SW/S Reames Road, 300' SE of the c/l

Pulaski Highway

(1319 Reames Road)

15th Election District

6th Council District

Henry Schlogel

Petitioner

* BEFORE THE

* ZONING COMMISSIONER

* OF BALTIMORE COUNTY

* Case No. 05-070-X

*

* * * * *

FINDINGS OF FACT AND CONCLUSIONS OF LAW

This matter comes before the Zoning Commissioner for consideration of a Petition for Special Exception filed by the owner of the subject property, Henry Schlogel. The Petitioner requests a special exception for a service garage on the subject property, in accordance with the site plan submitted and marked into evidence as Petitioner's Exhibit 1.

Appearing at the requisite public hearing in support of the request were Henry Schlogel, property owner, his wife, Linda Schlogel, and David Billingsley and Bob Infussi, the consultants who assisted the Petitioners in the zoning process. Bob Wiley, Charles Terry and Howard and Sandy Frank, all nearby residents, appeared in opposition to the request.

Testimony and evidence offered revealed that the subject property is an irregular shaped parcel located on the southeast side of Reames Road, just east of its intersection with Pulaski Highway in eastern Baltimore County. The property contains a gross area of 0.539 acres, predominantly zoned M.L.-I.M. (0.479 acres), with a small strip of R.O.-zoned land¹ (0.060 acres), and is unimproved but for an existing gravel and macadam paved surface. The Petitioner recently purchased the property and proposes a redevelopment of the site. As shown on the site plan, a 3200 sq.ft. service garage building containing three service bays is proposed with a vehicle storage area to the rear. Testimony indicated that Mr. Schlogel is an auto mechanic by trade and has been in the towing and automotive service business for many years. In this regard, the Petitioner has owned and operated Henry's Towing, Inc., which is located further south of the subject site at 9726

¹ Subsequent to the filing of the instant Petition and related site plans, the R.O. zoned portion of the subject property was rezoned B.L. as a result of the Comprehensive Zoning Map Process in December 2004.

gsp

Pulaski Highway, for the past 11 years. Henry's Towing, Inc. is an authorized U-Haul dealer, towing company, emergency aid vendor, and repair facility for U-Haul Repair of Baltimore. In fact, 90% of Mr. Schlogel's business is the service and repair of U-Haul trucks; however, Mr. Schlogel has developed a reputation for providing honest and reliable automotive services to many residents of the surrounding community as evidenced by the numerous letters of support submitted at the hearing. In any event, the Petitioner purchased the subject property in June 2004 for the purpose of expanding that operation to the subject site. The new business will operate under the name of White Marsh Car & Truck. It was indicated that the property previously operated for approximately 15 years as a truck terminal and a trash recycling operation; however, has been vacant for some time. Thus, the proposed use will be an improvement to the property and provide a service to the surrounding community. Further testimony indicated that there will be no auto body repair work or painting done on the premises and that the use will be limited to mechanical repairs of automobiles and trucks. The hours of operation will be 8:00 AM to 6:00 PM, Monday through Friday and 8:00 AM to 1:00 PM Saturday with no hours on Sunday. The proposed building will meet all area and setback requirements and the required number of parking spaces will be provided; however, due to the zoning of the property, the requested special exception relief is necessary.

As noted above, several residents from the surrounding community appeared in opposition to the request. Robert Wiley is President of the Windlass Run Community Association and on behalf of that organization, he submitted a Petition signed by 33 of the residents in the area who are opposed to the requested special exception. Mr. Wiley indicated that the community is generally concerned with the overall appearance and condition of the site. Apparently the property has been the subject of prior zoning violations and has been in a state of disrepair for some time. In this regard, testimony indicated that shortly after his purchase of the property, the Petitioner installed an 8-foot tall screen fence around the perimeter of the site to buffer its view and commenced utilizing the property for storage purposes. Subsequently, he suffered a stroke and has not made much progress in cleaning up the site. The Protestants also complained about tow trucks blocking the road when vehicles are dropped off at the site and raised concerns regarding increased

ORDER RECEIVED FOR FILING

Date

By

truck traffic, and environmental impacts. An examination of the site plan shows that there is a small stream that runs through the adjacent property.

