CASE NO. 2016-0206-A

* * * * *

OPINION AND ORDER

This matter comes before the Office of Administrative Hearings (OAH) for Baltimore County as a Petition for Variance on behalf of Darsan, LLC, legal owner of the subject property ("Petitioner"). Petitioner is requesting Variance relief from the Baltimore County Zoning Regulations (B.C.Z.R.)§1B02.3.C.1 to permit a lot width of 50 ft. in lieu of the required 55 ft. for a new single-family dwelling. A site plan was marked as Petitioner's Exhibit 1.

David Billingsley appeared in support of the Petition. Mark Van Bavel, Esq. represented Petitioner. There were no protestants or interested citizens in attendance. The Petition was advertised and posted as required by the B.C.Z.R. Substantive Zoning Advisory Committee (ZAC) comments were received from the Department of Planning (DOP) and the Department of Environmental Protection and Sustainability (DEPS).

The subject property is 10,000 square feet and zoned DR 5.5. The property is improved with a large (approximately 5,500 sq. ft.) two-story building that was most recently used as an apartment complex. The building is in very poor condition, and the property has been the subject of several code enforcement citations. This property adjoins a vacant lot (7327 Waldman Ave.) that functioned as the parking lot for the tenants at the apartment. The vacant lot is also owned by Petitioner, and Case No. 2016-0207-A involving that property was combined for hearing with the

present matter. Petitioner proposes to raze the existing structure and in its place construct a modest two-story single-family dwelling.

A variance request involves a two-step process, summarized as follows:

- (1) It must be shown the property is unique in a manner which makes it unlike surrounding properties, and that uniqueness or peculiarity must necessitate variance relief; and
- (2) If variance relief is denied, Petitioner will experience a practical difficulty or hardship.

Cromwell v. Ward, 102 Md. App. 691 (1995).

Petitioner has met this test. The lot is narrow and deep (50' x 200') and was created by the Plat of Chesapeake Terrace, recorded in 1917. Petitioner's Ex. 6. As such it is unique. If the Regulations were strictly interpreted, Petitioner would experience a practical difficulty because it would not be able to construct the proposed single-family dwelling. Finally, I find that the variance can be granted in harmony with the spirit and intent of the B.C.Z.R., and in such manner as to grant relief without injury to the public health, safety, and general welfare. This is demonstrated by the lack of County and/or community opposition.

THEREFORE, IT IS ORDERED, this 10th day of **May, 2016**, by the Administrative Law Judge for Baltimore County, that the Petition for Variance seeking relief from the Baltimore County Zoning Regulations ("B.C.Z.R.") §1B02.3.C.1 to permit a lot width of 50 ft. in lieu of the required 55 ft. for a new single-family dwelling, be and is hereby GRANTED.

The relief granted herein shall be subject to the following:

1. Petitioner may apply for necessary permits and/or licenses upon receipt of this Order. However, Petitioner is hereby made aware that proceeding at this time is at its own risk until 30 days from the date hereof, during which time an appeal can be filed by any party. If for whatever reason this Order is reversed, Petitioner would be required to return the subject property to its original condition.

By sln

2. Prior to issuance of permits Petitioner must comply with the Critical Area Regulations.
3. Petitioner must comply with the ZAC comment submitted by the DOP, a copy of which is attached hereto.

Any appeal of this decision must be made within thirty (30) days of the date of this Order.

ADVERTISING REQUIREMENTS AND PROCEDURES FOR ZONING HEARINGS

The Baltimore County Zoning Regulations (BCZR) require that notice be given to the general public/neighboring property owners relative to property which is the subject of an upcoming zoning hearing. For those petitions which require a public hearing, this notice is accomplished by posting a sign on the property (responsibility of the legal owner/petitioner) and placement of a notice in a newspaper of general circulation in the County, both at least fifteen (15) days before the hearing.

Zoning Review will ensure that the legal requirements for advertising are satisfied. However, the legal owner/petitioner is responsible for the costs associated with these requirements. The newspaper will bill the person listed below for the advertising. This advertising is due upon receipt and should be remitted directly to the newspaper.

