AMENDED ORDER

This matter came before the undersigned Zoning Commissioner for consideration of a Petition for Special Hearing filed by Denise L. Smith requesting confirmation that a non-conforming use of a two-family dwelling existed on the subject property. Following the public hearing, I denied the requested special hearing relief by written Order, dated July 9, 2009. Subsequently, on August 7, 2009, the Petitioner filed a Motion for Reconsideration. Essentially, it is pointed out that significant new evidence was obtained bearing on the dwelling's two-family use that covered the missing time period of 1955 to 1977. *See* supplemental documents received as Petitioner's Exhibit 5. In an effort to correct the record and address the burden of proof required of the Petitioner, the Motion was granted and continued proceedings were resumed on Thursday, October 1, 2009.

By way of background, the subject rectangular shaped property located in the Lochearn area of the County contains 6,300 square feet improved by a two-story, stone dwelling in the D.R.5.5 zoning classification. The findings of fact and conclusions of law contained in my initial Order, to the extent applicable, are adopted by reference herein. That evidence included the floor plan for the first and second floors and was persuasive that the original dwelling was built as two apartments with independent kitchens, bathrooms, living areas and entrances. Although I am appreciative of the

Lochearn Improvement Association's opposition to a two-family use in this neighborhood, I find that the membership, officers and board members have offered no testimony and evidence based on personal knowledge of the subject property's use. Ms. Tracy E. Clausen appeared and participated at the October Motion's hearing but could offer no additional evidence to refute the non-conforming use.¹

As noted previously, the relevant date in this case is March 30, 1955, the date the current zoning regulations were adopted. Based on the testimony and evidence, I am convinced that the subject property has been used without interruption as a two-family dwelling since before 1955. The evidence indicates that the dwelling was designed and built in 1951 as two separate apartments, there are separate BGE electric meters and Patricia Davis had testified at the initial hearing concerning the non-conforming use from 1977 to present. Further uncontradicted enlightening facts were presented at the Motion's hearing covering the time period from the 1950's through 1977. An affidavit from Nancy Girard who lived at 3716 Campfield Road confirmed the use continued without interruption from 1960. D. Jean Gralewicz, a long-time friend and neighbor of Walter D. Folger, the original owner, confirmed the use from 1950 to 1960. These letters, along with numerous public records identifying the actual tenants, collectively marked and accepted into evidence as Petitioner's Exhibit 5, corroborate a two-family dwelling use.

Based on the testimony and evidence, I am convinced that the subject property has been used continuously, without interruption, as a two-family dwelling since approximately 1955. In my judgment, based upon the numerous exhibits, I am persuaded to grant the special hearing relief and

¹ Ms. Clausen testified that the association met and voted to oppose the instant Motion. The board believes that the Petitioner, when purchasing the property in November 2008, obtained financing by stating it was "for a single-family dwelling" taking a 180-degree divergence from the two-family use she now desires. The Lochearn Improvement Association asserts that she is now estopped from proceeding on the instant petition.

shall approve the use of the subject two-family dwelling as a legal, non-conforming use.

NOW, THEREFORE, in consideration of Petitioner's request for modification, my Order of July 9, 2009, shall be amended in accordance with the following:

IT IS ORDERED by the Zoning Commissioner for Baltimore County, this 9th day of October 2009, that the Petition for Special Hearing, pursuant to Section 500.7 of the Baltimore County Zoning Regulations (B.C.Z.R.), to permit a non-conforming use for a two-family dwelling, be and is hereby GRANTED.

IT IS FURTHERED ORDERED that any appeal of this decision shall be made within thirty (30) days of the date of this Order in accordance with Baltimore County Code (B.C.C.) Section 32-3-401.

EXHIBIT LIST OF PETITIONER, DENISE L. SMITH, FOR
MOTION TO RECONSIDER SPECIAL PETITION
HEARING HELD ON JULY 1, 2009

Exhibit No. 1	1950- Criss Cross Reference
Exhibit No. 2	1951-1952 - Criss Cross Reference
Exhibit No. 3	1952-1953 - Criss Cross Reference
Exhibit No. 4	1953-1954 - Criss Cross Reference

Exhibit No. 6	1957 -Criss Cross Reference
Exhibit No. 7	1958 - Criss Cross Reference

prove the subject property was used as a two-family dwelling since March 30, 1955.