The test for whether special exception relief should be granted is set forth in Section 502.1 of the B.C.Z.R. Essentially, the applicant must show that the use can be carried out at the location proposed without detrimental impact to the health, safety and general welfare of the locale. However, as construed by the appellate courts of this State in Schultz v. Pritts, 291 Md. 1 (1981), and Mossberg v. Montgomery County, 107 Md. App. 1 (1995), it is not merely the existence of potential impacts of the use that warrant the denial of a requested special exception. That is, the Court noted that impacts from a proposed special exception use are inherent by virtue of the fact that the legislative body has designated the use as permitted only by special exception, as opposed to being permitted by right. Thus, the test is whether the anticipated impacts are more egregious at the proposed location than elsewhere in the zone. In this regard, it is to be noted that the property is located just 300 feet from Pulaski Highway, a major commercial corridor in this area. With the exception of the adjacent B.L.-zoned lot (previously zoned R.O.) that formerly operated as "Charlotte's" strip club, the subject property is surrounded by M.L.-zoned land and commercial/industrial uses. Moreover, the fact that prior uses on the property included a truck terminal and trash recycling business is significant. Although those uses were abandoned some time ago, the proposed service garage is a similar use and is consistent with other uses in the immediate vicinity. Thus, I find that the proposed use is appropriate in this instance and will not result in any detriment to the health, safety or general welfare to the surrounding locale.

Based upon all of the testimony and evidence offered, I am persuaded that the Petitioners have met the standards set out in Section 502.1 of the B.C.Z.R. for special exception relief to be granted. However, in granting the relief, I will impose certain conditions. In this regard, Zoning Advisory Committee (ZAC) comments submitted by the Office of Planning initially recommended a denial of the request, pending receipt of building elevation drawings of the proposed structure and a landscape proposal. Thus, I will require that the Petitioner provide such drawings and plans to that agency prior to the issuance of any building permits. Moreover, the proposed development must be in compliance with Department of Environmental Protection

and Resource Management (DEPRM) regulations, as set forth in their ZAC comment dated September 7, 2004, a copy of which is attached hereto and made a part hereof. Finally, there shall be no storage of damaged or disabled vehicles on the site and the Petitioners shall remove all trash and debris and otherwise maintain the property in good condition.

Pursuant to the advertisement, posting of the property and public hearing on this Petition held, and for the reasons set forth above, the relief requested shall be granted.

THEREFORE, IT IS ORDERED by the Zoning Commissioner for Baltimore County this 21st day of January 2005 that the Petition for Special Exception for a service garage, in accordance with Petitioner's Exhibit 1, be and is hereby GRANTED, subject to the following restrictions:

- 1) The Petitioners may apply for their building permit and be granted same upon receipt of this Order; however, the Petitioners are hereby made aware that proceeding at this time is at their own risk until the 30-day appeal period from the date of this Order has expired. If an appeal is filed and this Order is reversed, the relief granted herein shall be rescinded.
- 2) Prior to the issuance of any permits, the Petitioners shall submit elevation drawings of the proposed building and landscape plans to the Office of Planning for review and approval.
- 3) Compliance with the Zoning Advisory Committee comments submitted by the Department of Environmental Protection and Resource Management, dated September 7, 2004, a copy of which is attached hereto and made a part hereof.
- 4) There will be no auto body repair work or painting done on the premises and the service garage use will be limited to the mechanical repair and servicing of automobiles and trucks. There shall be no storage of damaged and/or disabled vehicles on the property.
- 5) Hours of operation will be limited to 8:00 AM to 6:00 PM, Monday through Friday and 8:00 AM to 1:00 PM Saturday with no hours on Sunday.
- 6) When applying for any permits, the site plan filed must reference this case and set forth and address the restrictions of this Order.

FROM: John D. Oltman, Jr JDO
DATE: September 7, 2004

SEP 14 2004

ZONING COMMISSIONER

SUBJECT: Zoning Item # 05-070
Address 1319 Reames Road

Zoning Advisory Committee Meeting of August 16, 2004.

