FINDINGS OF FACT AND CONCLUSIONS OF LAW

These matters come before this Deputy Zoning Commissioner as a Petitions for Variance filed by the legal owner of the subject property, Mark Celluzzi and Harry L. Tolley, III, contract purchaser. The Petitioners are requesting variance relief for properties set forth as follows:

Case No. 05-438-A: Property located at 7335 Greenbank Road in the eastern area of Baltimore County. Variance relief is requested from Section 1B02.3.C.1 of the Baltimore County Zoning Regulations (B.C.Z.R.), to allow a lot width of 50 ft. in lieu of the required 55 ft. for a new dwelling and to approve an undersized lot.

Case No. 05-439-A: Property located at 7337 Greenbank Road in the eastern area of Baltimore County. Variance relief is requested from Section 1B02.3.C.1 of the Baltimore County

Zoning Regulations (B.C.Z.R.), to allow a lot width of 50 ft. in lieu of the required 55 ft. for an existing dwelling.

These properties were posted with Notice of Hearing on April 2, 2005, for 15 days prior to the hearing, in order to notify all interested citizens of the requested zoning relief. In addition, a Notice of Zoning hearing was published in "The Jeffersonian" newspaper on March 31, 2005, to notify any interested persons of the scheduled hearing date.

Applicable Law

Section 307 of the B.C.Z.R. – Variances.

"The Zoning Commissioner of Baltimore County and the County Board of Appeals, upon appeal, shall have and they are hereby given the power to grant variances from height and area regulations, from off-street parking regulations, and from sign regulations only in cases where special circumstances or conditions exist that are peculiar to the land or structure which is the subject of the variance request and where strict compliance with the Zoning Regulations for Baltimore County would result in practical difficulty or unreasonable hardship. No increase in residential density beyond that otherwise allowable by the Zoning Regulations shall be permitted as a result of any such grant of a variance from height or area regulations. Furthermore, any such variance shall be granted only if in strict harmony with the spirit and intent of said height, area, off-street parking or sign regulations, and only in such manner as to grant relief without injury to the public health, safety and general welfare. They shall have no power to grant any other variances. Before granting any variance, the Zoning Commissioner shall require public notice to be given and shall hold a public hearing upon any application for a variance in the same manner as in the case of a petition for reclassification. Any order by the Zoning Commissioner or the County Board of Appeals granting a variance shall contain a finding of fact setting forth and specifying the reason or reasons for making such variance."

Section 304 of the B.C.Z.R. – Use of Undersized Single Family Lots (Reference Only)

Section 304, Use of Undersized Single-Family Lots [BCZR 1955; Bill No. 47-1992]

304.1[Bill Nos. 64-1999; 28-2001] Except as provided in Section 4A03, a one-family detached or semidetached dwelling may be erected on a lot having an area or width at the building line less than that required by the area regulations contained in these regulations if:

- A. Such lot shall have been duly recorded either by deed or in a validly approved subdivision prior to March 30, 1955;
- B. All other requirements of the height and area regulations are complied with; and
- C. The owner of the lot does not own sufficient adjoining land to conform to the width and area requirements contained in these regulations.

Zoning Advisory Committee Comments

The Zoning Advisory Committee (ZAC) comments are made part of the record of this case and contain the following highlights: ZAC comments were received from the Department of Environmental Protection & Resource Management (DEPRM) dated March 17, 2005 stating that the Petitioners must comply with the Chesapeake Bay Critical Area Regulations, copies of which are attached hereto and made a part hereof. In addition, ZAC comments were received from the Bureau of Development Plans Review dated March 24, 2005, copies of which are attached hereto and made a part hereof. Finally, ZAC comments were received from the Office of Planning dated March 28, 2005, copies of which are attached hereto and made a part hereof.

Interested Persons

Appearing at the hearing on behalf of the variance request were David Billingsley, Bob Infussi and Harry L. Tolley, III, contract purchaser, the Petitioner. There were no protestants or interested citizens in attendance at the hearing. People's Counsel, Peter Max Zimmerman, entered the appearance of his office in this case.