Petitioner is currently seeking additional evidence from persons who may have personal knowledge of the house at 3651 Campfield Road having been used as a two-family dwelling since 1955.

As a starting point for Petitioner's research, please find attached Exhibit Numbers 1 - 10, copies of the Stewart Reference/Criss-Cross of the Campfield neighborhood during the years noted atop the pages. As you can see, Exhibits 1-10, list the names and addresses of the Campfield residents for the years specified on the Criss Cross attached. Please note the yellow highlighted and red circled addresses for the property at 3651 Campfield Road which lists two different residents living at the subject property during the years specified atop Exhibits 1-10.

I would also like to present into evidence Exhibit Numbers 11-13, photographs of the first and second floor apartments' fuse boxes located in the kitchen area. These Exhibits are being introduced into evidence as proof that the home's electrical usage consisted of fuse boxes for the first and second floor apartment units which is not reflected in the BG&E records submitted with the original Petition.

Additionally, please find Exhibit Number 14, an Affidavit from Ms. Nancy Girard which confirms the subject property being used as a two-unit dwelling since 1957.

Also being admitted into evidence is Exhibit Number 14(a), an Affidavit and typed statement from Mr. Wilfrid J. Taneyhill, husband of Dorothy Taneyhill, former owners of the property at 3649 Campfield Road. Also see Exhibit No. 15, a copy of the Maryland Department of Assessments and Taxation-Baltimore County which lists Ms. Dorothy Taneyhill as the property owner.

In addition, I am also including Exhibit Number 16, the front cover of a book entitled, "Find Anyone Fast." It is my hopes that this book will help me to locate additional residents who lived in the Campfield area and who may have personal knowledge that the subject property was used as a two-unit dwelling since 1955.

It was stated on the record at the July 1, 2009, hearing that Petitioner's request seeking approval for an existing two apartment dwelling, as a legal, nonconforming use was denied based on the Commissioner's findings that the Petitioner did not present clear and convincing testimony and evidence that the home at the subject property was used a two-family dwelling since 1955, without interrupted of at least one year.

It is now my intention to present additional evidence to prove the subject property was used as a two family dwelling since 1955. Petitioner is requesting additional time to present testimony, witnesses and/or affidavits to satisfy the "nonconforming use of the subject property as a two-family dwelling."

On August 3, 2009, Petitioner spoke on the telephone with Peter (last name unknown) an employee of the Enoch Pratt Library at the Maryland Department in downtown Baltimore. Petitioner called the Maryland Department at the Enoch Pratt Library to get clarification regarding the Criss Cross Reference which listed two different names at the property address at 3651 Campfield Road.

Peter, the librarian, confirmed Petitioner's suspicion that the two names listed on the Criss Cross for the address at 3651 Campfield Road indicated that the property was occupied by two different residents at the same address, hence an apartment unit, or apartment building. Peter also stated that the Criss Cross Reference listing two names next to the same address indicates,

“...the building or house was an apartment or building occupied by different residents at the same address.” Petitioner would like to offer into evidence the above-statement from an Enoch Pratt employee (Peter, Baltimore City Enoch Pratt Librarian) as evidence that the house at 3651 Campfield Road was occupied by two different residents during the time frames noted on the Criss-Cross Exhibits attached.

I am hopeful that in light of the new evidence being presented, that Commissioner Wiseman, give more favorable consideration to the testimony and Affidavit of Ms. Patricia Davis, presented at the July 1, 2009, hearing. Ms. Davis’ statements should now be regarded as more than “mere hearsay” but as proof that the subject property and other property addresses that she mentioned in her testimony during the hearing are in fact two-family dwellings according to the Criss Cross Exhibits attached. Also, Ms. Davis’ testimony that Mr. Walter D. Folger told her that he rented the property at 3651 Campfield Road during the time frame she mentioned in her testimony should also be given more prudence based on the new evidence gathered.