_____ The Department of Environmental Protection and Resource Management has no comments on the above-referenced zoning item.

X The Department of Environmental Protection and Resource Management offers the following comments on the above-referenced zoning item:

X Development of the property must comply with the Regulations for the Protection of Water Quality, Streams, Wetlands and Floodplains (Sections 14-331 through 14-350 of the Baltimore County Code).

_____ Development of this property must comply with the Forest Conservation Regulations (Section 14-401 through 14-422 of the Baltimore County Code).

_____ Development of this property must comply with the Chesapeake Bay Critical Area Regulations (Sections 26-436 through 26-461, and other Sections, of the Baltimore County Code).

Additional Comments:

A variance to Section 14-341 of the above referenced regulations would be required for approval of the proposed development.

An evaluation of the well water supply must be made prior to approval.

**DEPARTMENT OF PERMITS AND DEVELOPMENT MANAGEMENT
ZONING REVIEW**

ADVERTISING REQUIREMENTS AND PROCEDURES FOR ZONING HEARINGS

The Baltimore County Zoning Regulations (BCZR) require that notice be given to the general public/neighboring property owners relative to property which is the subject of an upcoming zoning hearing. For those petitions which require a public hearing, this notice is accomplished by posting a sign on the property (responsibility of the petitioner) and placement of a notice in a newspaper of general circulation in the County, both at least fifteen (15) days before the hearing.

Zoning Review will ensure that the legal requirements for advertising are satisfied. However, the petitioner is responsible for the costs associated with these requirements. The newspaper will bill the person listed below for the advertising. This advertising is due upon receipt and should be remitted directly to the newspaper.

OPINIONS MAY NOT BE ISSUED UNTIL ALL ADVERTISING COSTS ARE PAID.

For Newspaper Advertising:

Item Number or Case Number: 05070-X
Petitioner: Henry Schlogel
Address or Location: 1319 Reames Road

PLEASE FORWARD ADVERTISING BILL TO:

Name: HENRY SCHLOGEL
Address: 11 CHOPTANK AVE.
BALTO., MD. 21220
Telephone Number: (410) 977-5544

Dear Mr. Schlogel:

RE: Case Number:05-070-X , 1319 Reames Road

The above referenced petition was accepted for processing by the Bureau of Zoning Review, Department of Permits and Development Management (PDM) on August 5, 2004.

The Zoning Advisory Committee (ZAC), which consists of representatives from several approval agencies, has reviewed the plans that were submitted with your petition. All comments submitted thus far from the members of the ZAC are attached. These comments are not intended to indicate the appropriateness of the zoning action requested, but to ensure that all parties (zoning commissioner, attorney, petitioner, etc.) are made aware of plans or problems with regard to the proposed improvements that may have a bearing on this case. All comments will be placed in the permanent case file.

If you need further information or have any questions, please do not hesitate to contact the commenting agency.

Very truly yours,

A handwritten signature in black ink, reading "W. Carl Richards, Jr.", is written over the typed name.

TO: Tim Kotroco

SEP 14 2004

FROM: John D. Oltman, Jr JDO

DATE: September 7, 2004

ZONING COMMISSIONER

SUBJECT: Zoning Item # 05-070
Address 1319 Reames Road

Zoning Advisory Committee Meeting of August 16, 2004.

_____ The Department of Environmental Protection and Resource Management has no comments on the above-referenced zoning item.

X The Department of Environmental Protection and Resource Management offers the following comments on the above-referenced zoning item:

X Development of the property must comply with the Regulations for the Protection of Water Quality, Streams, Wetlands and Floodplains (Sections 14-331 through 14-350 of the Baltimore County Code).

_____ Development of this property must comply with the Forest Conservation Regulations (Section 14-401 through 14-422 of the Baltimore County Code).

_____ Development of this property must comply with the Chesapeake Bay Critical Area Regulations (Sections 26-436 through 26-461, and other Sections, of the Baltimore County Code).

Additional Comments:

A variance to Section 14-341 of the above referenced regulations would be required for approval of the proposed development.

An evaluation of the well water supply must be made prior to approval.

