 feet in lieu of the required 10 feet and an open projection (patio) setback of 3 feet in lieu of the required 7½ feet, and a lot width of 50 feet in lieu of the minimum required 55 feet, for