Please note from the evidence being presented that the property located at 3651 Campfield Road was in fact, originally built as a two-family dwelling in 1951. Therefore, the “Conversion of One-Family Dwelling Minimum Dimensions,” (Exhibit Number 17) do not apply to the subject property. It is not my intent to convert a one family dwelling into a two-family dwelling as reflected in the “Conversion” chart. Again, the subject property was originally built as a two-family dwelling. Therefore, there is no need for a “Conversion of One-Family Dwelling” to take place. Webster’s Dictionary defines conversion as, “a change in nature or form.” The legal definition of “conversion” I pray, does not stray too far from “Webster” definition. At any rate, the key words being “**nature or form.**” As I stated previously,

and as the record reflects from the Criss Cross Exhibits, the subject property's "**nature or form**" and its origin is that of a two-family dwelling.

Based on the new information being introduced into evidence, it is Petitioner's belief that converting the subject property to a single family dwelling even though it was built in 1951 as a two-unit dwelling would be to compromise the possible historical integrity and aspects of the homes built in this neighborhood during that time era. The subject property was not originally built as a one-family dwelling but as a two-family dwelling to adequately house two separate families with two separate living facilities. See Exhibit Number 17, Section 402.1-For Residential Use. See also Exhibit Number 18, M.D.A.T Real Property System.

Petitioner would also like to address the objections of the members of the Lochern Improvement Association, namely Christine Cypress, Cheryl B. Boston, and Herman Johnson who appeared as Protestants in opposition to the Special Hearing held on July 1, 2009. The testimony given by the named Protestants was that of mere opinion and not fact. The testimony of the Protestants did not include any definitive proof or evidence to the corroborating statement that, "a two-family dwelling that is not occupied by the owner brings about a decrease in property values."

Since the burden of proof rests on the Petitioner to establish the subject property as a nonconforming use pursuant to Section 104 of the B.C.Z.R., then the Protestants must be held under the same standards and constraints in presenting evidence to prove that their objections are valid and/or factual. The Lochern Improvement Association presented no evidence at the hearing to prove that their objections were valid or factual. It is for these reasons, that I am requesting that the objections of the Lochern Improvement Association be regarded as mere opinions with

no factual basis or substance to support their claim that property values have decreased in the neighborhood as a result of two-family dwellings. As the new evidence reflects from the Criss Cross Exhibits, two and three-family dwellings existed in the neighborhood prior to 1955.

Although I do not have the legal expertise or capabilities to argue the Statute of the B.C.Z.R., Section 104, it is evident that the manner and time frame within which this law was written does not favor the Petitioning party to any degree. The law, as it is written, basically requires the petitioning party to prove beyond a shadow of a doubt that a house built prior to 1955 was used as a two-family dwelling, without interruption of at least one year. The fifty-four (54) year time gap required for the petitioning party to produce the necessary evidence is almost insurmountable to achieve the petitioning party's desired result. The petitioner is essentially required to account for fifty-four (54) years of evidence. In this respect, the scales of justice are definitely "unbalanced" and "obscured" and not in the Petitioning party's favor.

Section 402.1 of the B.C.Z.R. is the key regulation involving conversion of a one-family dwelling to a two-family dwelling, which in essence requires the petitioning party to gather evidence from the 19th Century (1955; 54 years ago) up to and including the 21st Century (2009). Abiding by this zoning regulation is akin to "fighting with one hand tied behind your back." Essentially, the Petitioner is at a stark disadvantage regarding the evidence needed. Petitioner was advised by the Baltimore County Zoning Clerk's Office that filing a Petition for a Special Hearing was the route to take to achieve Petitioner's desired goal to have the subject property zoned for two-families. It is therefore, the instrument that Petitioner used to achieve the desired goal.

The evidence required by the Baltimore County zoning regulation in the instant case, is so insurmountable as to place such a "lofty" burden of proof on the petitioning party that it is nearly impossible to seek the desired result. However, I am encouraged by the Bible scripture in the Book of Luke, 18:27 which reads, "**the things which are impossible with men are possible with God.**"

Petitioner is also admitting Exhibit Number 19, a copy of the post-marked envelope dated July 18, 2009, which contained the Commissioner's Ruling dated July 9, 2009. Petitioner did not receive the Ruling in the U.S. mail until July 20, 2009, which did not provide Petitioner ample enough time for the thirty (30) day appeal period in order for Petitioner to gather all the necessary information from the Commissioner's Ruling.

Therefore, Petitioner would like to request that Commissioner, William J. Wiseman, III, grant the Petitioner, Denise L. Smith, a reasonable amount of time to research the new evidence and information presented in this motion for reconsideration.

