RE: PETITION FOR VARIANCE
SE/S of Bucher Road, 142 ft. +/- SW
centerline of Hughes Avenue
5th Election District
7th Councilmanic District
(7219 and 7221 Bucher Road)

BEFORE THE

DEPUTY ZONING COMMISSIONER

* OF BALTIMORE COUNTY

CASE NO. 05-122-A & CASE NO. 05-123-A

Donna McCann

Petitioner

* * * * * * * * * * * *

FINDINGS OF FACT AND CONCLUSIONS OF LAW

Case No. 05-122-A comes before this Deputy Zoning Commissioner as a Petition for approval of an undersized lot filed by the legal owner of the subject property, Donna McCann. The property is located at 7219 Bucher Road in the eastern area of Baltimore County. The variance is requested from Section 1B02.3.C.1 of the Baltimore County Zoning Regulations (B.C.Z.R.), to allow a side yard setback of 8 ft. and 9 ft. in lieu of the required 10 ft., and to allow a lot width of 45 ft. in lieu of the required 55 ft. for a dwelling on an undersized lot.

Case No. 05-123-A is a companion case also filed for approval of a variance for the existing house located at 7221 Bucher Road adjacent to the vacant lot at 7219 Bucher Road. Again, the variance request is from Section 1B02.3.C.1 of the Baltimore County Zoning Regulations (B.C.Z.R.), to allow a side yard setback of 8 ft. and 9 ft. in lieu of the required 10 ft. The subject properties and requested relief are more particularly described on Petitioner's Exhibit No. 1, the plat to accompany the Petition for Variance which is applicable to both cases..

The properties were posted with Notice of Hearing on October 9, 2004, for 15 days prior to the hearing, in order to notify all interested citizens of the requested zoning relief. In addition, a Notice of Zoning hearing was published in "The Jeffersonian" newspaper on October 7, 2004 to notify any interested persons of the scheduled hearing date.

Applicable Law

Section 307 of the B.C.Z.R. – Variances.

"The Zoning Commissioner of Baltimore County and the County Board of Appeals, upon appeal, shall have and they are hereby given the power to grant variances from height and area regulations, from off-street parking regulations, and from sign regulations only in cases where special circumstances or conditions exist that are peculiar to the land or structure which is the subject of the variance request and where strict compliance with the Zoning Regulations for Baltimore County would result in practical difficulty or unreasonable hardship. No increase in residential density beyond that otherwise allowable by the Zoning Regulations shall be permitted as a result of any such grant of a variance from height or area regulations. Furthermore, any such variance shall be granted only if in strict harmony with the spirit and intent of said height, area, offstreet parking or sign regulations, and only in such manner as to grant relief without injury to the public health, safety and general welfare. They shall have no power to grant any other variances. Before granting any variance, the Zoning Commissioner shall require public notice to be given and shall hold a public hearing upon any application for a variance in the same manner as in the case of a petition for reclassification. Any order by the Zoning Commissioner or the County Board of Appeals granting a variance shall contain a finding of fact setting forth and specifying the reason or reasons for making such variance."

Interested Persons

Appearing at the hearing on behalf of the variance request were Donna McCann, Petitioner and David Billingsley of Central Drafting & Design, Inc., the firm that prepared the site plan of the property. There were no persons in opposition to the variance request who attended the hearing. People's Counsel, Peter Max Zimmerman, entered the appearance of his office in this case.

Testimony and Evidence

Mr. Billingsley proffered that the properties at 7219 and 7221 Bucher Road originally composed lot 211 of the "Chesapeake Terrace" subdivision, which was recorded in the Land Records of Baltimore County prior to 1940. These are waterfront lots on Jones Creek. Lot 211 had 100 ft. of road frontage and was 90 ft. wide. In March 1947, this lot was subdivided by deed into two 45 ft. wide lots. DR 5.5 zoning was imposed on the property thereafter. Both lots meet the area requirements for the DR 5.5 zoning. A house was erected on 7221 Bucher Road in 1961. That

house is 8 ft. and 9 ft. from the property lines as shown on Petitioner's Exhibit No. 1. Thus, the request for variance in Case No. 05-123-A for these side yard setbacks in lieu of the required 10 ft.

Ms McCann indicated that she purchased these properties in July 2004 with the intention to build a new home on the now vacant lot at 7219 Bucher Road. She planned to move into the new home once constructed. She then would like to have her parents move into the existing house at 7221 because they are getting older and will required her nearby assistance in the future. The vacant lot is 45 ft. wide in lieu of the required 55 ft. width. Ms. McCann proposes to build the new home on 7219 Bucher Road with the same side yard setback dimensions of 8 and 9 ft., again in lieu of the required 10 ft. Otherwise, the lot and proposed home meet all County regulations.

The properties are served with public water and sewer. Mr. Billingsley presented the present sewer plan from the County as Petitioner's Exhibit No. 2, which indicates that the County recognizes two connections. He indicated that many of the homes in the area have side yard setbacks similar to those requested in these Petitions.

The hearing then focused on the issue in this case, which is whether or not the proposed new home on a 45 ft. wide lot would change the character of the neighborhood. Mr. Billingsley pointed out that waterfront lots 217 through 222, as shown on Exhibit No. 2, are all 50 ft. wide lots with homes having side yard setbacks similar to the proposed requests. He also pointed out that virtually all of the lots behind the waterfront lots are 50 ft. wide lots. Finally, he noted that the side yard setback for the house at 7223 is only 7 ft. from the property line.