BALTIMORE COUNTY, MARYLAND

INTER-OFFICE CORRESPONDENCE

TO: Timothy M. Kotroco, Director
Department of Permits and
Development Management

DATE: September 30, 2004

FROM: Arnold F. 'Pat' Keller, III
Director, Office of Planning

SUBJECT: 1319 Reames Road

INFORMATION:

Item Number: 5-070

Petitioner: Henry Schlogel

Zoning: ML-IM

Requested Action: Special Exception

SUMMARY OF RECOMMENDATIONS:

The Office of Planning has reviewed the petitioner's request and does not support the subject Special Exception request due to the following:

The current state of the property is one of disrepair. Other than the proposed 8-foot high screen fence, which does not call out materials, there is no provision shown for landscaping or structural/architectural improvements. When the owner's legal representative was queried about this, this office was told that after the Special Exception is granted plans will be drawn up to provide the requested enhancements. It is the Office of Planning's position that these plans should be provided prior to the consideration of the granting of a Special Exception.

In addition, the community is in opposition to the subject request.

Therefore, this office recommends that the petitioner's request be **DENIED**.

RE: PETITION FOR SPECIAL EXCEPTION
(1319 Reames Road)
Case No. 05-070-X

Dear Mr. Kotroco:

Thank you for providing me with a copy of Mr. Infussi's recent letter concerning the Order I issued in the above-captioned case. Let me state briefly the reason for that portion of the Order's restriction which prohibits the "storage of damaged or disabled vehicles" on the property. Community members represented by Robert Wiley of the Windlass Run Community Association opposed a service garage largely due to concerns with the overall appearance and condition of this site. Apparently it had been, in the past, something resembling a junkyard. The storage of unlicensed, inoperable junked vehicles, trailers and car parts were everywhere. Mr. Henry Schlogel, as the new owner of the property, gave assurances during the hearing that he would operate his proposed White Marsh Car and Truck service garage for the purpose of performing only mechanical repairs to automobiles and light trucks. For those reasons, the Order prohibiting auto body repair work on the property with its attendant storage of damaged vehicles awaiting repairs was added. Conceivably, unlicensed or inoperable (not damaged) motor vehicles would be brought to this facility for mechanical repairs. Perhaps some of these vehicles might need to stay there for a few days, if needed, while parts have to be ordered or found before repairs can be completed. For those reasons, I believe Mr. Infussi's comments are appropriate, that the intent of my Order was to restrict a reoccurrence of damaged, unlicensed vehicles and car parts accumulating on this lot.

I trust that the above comments give you my reasoning and purpose for incorporating Condition #4 into the Order. Please do not hesitate to call should you desire a further response.

Very truly yours,

RE: Case # 05-070-SPH

Dear Mr. Kotroco;

The purpose of this correspondence is to request an expert opinion from your staff in regard to **Restriction # 4 of CASE # 50-070-SPH** copy enclosed.

January 21, 2005, Zoning Commissioner William J. Wiseman, III approved a Special Exception for a service garage located 1319 Reames Road, Baltimore County, Maryland 21221. In his decision he stated there shall be no storage of damaged or disabled vehicles on the property.

What my client is asking in order to have a service garage we need to tow disabled vehicles to this location in order to service them. In meeting with Commissioner Wiseman to explain this restriction he said that the intent of the said restriction was to not allow a junk yard at this location, we are not going to do this and we have completed all requirements that the county has instructed us to do such as a privatized fence and we have plants trees and brushes so that the community we not be effected.

Again this restriction and wordage was not his intent and has recommended that we sent this letter to you and your staff as a way to be in compliance with the law. I have spoken to James Thompson, Zoning Enforcement Chief about the issue and he said his office would be satisfied if you were to grant this change.

As per my meeting with Commissioner Wiseman he said that you could discuss with him what his feeling are toward this ruling.