Respectfully submitted,

Denise L. Smith, Petitioner

Previous Resident and Owner of 3649 Campfield Road,

RE: 3651 Campfield Road, Baltimore, MD 21207

Please accept my statements as corroborating proof that the property at 3651 Campfield Road, Baltimore, MD 21207, was built and used as a two family dwelling. I met the original owner of the property, Walter Folger, during the period of 1978. He invited me into his home during that time period and I can attest that the home contained two separate living units. To the best of my knowledge, Mr. Folger also rented his home to tenants.

The home next door to 3651 Campfield Road is 3649 Campfield Road, Baltimore, MD 21207, which was owned and rented by my Aunt Ruby Bradshaw (Deceased in 1978). Her home was built as a two apartment unit as well and she rented it as a means of income. My aunt rented her home to two elderly women. One renter moved away with her brother in Cumberland, MD and the other renter moved to a different location.

My aunt Ruby willed her home to me located at 3649 Campfield Road, Baltimore, MD 21207. After my aunt's death in 1978, I continued to rent the home to the two elderly tenants who lived there at the time of my aunt's death.

IN RE: PETITION FOR SPECIAL HEARING
(3651 Campfield Road)
Denise L. Smith - *Petitioner*
Case No. 2009-0280-SPH

Dear Ms. Smith:

I have received your Motion for Reconsideration submitted on August 7, 2009. The Zoning Commissioner's Rules of Practice and Procedure state in pertinent part:

Appendix G, Rule 4(K) – Motion for Reconsideration:

"A party may file a motion for reconsideration of an order issued by the Zoning Commissioner. Such a motion must be made in writing, within 30 days of the date of the original order. The motion must state, with specificity, the grounds and reasons for the request ..."

Certainly your statement asking for "a reasonable amount of time to search the new evidence" etc., while sufficient to support an appeal – falls short of the specificity required to support your Motion. Upon return from my vacation, I will review your request in further detail. In the meantime, I ask that you provide a copy of your Motion and attachments to the Office of People's Counsel and all persons who attended the public hearing.

Please contact me if you have any questions.

Very truly yours,

WILLIAM J. WISEMAN, III

Denise L. Smith
Petitioner

* BEFORE THE
* ZONING COMMISSIONER

* Case No. 2009-0280-SPH

* * * * *

FINDINGS OF FACT AND CONCLUSIONS OF LAW

This matter comes before the Zoning Commissioner for consideration of a Petition for Special Hearing filed by the owner of the subject property, Denise Smith. The Petitioner requests a special hearing to approve an existing two-apartment detached dwelling on 6,300 square feet in lieu of the required 10,000 square feet, as a legal, nonconforming use. The subject property and requested relief are more particularly described on the site plan submitted, which was accepted into evidence and marked as Petitioner's Exhibit 1.

Appearing at the requisite public hearing in support of the requested nonconforming use was Denise L. Smith, property owner, and Patricia A. Davis, a licensed real estate agent residing at 3652 Campfield Road. Members of the Lochearn Improvement Association, namely Christine Cypress, Cheryl B. Boston and Herman Johnson appeared as Protestants in opposition to the requested relief. There were no other interested persons in attendance nor were there any adverse Zoning Advisory Committee (ZAC) comments submitted by any County reviewing agencies.

It should be noted that this matter came before me not as a result of a complaint registered with the Code Enforcement Division of the Department of Permits and Development Management but out of the Petitioner's desire to legitimize the use which she believes began in 1951. In this

regard, Ms. Davis testified that five (5) dwellings (3643, 3647, 3649, 3652 and 3653 Campfield Road¹) were all originally built as two-unit homes, the earliest in 1925, others in the 1940's, early 1950's. Her testimony and affidavit (Petitioner's Exhibit 3) confirms the subject property's use as a two-unit dwelling since 1977.

Testimony and evidence offered revealed that the subject property is a rectangular shaped parcel (50' wide x 126' deep) located on the south side of Campfield Road, just west of Carol Road in the Lochearn area of the County. The property contains a gross area of 6,300 square feet, more or less, zoned D.R.5.5 and is improved with a two-story stone dwelling that at the time of the hearing was being used as a single-family dwelling but featured two (2) apartments (1st and 2nd floors) with separate bath, kitchen and living areas. Petitioner submitted photographs (Exhibit 2) and documentation from BGE (Exhibit 4) documenting separate electrical meters and service dating back to 1964. She testified concerning the floor plan of the second floor of the existing dwelling. Since her purchase of the property in November 2008, she has used best efforts to obtain information from prior owners and residents with personal knowledge. To her dismay, she learned that most are now deceased.