Testimony and Evidence

By agreement, all testimony and evidence given in Case No 05-438-A is equally applicable to Case No. 05-439-A. Mr. Billingsley explained that Mr. Celluzzi owns lots 182 and 183 of the "Oliver Beach" subdivision, which was recorded among the Land Records of Baltimore County in 1940 as shown by Petitioner's Exhibit 2. Lot 183 is improved by an existing home which meets all DR 5.5 regulations except lot width, which is 50 feet instead of the required 55 feet. He would like to sell his side yard, lot 182, on which the contract purchaser would like to build a new home again which meets all DR 5.5 regulations except lot width which is 50 feet. See Petitioner's Exhibit 1 for the setback and dimensions of the lots.

Mr. Billingsley indicated that it would be a hardship on the Petitioner not to be able to build on Lot 182, which is intended for residential development. He noted that the lot is served by gravity, public sewer, and public water. He noted that each lot is 7500 sq. feet in area which exceeds the 6000 sq. feet required by the regulations so that building a new home on the lot would not result in greater density than was otherwise allowed. He further indicated that granting the requested variances would be within the spirit and intent of the DR regulations and would not adversely affect the pattern of development in the neighborhood. In support of the latter, he pointed to this same conclusion by the Planning Office comments, which noted that the neighborhood is primarily developed as one home on each 50 foot lot. He noted this was especially true of waterfront properties north and south of Greenbank Road with the exception of 7327 Greenbank Road which has a larger home on several lots.

Findings of Fact and Conclusions of Law

At the outset, I want to observe that I agree with the process displayed in these cases. The lots meet all the conditions for simple administrative approval of undersized lots pursuant to Section 304 of the BCZR except for the fact that both lots are in common ownership. Since the lots then do not meet every requirement of Section 304, they must be processed by requests for variance.

I find that special circumstances or conditions exist that are peculiar to the land or structure which is the subject of the variance request. These lots were part of a subdivision that was recorded in the Land Records of Baltimore County in 1940, much before the DR 5.5 zoning regulations were imposed. As such, I find that the imposition of the zoning regulations impact these lots differently than lots in the area laid out in accord with the DR regulations. Consequently, I find the lots are unique in a zoning sense.

I also find that strict compliance with the Zoning Regulations for Baltimore County would result in practical difficulty or unreasonable hardship on the Petitioners, as they would not be able to

build a new home on the vacant lot. I further find that no increase in residential density beyond that otherwise allowable by the Zoning Regulations will occur as a result of granting these variances. Both lots exceed the area requirement of the regulations. There is an existing home on Lot 183.

I further find that these variances can be granted in strict harmony with the spirit and intent of the regulations, and in a manner as to grant relief without injury to the public health, safety, and general welfare. Mr. Billingsley has shown that the pattern of development in the neighborhood is one home on each 50 foot lot. Building a home on Lot 182 is compatible with that pattern. The existing home on Lot 183 meets that pattern.

Pursuant to the advertisement, posting of the property, and public hearing on this Petition held, and after considering the testimony and evidence offered by the Petitioners, I find that the Petitioners' variance requests should be granted.

THEREFORE, IT IS ORDERED, this 20 day of April, 2005, by this Deputy Zoning Commissioner, that the Petitioners' requests for variance relief as follows:

Case No. 05-438-A: Property located at 7335 Greenbank Road in the eastern area of Baltimore County. Variance relief is requested from Section 1B02.3.C.1 of the Baltimore County Zoning Regulations (B.C.Z.R.), to allow a lot width of 50 ft. in lieu of the required 55 ft. for a new dwelling and to approve an undersized lot.

Case No. 05-439-A: Property located at 7337 Greenbank Road in the eastern area of Baltimore County. Variance relief is requested from Section 1B02.3.C.1 of the Baltimore County Zoning Regulations (B.C.Z.R.), to allow a lot width of 50 ft. in lieu of the required 55 ft. for an existing dwelling,

be and they are hereby GRANTED, subject, however, to the following restrictions, which are conditions precedent to the relief granted herein:

1. The Petitioners may apply for their building permit and be granted same upon receipt of this

Order; however, Petitioners are hereby made aware that proceeding at this time is at their own risk until such time as the 30 day appellate process from this Order has expired. If, for whatever reason, this Order is reversed, the Petitioners would be required to return, and be responsible for returning, said property to its original condition;

2. Compliance with the ZAC comments made by DEPRM dated March 17, 2005, a copy of which is attached hereto and made a part hereof;
3. Compliance with the ZAC comments made by the Bureau of Development Plans Review dated March 24, 2005, a copy of which is attached hereto and made a part hereof;
4. Compliance with the ZAC comments made by the Office of Planning dated March 28, 2005, a copy of which is attached hereto and made a part hereof
5. When applying for a building permit, the site plan filed must reference this case and set forth and address the restrictions of this Order.