On the other hand, he admitted that waterfront lots 207 through 211 are generally single-family homes on lots with 80, 90 and 100 ft. widths as seen in Exhibit No. 2. It appears that lot 212 was similarly subdivided into smaller lots but only the home located at 7223 Bucher Road has been built on these lots. Similarly, lot 213 seems to have been subdivided but again there is only one

house on the double lots. Lot 214 seems to be a vacant 50 ft. lot. Lots 215 and 216 appear very similar to the subject lots in that a home had been erected on only one lot of the two owned by the same person.

The zoning map, which is included in the file along with Exhibit No. 2, shows that lots 198 through 203, which are immediately behind the subject properties, are all developed on double lots as are nearly all of the lots north of Hughes Avenue.

Findings of fact and conclusions of law

This is a very close case and likely to be appealed to the Board of Appeals. Consequently, I will make a finding on all the relevant issues. First, I find that the lots in question are unique in a zoning sense in that they compose lot 211 which was recorded in the land records many years before the DR zoning was imposed upon them. Therefore, I find that they are impacted by the DR regulations in a manner different from lots designed after the regulations were imposed.

Ms. McCann presents a hardship case citing the need to be near her aging parents who presumably would live in the existing house after she builds a new home. Of course, there would be nothing to prevent her from simply selling both. The Zoning Commissioner's Policy Manual, Section 304, warns of approving undersized lots that the owner has not held for at least six years. Here, Ms. McCann purchased the properties only last July. As pointed out by the Office of Planning, the existing house can meet the regulations on one side simply by lot line adjustment with the vacant lot, but this would merely make the now vacant lot two feet narrower. There is nothing that can be done for the one foot variance requested on the 212 lot side. This is an existing house. No one suggests that the owner slice one foot off the house to make it conform. Failure to grant this request, however, simply means the existing home would be nonconforming.

In regard to zoning density, there is nothing in this case to suggest that if the request were granted the density would be exceeded in the area. Both lots substantially exceed the lot area for DR 5.5 zoning.

As noted above, the problem with the request comes in determining if the proposed two lots with homes on 45 ft. wide lots would change the character of the neighborhood and violate the spirit and intent of the regulations as well as the communities general welfare. I accept Mr. Billingsley's contention that the proposed uses would be compatible with the pattern of development shown on waterfront lots 217, 218, 219 and 222. However, the remainder of the neighborhood appears, from the evidence I have before me, to be developed on double lots. This is true not only on the adjacent waterfront lots but the homes and lots behind the subject property. Therefore, I must deny the requested variances.

Pursuant to the advertisement, posting of the property, and public hearing on this petition held, and after considering the testimony and evidence offered by the Petitioner, I find that the Petitioner's request for variance and for approval of an undersized lot should be denied.

THEREFORE, IT IS ORDERED, this ____ day of October, 2004, by this Deputy Zoning Commissioner, that the Petitioner's request in Case No 05-122A for a variance from Section 1B02.3.C.1 of the Baltimore County Zoning Regulations (B.C.Z.R.), to allow a side yard of 8 ft. and 9 ft. in lieu of the required 10 ft. and to allow a lot width of 45 ft. in lieu of the required 55 ft. for a dwelling on an undersized lot, and in case no. 05-123-A for variance from Section 1B02.3.C.1 of the Baltimore County Zoning Regulations (B.C.Z.R.), to allow a side yard of 8 ft. and 9 ft. in lieu of the required 10 ft., be and is hereby DENIED.

> Re: Petitions for Variance Case Nos. 05-122-A & 05-123-A Property: 7219 Bucher Road

Dear Ms. McCann:

Enclosed please find the decision rendered in the above-captioned cases. The petitions for variance have been denied in accordance with the enclosed Order.

In the event the decision rendered is unfavorable to any party, please be advised that any party may file an appeal within thirty (30) days from the date of the Order to the Department of Permits and Development Management. If you require additional information concerning filing an appeal, please feel free to contact our appeals clerk at 410-887-3391.

Very truly yours,

John V. Murphy

ZONING REVIEW

ADVERTISING REQUIREMENTS AND PROCEDURES FOR ZONING HEARINGS

The <u>Baltimore County Zoning Regulations</u> (BCZR) require that notice be given to the general public/neighboring property owners relative to property which is the subject of an upcoming zoning hearing. For those petitions which require a public hearing, this notice is accomplished by posting a sign on the property (responsibility of the petitioner) and placement of a notice in a newspaper of general circulation in the County, both at least fifteen (15) days before the hearing

Zoning Review will ensure that the legal requirements for advertising are satisfied However, the petitioner is responsible for the costs associated with these requirements. The newspaper will bill the person listed below for the advertising. This advertising is due upon receipt and should be remitted directly to the newspaper.

OPINIONS MAY NOT BE ISSUED UNTIL ALL ADVERTISING COSTS ARE PAID.

Dear Ms. McCann:

RE: Case Number: 05-123-A, 7221 Bucher Road

The above referenced petition was accepted for processing by the Bureau of Zoning Review, Department of Permits and Development Management (PDM) on September 3, 2004.

The Zoning Advisory Committee (ZAC), which consists of representatives from several approval agencies, has reviewed the plans that were submitted with your petition. All comments submitted thus far from the members of the ZAC are attached. These comments are not intended to indicate the appropriateness of the zoning action requested, but to ensure that all parties (zoning commissioner, attorney, petitioner, etc.) are made aware of plans or problems with regard to the proposed improvements that may have a bearing on this case. All comments will be placed in the permanent case file.

If you need further information or have any questions, please do not hesitate to contact the commenting agency.