Unfortunately Ms. Davis, who has leased the property in the past, was not able to offer any additional witnesses to prove the continuous and uninterrupted use of the property since 1955. She did, however, testify that she lived next door to the property and believed that the dwelling had always been used as two apartments. According to her, Mr. Walter Folger was the original owner. She met him in 1977 and he told her that since the home was built in 1951 it had always been used as a two-family dwelling. As far back as she could remember (and she has lived in close proximity to

¹ A computer search of both the Zoning Commissioner's Orders and Zoning data base failed to disclose zoning relief for any of these addresses.

the property for 32 years), she testified the property was used as a two-apartment dwelling. She confirmed that Folger and the Girard's, another family in the area who could attest to the use, are now all deceased.

Herman Johnson, who has resided in the area for 34 years, appeared and testified as a Protestant in opposition to the requested relief. Mr. Johnson is the Vice President of the Lochearn Improvement Association and has worked in the past as a Baltimore City Police Officer and City's Housing Authority. He is opposed to the request and testified that a two-family dwelling that is not occupied by the owner brings about a decrease in property values. This testimony was corroborated by the Association's President Christine Cypress and Board member Cheryl B. Boston, both having resided in the area for many years.

Section 402.2 of the B.C.Z.R. is the controlling regulation involving conversions of a one-family dwelling to a two-family duplex. That section (Chart) requires a lot width of 80 feet at the front building line and a lot area of 10,000 square feet (3,700 more square footage than the Petitioner has), thus preventing, as a matter of right, a two-apartment use in the D.R.5.5 zone. Instead, Petitioner has attempted to establish a nonconforming use pursuant to Section 104 of the B.C.Z.R., which states as follows:

"A nonconforming use (as defined in Section 101) may continue except as otherwise specifically provided in these regulations; provided that upon any change from such nonconforming use to any other use whatsoever, *or any abandonment or discontinuance of such nonconforming use for a period of one year or more*, the right to continue or resume such nonconforming use shall terminate."

It is well settled law that nonconforming uses are not favored. Nonconforming uses are contrary to the zoning scheme established by the zoning regulations. *See McKemy v. Baltimore County*, 39 Md. App. 257 (1978). Moreover, as I advised Ms. Smith at the outset of the public hearing, it is the burden of the Petitioner to conclusively prove the nonconforming character of the

NOTED RECEIVED FOR FILING
Date 11-9-09
By [signature]

proposed use. Clear and convincing testimony and evidence must be produced to show that the use existed prior to 1955 and that such use has been continuous and uninterrupted since that time.

Considering all of the testimony and evidence presented at the public hearing, I am not persuaded that the Petitioner has met her lofty burden in this case. In my judgment, the credible and reliable testimony offered is persuasive to a finding that the property was used as a two-bedroom apartment since 1977. However, understandably, Ms. Smith had a difficult time producing witnesses that can corroborate her theory that the use of the property has existed in a continuous and uninterrupted manner for the entire statutory period. Accordingly, the Petition must be denied and the two-apartment use must not resume.

It must be noted that this decision is not a reflection upon the Petitioner in this case. Ms. Smith and Ms. Davis have made a reasonable attempt to legalize the use of the subject property by pursuing and obtaining affidavits and BGE documentation. Considering that many of the properties in the Lochearn/Arbutus areas of Baltimore County do not contain the requisite area square footage and are not 80 feet wide at the front building line so as to maintain two apartments as of right, this case may represent a recurring problem for residents in the surrounding area.

Pursuant to the advertisement, posting of the property, and public held thereon, and for the stated reasons, the Petition for Special Hearing should be denied.

THEREFORE, IT IS ORDERED, by the Zoning Commissioner for Baltimore County, this 9th day of July 2009, that the Petition for Special Hearing seeking approval of an existing two apartment dwelling on the subject property, as a legal, nonconforming use, in accordance with Petitioner's Exhibit 1, be and the same is hereby DENIED; and

1. Petitioner shall be required to cease the proposed rental of the property as a two-apartment and return its use to that of a single-family dwelling.