OPINIONS MAY NOT BE ISSUED UNTIL ALL ADVERTISING COSTS ARE PAID.

RE: Case Number: 2016-0206 A, Address: 7325 Waldman Avenue

To Whom It May Concern:

The above referenced petition was accepted for processing **ONLY** by the Bureau of Zoning Review, Department of Permits, Approvals, and Inspection (PAI) on March 8, 2016. This letter is not an approval, but only a **NOTIFICATION**.

The Zoning Advisory Committee (ZAC), which consists of representatives from several approval agencies, has reviewed the plans that were submitted with your petition. All comments submitted thus far from the members of the ZAC are attached. These comments are not intended to indicate the appropriateness of the zoning action requested, but to ensure that all parties (zoning commissioner, attorney, petitioner, etc.) are made aware of plans or problems with regard to the proposed improvements that may have a bearing on this case. All comments will be placed in the permanent case file.

If you need further information or have any questions, please do not hesitate to contact the commenting agency.

Very truly yours,

SUBJECT: DEPS Comment for Zoning Item # 2016-0206-A
Address 7325 Waldman Avenue
(Darsan, LLC Property)

Zoning Advisory Committee Meeting of March 21, 2016.

The subject property is located within the Chesapeake Bay Critical Area. According to BCZR Section 500.14, no decision shall be rendered on any petition for special exception, zoning variance, or zoning special hearing for a property within the Critical Area until the Department of Environmental Protection and Sustainability (EPS) has provided written recommendations describing how the proposed request would:

1. Minimize adverse impacts on water quality that result from pollutants that are discharged from structures or conveyances or that have run off from surrounding lands;

The subject property is located within a Limited Development Area (LDA), and is subject to Critical Area lot coverage requirements. Critical Area lot coverage differs from BCZR lot coverage and is defined in Natural Resources Article §8-1802(a)(17), as follows:

(17) (i) "Lot coverage" means that percentage of total lot or parcel that is:

- 1. Occupied by a structure, parking area, driveway, walkway, or roadway; or*
- 2. Covered with gravel, stone, shell impermeable decking, a paver, permeable pavement, or any manmade material*

(ii) "Lot coverage" includes the ground area covered or occupied by a stairway or impermeable deck.

(iii) "Lot coverage" does not include:

1. A fence or wall that is less than 1 foot in width that has not been constructed with a footer;
2. A walkway in the buffer or expanded buffer, including a stairway, that provides direct access to a community or private pier;
3. A wood mulch pathway; or
4. A deck with gaps to allow the water to pass freely.

This lot is located within a Limited Development Area (LDA) of the Chesapeake Bay Critical Area (CBCA). The petitioner is requesting a lot width of 50 feet in lieu of the required 55 feet for a new single-family dwelling. In order to minimize impacts on water quality, the applicant must comply with the LDA lot coverage requirement, which, for a property this size (10,000 square feet), is 31¼%, with mitigation for lot coverage between 25% and 31¼%. Lot coverage cannot exceed 31¼%. According to the plan submitted for this review, it is not clear whether the total lot coverage to be proposed is shown, and this will be evaluated upon review of a building permit application. Therefore, by allowing the items requested by the petitioner, impacts on water quality will be minimized.

2. Conserve fish, wildlife, and plant habitat; and

The use of this property must comply with all applicable LDA requirements, including the 15% afforestation requirement and CBCA lot coverage requirements. By meeting these requirements, the requested activities could be conducted in a manner that can conserve fish, wildlife and plant habitat.

3. Be consistent with established land use policies for development in the Chesapeake Bay Critical Area which accommodate growth and also address the fact that, even if pollution is controlled, the number, movement and activities of persons in that area can create adverse environmental impacts.

The proposed activities must comply with all LDA requirements and, therefore, will be consistent with established land use policies for development in the Chesapeake Bay Critical Area, which accommodate growth and also address the fact that, even if pollution is controlled, the number, movement, and activities of persons in that area can create adverse environmental impacts.