Any appeal of this decision must be made within thirty (30) days of the date of this Order.

ZONING REVIEW**

ADVERTISING REQUIREMENTS AND PROCEDURES FOR ZONING HEARINGS

The Baltimore County Zoning Regulations (BCZR) require that notice be given to the general public/neighboring property owners relative to property which is the subject of an upcoming zoning hearing. For those petitions which require a public hearing, this notice is accomplished by posting a sign on the property (responsibility of the petitioner) and placement of a notice in a newspaper of general circulation in the County, both at least fifteen (15) days before the hearing.

Zoning Review will ensure that the legal requirements for advertising are satisfied. However, the petitioner is responsible for the costs associated with these requirements. The newspaper will bill the person listed below for the advertising. This advertising is due upon receipt and should be remitted directly to the newspaper.

OPINIONS MAY NOT BE ISSUED UNTIL ALL ADVERTISING COSTS ARE PAID.

Dear Mr. Celluzzi:

RE: Case Number: 05-439-A, 7337 Greenbank Road

The above referenced petition was accepted for processing by the Bureau of Zoning Review, Department of Permits and Development Management (PDM) on March 4, 2005.

The Zoning Advisory Committee (ZAC), which consists of representatives from several approval agencies, has reviewed the plans that were submitted with your petition. All comments submitted thus far from the members of the ZAC are attached. These comments are not intended to indicate the appropriateness of the zoning action requested, but to ensure that all parties (zoning commissioner, attorney, petitioner, etc.) are made aware of plans or problems with regard to the proposed improvements that may have a bearing on this case. All comments will be placed in the permanent case file.

If you need further information or have any questions, please do not hesitate to contact the commenting agency.

Very truly yours,

DATE: March 24, 2005

FROM: Robert W. Bowling, Supervisor
Bureau of Development Plans
Review

SUBJECT: Zoning Advisory Committee Meeting
For March 21, 2005
Item No. 439

The Bureau of Development Plans Review has reviewed the subject-zoning item.

The minimum right-of-way for all public roads in Baltimore County is 40 feet. Setbacks shall be modified accordingly.

The flood protection elevation for this site is 11.2 feet.

In conformance with *Federal Flood Insurance* requirements, the first floor or basement floor must be at least 1 foot above the flood plain elevation in all construction.

The property to be developed is located adjacent to tidewater. The developer is advised that the proper sections of the *Baltimore County Building Code* must be followed whereby elevation limitations are placed on the lowest floor (*including basements*) of residential (*commercial*) development.

The building engineer shall require a permit for this project.

The building shall be designed and adequately anchored to prevent flotation, collapse, or lateral movement of structure with materials resistant to flood damage.

Flood-resistant construction shall be in accordance with the requirement of B.O.C.A. International Building Code adopted by the county.

MAR 31 2005

FROM: Arnold F. 'Pat' Keller, III
Director, Office of Planning

ZONING COMMISSIONER

SUBJECT: Zoning Advisory Petition(s): Case(s) 5-438 and 5-439

The Office of Planning has reviewed the subject request and has determined that the petitioner owns sufficient adjoining land to conform to the minimum width and area requirements and therefore does not meet the standards stated in Section 304.1.C of the BCZR. However, the existing lot pattern along Green Bank Road appears to 50-foot wide lots. As such, this office does not oppose the petitioner's request.

If the petitioner's request is granted, the following conditions shall apply to the proposed dwelling:

1. Submit building elevations (all sides) of the proposed dwelling to this office for review and approval prior to the issuance any building permit. The proposed dwelling shall be compatible in size, exterior building materials, color, and architectural detail as that of the existing dwellings in the area.
2. Provide landscaping along the public road.

For further questions or additional information concerning the matters stated herein, please contact Mark A. Cunningham in the Office of Planning at 410-887-3480.