Date 7-9-09
BY 123

2. To assure compliance with this Order, the Petitioner shall permit a representative of the Code Enforcement Division of the Department of Permits and Development Management (DPDM) reasonable access to the building to insure compliance.

Any appeal of this decision must be taken in accordance with Section 32-3-401 of the Baltimore County Code.

ADVERTISING REQUIREMENTS AND PROCEDURES FOR ZONING HEARINGS

The Baltimore County Zoning Regulations (BCZR) require that notice be given to the general public/neighboring property owners relative to property which is the subject of an upcoming zoning hearing. For those petitions which require a public hearing, this notice is accomplished by posting a sign on the property (responsibility of the petitioner) and placement of a notice in a newspaper of general circulation in the County, both at least fifteen (15) days before the hearing.

Zoning Review will ensure that the legal requirements for advertising are satisfied. However, the petitioner is responsible for the costs associated with these requirements. The newspaper will bill the person listed below for the advertising. This advertising is due upon receipt and should be remitted directly to the newspaper.

OPINIONS MAY NOT BE ISSUED UNTIL ALL ADVERTISING COSTS ARE PAID.

I hereby certify that on this 7th day of October, 2009, I mailed and/or hand-delivered the foregoing documents to the following persons: William Wiseman, III, Zoning Commissioner for Baltimore County, Patricia Davis, Christine Cypress, Cheryl Brown, Herman Johnson and The People's Counsel at the addresses previously provided.

To Whom It May Concern:

I have lived at the above address since 1960. The house at 3651 Campfield Road was owned by Walter Folger. When I moved into 3716 it was two apartments at that time and for as long as he lived there.

To my knowledge it has always been used as two apartments.

Very truly yours,

Nancey Girard

AFFIDAVIT OF RAY MASSEY

This Affidavit serves as my testimony for the Motion for Reconsideration of the Special Petition Hearing scheduled for October 1, 2009, in the case of Denise L. Smith, Petitioner, 3651 Campfield Road, Baltimore, MD 21207.

My work experience includes eight years of working as a carpenter rehab specialist with Apartment Services located in Hunt Valley, MD. I also attended Westside Skill Center in Baltimore where I studied in the plumbing and carpentry trades. In addition, I utilized my carpentry and plumbing skills by helping to build Baby- R-Us stores across the nation. I am currently self-employed in the home improvement business.

Ms. Smith hired me to perform various renovation projects on her newly purchased home located at 3651 Campfield Road during the months of November, 2008 through January, 2009. Specifically, I re-installed and hooked up the gas line to the kitchen stove on the second floor apartment. In addition, I re-installed a kitchen sink, faucet, counter-top, and kitchen base cabinets.

Based on my years of experience and knowledge in this field, it is my belief that the plumbing system I encountered on the second floor kitchen apartment is the original plumbing/piping that existed when the house was built, early 1950's. The piping used on the second floor kitchen apartment was galvanized piping which is consistent with the piping used during that time period.

I also installed a sub-floor and new vinyl flooring on the first floor kitchen apartment of this two-unit dwelling. The sub-floor that I replaced on the first floor kitchen apartment was, in my professional opinion, original to the house as well.

Comments:

1.5 This house was inspected to determine if it had been ^{REMODELLED} remodeled to make it a two unit structure or if it was always a two unit structure. In my professional opinion it was always a two unit structure. All of the beams and joist are the same age and origin, there are no signs of remodeling.

The structure of the home was inspected and reported on with the above information. While the inspector makes every effort to find all areas of concern, some areas can go unnoticed. Please be aware that the inspector has your best interest in mind. Any repair items mentioned in this report should be considered before purchase. It is recommended that qualified contractors be used in your further inspection or repair issues as it relates to the comments in this inspection report.

RE: 3651 Campfield Road Baltimore, MD 21207

I met the original owner of 3651 Campfield Road Baltimore, MD 21207 who built this house as a two unit dwelling in 1947. Although I didn't meet him until 1977, he was using his home as a two unit since it was built. There are no other living residents in the block other than Mrs. Nancy Girard, whose parents built their home in the 3700 block of Campfield in 1957.