I would like to thank you in advance with helping my client with this decision and if you need additional information call my office (410) 812-2236

Re: Case #05-070-X

Dear Mr. Kotroco:

I would like to respectfully request a postponement for a special exception to permit a service garage located at 1319 Reames Road, 15th District, 6th Councilmatic District, property owned by Henry Schlogel, case #05-070-X. The original hearing date was set for Wednesday, October 6, 2004 at 2:00 p.m. in Room 407 of the County Courts Building. I was informed by my client that he will be out of town for that date. I would ask your office to reschedule the hearing around the end of October if possible.

Thank you for any consideration into this matter. Should you have any questions or require further information, please do not hesitate to contact my office at (410) 812-2236.

Dear Mr. Henry Schlogel:

RE: Case Number: 05-070-X, 1319 Reames Road

The above matter, previously scheduled for October 6, 2004, has been postponed. The hearing has been rescheduled and the new notice is attached.

Please be advised that the responsibility of the appropriate posting of the property is with the Petitioners. The petitioner or his/her agent may not personally post or change a zoning sign. One of the currently approved vendors/posters must be contacted to do so. If the property has been posted with the notice of the original hearing date, as quickly as possible after you have been notified, the new hearing date should be affixed to the sign(s).

Very truly yours,

PROTESTANT'S
EXHIBIT NO. 2

I am totally for his building A shop on Reames Rd.
It's a great location right off of Pulaski Hwy.
There's lots of truck traffic along that ~~area~~ already so
few trucks shouldn't create a problem. A good auto-
reitive facility should be a ~~great~~ good thing for
the nearby area, and once again this will need staffing
another chance to employ right from the ~~area~~ community. I know
this sounds repetitious, but the point that I'm trying to
make is, — This is a local business that's growing in
our community, ~~and~~ hiring from the community wanting to
expand into bigger things meaning more job opportunities
for our neighbors. As long as this business is given a chance
to make a difference, it will make a difference. Ask
the families ^{of} ~~men~~ who have taken jobs with Henry Schlegel
He is consistant, He stands by his word He's A good
MAN. A pillar of the community. ~~Thank you for your time~~

TO WHOM IT MAY CONCERN:

As a long time customer of Henry Schlogel, I want to write and tell you how much of an asset he is to the community. He's a rarity these days: an honest mechanic! As a widow it is very comforting to me to know I can trust Henry and not be ripped off with work that doesn't need to be done. He is not only honest and reliable, he stands behind his work 100%. Never have I had such a competent person to work on my car. I think of him as a hard working, trustworthy friend.

Any neighborhood that has him there has gained more than a good neighbor, they've gained a blessing. Henry Schlogel makes this world a better place.

Sincerely,

Madeline (Pat) Harris

To Whom It May Concern

I, Jerry Olanbiwonnu, have known Henry, the owner of Henry Towing Services, for the past fifteen years.

Over the years, Henry has proven beyond a mechanic, his customers problem are always his primary concern and always looking for avenue to meet and satisfy their needs.

Many customers that I have come across over the years, have made similar comments about Henry. They respect his true judgment on what needs to be done on their automobiles. Henry is a man of integrity, who will not compromise with injustice and believes that "quality of job and fairness always leads to customer satisfaction."

Through the work ethics and the love Henry has for this community I, Jerry Olanbiwonnu, has recommended his quality jobs to others and many have become committed customers to him.

I hereby recommend Henry Towing Services for any assistance he will need from your end and please keep his services in this community.

If you need further information concerning Henry, kindly fill free to call me at 410-682-6419.

Thanks for your cooperation,

Jerry Olanbiwonnu

My name is Cynthia Molik and my husband's name is William Molik. We are both City Police Officers B.P.D. We have known Mr. Schlogel and his wife for the past three years. During this time we have noticed that he bought a home that was a fixer upper and has transformed this house into a beautiful home which has greatly improved the value of the neighbor. Also Mr. Schlogel has shown an interest in the neighborhood children and during the summer months has given them jobs to do so they hang on the streets. He also involves them in recreational activities such as fishing & jet skiing and crabbing. It is in our opinion that he would be an asset in any neighborhood. When people from the neighborhood come to him with vehicle problems and they can't pay until later. Mr. Schlogel never turns them away, and tells them they can pay when they have the money.

