BEFORE THE

DEPUTY ZONING

* COMMISSIONER

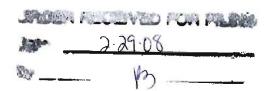

* FOR BALTIMORE COUNTY

* Case No. 08-346-A

FINDINGS OF FACT AND CONCLUSIONS OF LAW

This matter comes before this Deputy Zoning Commissioner as a Petition for Administrative Variance filed by the legal owner of the subject property, Dayon M. Dixon, for property located at 4343 Danlou Drive. The variance request is from Section 1B02.3.B of the Baltimore County Zoning Regulations (B.C.Z.R.) to permit a proposed addition with a side street setback of 8 feet in lieu of the required 25 foot setback. The subject property and requested relief are more particularly described on Petitioner's Exhibit No. 1. The Petitioner wishes to construct a 26 foot x 26 foot addition onto the side of his home. The property is located on the corner of Danlou Drive and Cedar Avenue. The adjacent street, Cedar Avenue, is a dead end street with no traffic flow. The Petitioner does not have a garage so the addition will contain a two-car garage which will be of great practical use to the homeowner. Neighboring homes are required to meet a 10 foot setback; however, the Petitioner's corner lot is required to have a 25 foot setback. The proposed addition and setback will not encroach on any other property lines nor pose any safety hazard to the community.

The Zoning Advisory Committee (ZAC) comments were received and are made part of the record of this case. The comments indicate no opposition or other recommendations concerning the requested relief.

The Petitioner having filed a Petition for Administrative Variance and the subject property having been posted on February 10, 2008 and there being no request for a public hearing, a decision shall be rendered based upon the documentation presented.

The Petitioner has filed the supporting affidavits as required by Section 32-3-303 of the Baltimore County Code. Based upon the information available, there is no evidence in the file to indicate that the requested variance would adversely affect the health, safety or general welfare of the public and should therefore be granted. In the opinion of the Deputy Zoning Commissioner, the information, photographs, and affidavits submitted provide sufficient facts that comply with the requirements of Section 307.1 of the B.C.Z.R. Furthermore, strict compliance with the B.C.Z.R. would result in practical difficulty and/or unreasonable hardship upon the Petitioner.

Pursuant to the posting of the property and the provisions of both the Baltimore County Code and the Baltimore County Zoning Regulations, and for the reasons given above, the requested variance should be granted.

THEREFORE, IT IS ORDERED, by the Deputy Zoning Commissioner for Baltimore County, this 29 day of February, 2008 that a variance from Section 1B02.3.B of the Baltimore County Zoning Regulations (B.C.Z.R.) to permit a proposed addition with a side street setback of 8 feet in lieu of the required 25 foot setback is hereby GRANTED, subject to the following:

1. The Petitioner may apply for his building permit and be granted same upon receipt of this Order; however, Petitioner is hereby made aware that proceeding at this time is at his own risk until such time as the 30 day appellate process from this Order has expired. If, for whatever reason, this Order is reversed, the Petitioner would be required to return, and be responsible for returning, said property to its original condition.

Variance Affidavit 4343 Danlou Drive

I hereby request an Administrative Variance that the curbside setback be approved for 8 feet in lieu of the 25 foot setback required by the Zoning Commission of Baltimore County. A 25 foot setback is currently required for aforementioned property because it is zoned as a corner lot. Neighboring homes are only required to meet an 10 foot setback. But this property is unique in that the adjacent street is a dead end street with no traffic flow. The proposed addition and setback will not encroach on any other property lines nor pose any safety hazard to the community. The addition of a 2-car garage will be of great practical use to the owner. It is my opinion that a 25 foot setback is unwarranted due to the property location in respect to the neighboring houses and the unique nature of the intersecting street.