She will be able to attest from the date she moved into the neighborhood. All other residents are deceased, as is the original owner, Walter Folger.

As a resident and a realtor, there are six houses on our block that were originally built as two unit homes as early as 1925 (3652 Campfield Road).

Please accept my affidavit as a testimony of heresay from a deceased original owner of the home.

To Whom It May Concern:

I have lived at the above address since 1960. The house at 3651 Campfield Road was owned by Walter Folger. When I moved into 3716 it was two apartments at that time and for as long as he lived there.

To my knowledge it has always been used as two apartments.

Very truly yours,

Nancey Girard

<i>Petitioner</i>		Case No. 2009-0175-SPH

FINDINGS OF FACT AND CONCLUSIONS OF LAW

This matter comes before this Deputy Zoning Commissioner for consideration of a Petition for Special Hearing filed by Andrew T. McQuaid, the legal property owner. Special Hearing relief is requested pursuant to Section 500.7 of the Baltimore County Zoning Regulations (B.C.Z.R.) to approve the non-conforming use of a two-family dwelling prior to 1955. The subject property and requested relief are more fully described on the site plan which was marked and accepted into evidence as Petitioner's Exhibit 1.

Appearing at the requisite public hearing in support of the requested special hearing was Petitioner Andrew T. McQuaid. Also appearing in support of the requested relief was Melody Taylor, the proposed buyer of the property. Appearing as interested citizens were nearby neighbors McCanner Perry of 439 Schwartz Avenue, Betty Dorsey and Cynthia Dorsey of 6324 Smith Court, and G. Zelinski of 433 Schwartz Avenue. There were no Protestants in attendance at the hearing.

Testimony and evidence offered revealed that the subject property is rectangular-shaped and consists of approximately 11,000 square feet or 0.25 acre, more or less, zoned D.R.5.5. The property is located on the south side of Schwartz Avenue, west of York Road near Rogers Forge just north of the Baltimore City/County line. The property is improved with a two-story

dwelling with vinyl siding and a macadam driveway that runs along the right side of the property. Petitioner purchased the property in 1986 as his first home. When he bought the property, it was his understanding that the dwelling contained two separate apartment units -- one on the first floor and the other on the second floor. Indeed, the dwelling had two separate entrances in front for the two apartments. Petitioner also indicated that he made significant improvements to the home, including the installation of the aforementioned vinyl siding, as well as a covered front porch. A photograph of the dwelling as it appears today was marked and accepted into evidence as Petitioner's Exhibit 3.

At this juncture, Petitioner desires to sell the property to Melody Taylor; however, prior to the sale, the parties desire to confirm the legal status of the two apartments in the dwelling. Ms. Taylor intends to reside on the first floor and rent the second floor apartment. Petitioner explained that when he purchased the dwelling in 1986 and obtained permits for the improvements he was making to the exterior and the interior units, he was told by the County's Permit Office that he would need to verify that the dwelling had in fact been used as two separate apartments. As such, at that time, Petitioner obtained affidavits from the neighbors on each side of the property. In particular, Petitioner obtained an affidavit from William Aguas of 421½ Schwartz Avenue that was marked and accepted into evidence as Petitioner's Exhibit 4A. Mr. Aguas indicated he was aware the dwelling had been used as two apartments since at least 1984. Another affidavit was obtained from Yvette McDougald of 417 Schwartz Avenue and marked and accepted into evidence as Petitioner's Exhibit 4B. Ms. McDougald indicated that she was aware the subject dwelling had been used as two apartments since at least 1965.

Testifying as an interested citizen was McCanner Perry of 439 Schwartz Avenue. Ms. Perry appeared with several neighbors and on behalf of their neighborhood organization, the

Schwartz Avenue Neighborhood Group, to learn more about the requested relief and to make sure they were informed as to what Petitioner is intending with regard to the property. Upon listening to Petitioner's presentation and meeting Ms. Taylor, Ms. Perry and the other neighbors indicated they were supportive of the requested relief. In fact, these citizens verified that the dwelling has been used as two apartments for many years. Ms. Perry indicated she has lived in her home for approximately 50 years and to her knowledge, the dwelling has always had two apartments -- certainly since prior to 1955. Petitioner also added that the dwelling has two separate entrances in front and that each unit has its own separate gas and electric meters. He also noted that the dwelling was originally constructed in 1903.