Sincerely Mrs Cynthia Molik

To Whom It May Concern:

I am writing this letter in reference to Henry Schlogel. Henry is a dedicated husband and father. He is a hard worker, a loyal businessman and a great neighbor. He has always been involved in our community affairs; he's always willing to lend a hand to help his neighbors in any way. Henry is well liked and respected in our community. He is a "Big" supporter of the Middle River Football, cheerleaders and several community schools fund raisers.

He has given our community a well needed but most important an honest Automotive Service Shop. My husband and I first met Henry when we were new to the neighborhood and was having car problems. Not even knowing us, Henry came to our house and was able to get my car started, took it back to his shop and repaired my problem. It turned out to be something minor. However, neither my husband nor I knew anything about car repairs, It would have been so easy for Henry to be dishonest and charge us for a major repair job. Instead he was caring and honest, and since then we have only depended on Henry for all our vehicles repairs and it's now been 10 years. I always recommend him to all I encounter in need for repair services. Henry is truly the kind of person you would call Loyal, Honest, and Caring and it shows in his work and through his business. But he is also someone we call our "FRIEND".

Sincerely,

Val & Jeff Exum

Dear Sir or Ma'am:

I Am ~~sending~~ ^{writing} this letter to let you know ~~of~~
A pillar in our community. A small business owner ^{And} A resident
of our community. That in it self says a lot about this
person. (Henry Schlogel) He has been in business for his self
for most of his adult life, And As long as I've known him
he has never turned his back on ANYONE, or ANY job he has
begun. I've known this man for 13 years And in this
time his contribution in the community has gotten bigger
And bigger. A small business in our community that TAKES
hold and grows means more jobs for our neighbors, giving
more opportunity to turn what's not so great in our area,
into A possitive AVENUE to make A difference. Mr Schlogel started
Henry's Towing Inc. with One truck And no Employee's. In
Two years there were two trucks, 4 employees, who were hired
out of our community. Now At present, Henry's Towing has 4 ~~trucks~~
3 service trucks, and employs 10 residents from our neighborhood.
This to me says a lot for A MAN. if his formula is working why
shouldn't we AS A community stand behind ~~his plan~~ ^{his plan}
~~for~~ for improving our part of the Rt. 40 corridor.

To Whom It May Concern:

I have been a customer, neighbor and friend of Henry Schlogel (Henry's Towing) and his family for over 4 years. I know him to be honest, fair, and hard working because I also worked for him part time for almost a year. I wouldn't have a problem if his shop was in my community.

Thanks

Dan Gray

Dear Sir/Madam,

REF: Mr. Henry Schlogel

Mr. Henry has proven to me as a reliable mechanic.

For the eleven years I have known him he has motivated me for the good deeds he has shown to me and the community. He is a hard working man, reliable, committed and charming.

I have trusted him working on my cars for the last eleven years.

In 1996 during the blizzard Mr. Henry opened his garage and turned one of the bays to shelter the homeless for duration of the blizzard. This proved him as a hero to the needy. We were proud of him.

I therefore recommend for any assistance you might be to him. For more Information reach me back at the above address.

I look forward to you considering Mr. Henry that way he can be back in full business at his new location.

Sincerely,

Robert Matu.

October 13, 2004

To Whom It May Concern,

Henry Schlogel of Henrys' Towing has been my auto mechanic for the past ten years. I've found him to be a very honest and reputable person. He has not only serviced my vehicles he has also serviced the vehicles of my children and friends. It would be a great asset to the community to have his auto shop built on the site known as 1319 Reams Rd.

William Cosden
2128 Cockspur Rd.
Baltimore, MD 21220

To Whom It May Concern:

I have been a customer, neighbor but most importantly a friend of Henry Schlogel (Henry's Towing) and his family for over 5 years I know him to be honest, fair, hard working and a good family man. He is and will continue to be an asset to any community.

Thanks

To Whom It May Concern:

I have lived on Baltimore County's east side for 33 years. I witnessed the decline of the area and I have seen first hand the negative affects it has on communities and families. The east side has finally been recognized as a waterfront community. We are finally seeing real revitalization happening in our area.

