* * * * *

OPINION AND ORDER

This matter comes before the Office of Administrative Hearings (“OAH”) for Baltimore County as a Petition for Variance filed by Forte Equity II, LLC, legal owner of the subject property (“Petitioner”). Petitioner is requesting variance relief from Section 1B02.3.C.1 of the Baltimore County Zoning Regulations (“BCZR”) to allow a front yard setback of 19' in lieu of the required 30', and to allow a rear yard setback of 25' in lieu of the required 30'. A site plan was marked as Petitioner’s Exhibit 1.

Craig Rogers appeared in support of the petition. Timothy M. Kotroco, Esq. represented Petitioner. Three members of the community attended the hearing to obtain additional information regarding the project. The Petition was advertised and posted as required by the BCZR. Substantive Zoning Advisory Committee (“ZAC”) comments were received from the Department of Planning (“DOP”) and the Bureau of Development Plans Review (“DPR”).

The site is approximately 0.2 acres in size and is zoned DR 3.5. Petitioner proposes to construct a single-family dwelling on the property, although zoning relief is required before it can do so.

A variance request involves a two-step process, summarized as follows:

- (1) It must be shown the property is unique in a manner which makes it unlike surrounding properties, and that uniqueness or peculiarity must necessitate

ORDER RECEIVED FOR FILING

Date 3/8/19

By Sen

- variance relief; and
- (2) If variance relief is denied, Petitioner will experience a practical difficulty or hardship.

Cromwell v. Ward, 102 Md. App. 691 (1995).

Mr. Rogers testified (via proffer) the property has irregular dimensions and grade changes across the site. As such the property is unique. If the Regulations were strictly interpreted, Petitioner would experience a practical difficulty because it would be unable to construct the proposed single-family dwelling. Finally, I find that the variance can be granted in harmony with the spirit and intent of the BCZR, and in such manner as to grant relief without injury to the public health, safety and general welfare. This is demonstrated by the absence of County and/or community opposition.

THEREFORE, IT IS ORDERED, this 8th day of **March, 2019**, by the Administrative Law Judge for Baltimore County, that the Petition for Variance seeking relief from Section 1B02.3.C.1 of the Baltimore County Zoning Regulations ("BCZR") to allow a front yard setback of 19' in lieu of the required 30', and to allow a rear yard setback of 25' in lieu of the required 30', be and is hereby GRANTED.

The relief granted herein shall be subject to the following:

1. Petitioner may apply for necessary permits and/or licenses upon receipt of this Order. However, Petitioner is hereby made aware that proceeding at this time is at its own risk until 30 days from the date hereof, during which time an appeal can be filed by any party. If for whatever reason this Order is reversed, Petitioner would be required to return the subject property to its original condition.
2. Petitioner or subsequent owner(s) of the property shall not be permitted to install a fence in the front yard of the proposed single-family dwelling shown on the site plan (Petitioner's Exhibit 1).
3. Petitioner must comply with the ZAC comment submitted by the DOP, a copy of which is attached hereto and incorporated herein.

Zoning Review will ensure that the legal requirements for advertising are satisfied. However, the legal owner/petitioner is responsible for the costs associated with these requirements. The newspaper will bill the person listed below for the advertising. This advertising is due upon receipt and should be remitted directly to the newspaper.

Zoning: DR 3.5
Requested Action: Variance

The Department of Planning has reviewed the petition for a variance to allow a front yard side setback (street building line) of 19' and a rear yard setback of 25' feet in lieu of the required 30 feet respectively.

A site visit was conducted on December 21, 2018. The site is within the "Impact Area" of the Hunt Valley/Timonium Master Plan (HV/T) adopted by the Baltimore County Council on October 19, 1998. The development is subject to the Comprehensive Manual of Development Policies (CMDP). The HV/T plan sets forth as an action item to "Insure that the future redevelopment of sites in the HV/T area does not create negative impacts on existing communities (pg. 29) and the arrangement and orientation of the proposed buildings and site improvements are patterned in a similar manner to those in the neighborhood." (pg. 66)

The Department has no objection to granting the petitioned zoning relief conditioned upon the following:

- Work with the Baltimore County Landscape Architect to create a planting plan that will result in a mixed deciduous/coniferous landscape screen along the Gibbons Boulevard frontage.
- Ensure the south or Gibbons Boulevard side façade of the proposed dwelling is finished in a similar style with like materials as the front façade.
- Investigate providing a path walk way along Gibbons Boulevard to enhance the safety of pedestrians.