The Zoning Advisory Committee comments were received and are made part of the record of this case. Comments were received from the Office of Planning dated February 4, 2009 which states that when initially reviewing the Petitioner's request and site plan, the Office had some concerns about recommending approval of a two unit dwelling on a small one-way street. It appeared that this would further exacerbate a constricted situation. After making a site visit there does in fact appear to be some available on-street parking directly in front of the proposed property and across the street. Nonetheless, the Planning Office recommends the applicant provide an additional on-site parking space.

Section 104 of the B.C.Z.R. governs nonconforming uses in Baltimore County. A nonconforming use is defined in Section 101 of the B.C.Z.R. as "[a] legal use that does not conform to a use regulation for the zone in which it is located or to a special regulation applicable to such a use." Often, the nonconforming use designation is applied to "grandfather" an otherwise illegal use. If Petitioner can establish that the use began prior to the effective date

of the zoning regulation which prohibited such use, and the use has continued without interruption since that time, that use may continue as nonconforming.

In this case, the relevant date is March 30, 1955, the date the current B.C.Z.R. was adopted. Based on the testimony and evidence presented, I am persuaded to grant the special hearing relief for two apartments in the dwelling. The affidavits accepted into evidence as Petitioner's Exhibits 4A and 4B and the testimony from Petitioner and nearby neighbors leads me to conclude that the dwelling has been used as two apartments since before the 1955 Regulations without interruption for more than one year, thus meeting the requirements of a nonconforming use. As to the recommendation of the Planning Office for an additional on-site parking space, I will not require Petitioner to reconfigure the parking. As shown on the photograph that was accepted into evidence as Petitioner's Exhibit 3, the existing parking pad appears to accommodate two vehicles. In addition, there appears to be sufficient on-street parking to accommodate additional vehicles should the need arise.

Pursuant to the advertisement, posting of the property, and public hearing on this petition held, and after considering the testimony and evidence offered by the parties, I find that Petitioner's request for special hearing should be granted.

THEREFORE, IT IS ORDERED by the Deputy Zoning Commissioner for Baltimore County, this 23rd day of February, 2009 that Petitioner's request for Special Hearing relief filed pursuant to Section 500.7 of the Baltimore County Zoning Regulations (B.C.Z.R.) to approve the non-conforming use of a two-family dwelling prior to 1955 be and is hereby GRANTED, subject to the following:

1. Petitioner may apply for permits and be granted same upon receipt of this Order; however, Petitioner is hereby made aware that proceeding at this time is at his own risk until such time as the 30-day appellate process from this Order has expired. If, for whatever reason, this Order is reversed, Petitioner would be required to return, and be responsible for returning, said property to its original condition.

Any appeal of this decision must be made within thirty (30) days of the date of this Order.

THOMAS H. BOSTWICK
Deputy Zoning Commissioner
for Baltimore County

AFFIDAVIT OF RAY MASSEY

This Affidavit serves as my testimony for the Motion for Reconsideration of the Special Petition Hearing scheduled for October 1, 2009, in the case of Denise L. Smith, Petitioner, 3651 Campfield Road, Baltimore, MD 21207.

My work experience includes eight years of working as a carpenter rehab specialist with Apartment Services located in Hunt Valley, MD. I also attended Westside Skill Center in Baltimore where I studied in the plumbing and carpentry trades. In addition, I utilized my carpentry and plumbing skills by helping to build Baby- R-Us stores across the nation. I am currently self-employed in the home improvement business.

Ms. Smith hired me to perform various renovation projects on her newly purchased home located at 3651 Campfield Road during the months of November, 2008 through January, 2009. Specifically, I re-installed and hooked up the gas line to the kitchen stove on the second floor apartment. In addition, I re-installed a kitchen sink, faucet, counter-top, and kitchen base cabinets.

Based on my years of experience and knowledge in this field, it is my belief that the plumbing system I encountered on the second floor kitchen apartment is the original plumbing/piping that existed when the house was built, early 1950's. The piping used on the second floor kitchen apartment was galvanized piping which is consistent with the piping used during that time period.

I also installed a sub-floor and new vinyl flooring on the first floor kitchen apartment of this two-unit dwelling. The sub-floor that I replaced on the first floor kitchen apartment was, in my professional opinion, original to the house as well.