With this revitalization comes increased home value which in turn generates more tax dollars for the county and thus allows the area to grow more. What community, in any area, could possibly benefit from the building of a service garage so close to a residential area? We are talking about the front door to the community. We already have the misfortune of a dilapidated strip club/ bar next to Mr. Henry Scholgel's property and a waste pumping station that is only a block away from the first house in the community.

We in the community already deal with traffic concerns on Reames Rd. The pumping station has trucks, tankers, buses, etc. coming in to unload waste at the pumping station. We constantly deal with speeding traffic on Reames Rd. Adding a service garage will cause even more traffic concerns on a road that is in desperate need of resurfacing.

In addition to traffic concerns there are also environmental issues. With a service garage come oil, grease, and other toxins. Any rain will wash the toxins into the stream that runs by Reames Rd and eventually make its way to the Bay. How can we in a community so close to the water support anything that may further damage the waterways that we are so desperately trying to protect?

I believe County Executive Jim Smith was right when he said that we need to start thinking of the long term growth in this area. With that in mind careful consideration should be given to the future plans of our community. I believe Baltimore County has made many bad decisions in the past in regards to the relationship between residence and business. It's time that we all adopt a new way of thinking. REVITALIZATION.

It is not right to let one individual profit while an entire neighborhood suffers from lower home values. We need to learn from the mistakes the county has made in the past. Do not let history repeat itself. Think of the community as a whole. Think long term. We certainly deserve it.

Sincerely,
Tim, Dana, Eli, & Josh Gregory

Bill Wiseman - Zoning Hearing 05-070-X

From: "expedite.llcrinfussi" <expedite.llcrinfussi@comcast.net>
To: "William J Wiseman" <wwiseman@co.ba.md.us>
Date: 12/21/2004 2:46:02 PM
Subject: Zoning Hearing 05-070-X

Bill:

Zoning hearing dated 12/06/2004 case # 05-070-X for 1319 Reames Road, White Marsh, Maryland 21162 in the 15th election district and 6th councilmanic district with legal owner Henry Schlogel.

Hearing for SPECIAL EXCEPTION TO PERMIT SERVICE GARAGE.

According to the site plan the total area is 0.539 ac and the zoning classification is ML-IM. In our presentation, we made the case that all along Rt. 40, businesses are ML-IM. This service is constant with the area. The folks who were present tried to make a case that the area is labeled a growth area by community. If that were the case the community should have filed for zoning re-classification with the planning department and did not.

This property for over the last fifteen years has been a Truck terminal and a trash re-cycling operation and the community did nothing to stop all of these businesses in order to keep the area as they say a "clean operation".

My client has been in business for the past twelve years and is a good community person who has always given back to the community and will have a clean operation if he is granted this special exception for his service garage business.

If you do so choose to grant the request as part of the findings, we will work closely with Baltimore County when designing our landscaping plan and will provide fencing around the property to make it very private. The new building will be an asset to the area and the community can be proud of the area that for so many years has been in disrepair. As in my many years of government, you cannot please everyone but we have done everything according to the zoning regulations set forth by Baltimore County. Also as part of the permit process, water quality and storm water management will be addressed.

In closing, if you agree to allow this special exception, it would be for the good of the community and my client. If you need additional information, please feel free to call me at 410-812-2236.

Thank you in advance for your consideration.

We the undersign are against the rezoning of the property at 1319 Reams Rd. for the following reasons:

1. The cars , trucks, boats that are stored on this property is an eyesore.
2. Work is being done on these vehicles such as oil changes, transmission work and service work on U_HAUL trucks. This work is being done in the open exposing the soil to whatever fluids fall to the ground and eventually making its way into nearby streams.
3. At times Tow trucks block Reames Rd. which is a narrow roadway already, and you are forced to wait for the drivers to get out of the trucks, unlock the gates, return to the truck, and turn the truck around then back into the yard.
4. Our area has improved in the past few years, to a point where now it is being recognized as a highly preferred residential community. We hope you will deny the rezoning for this property in the interest of our community and for the future of our environment. This repair shop or tow yard is a potential polluter of the environment. Help us to preserve what we are doing to our community to make this area a better place to raise our families.

Thank You
