Architectural aluminum feature constructed w/ rolled and straight aluminum extrusion, welded together to create proposed size and shape. Each level of the gable decorative accent will hang over 3" with clear lexan bottom and with Led modules inside of it to illuminate below the gable. Letters will not need to be illuminated because the light from above will accent them at night. Top section of accent piece will be removable so we can access inside of pylon to get wires into the sign cabinet. Power supplies for Leds in accent piece will be inside of the sign cabinet.
